

Burns Fatal To Woman

(Continued from Page 1) home. According to reports, the fire originated from a stove at the rear of the one-story, one-room structure and spread throughout the small building with great rapidity. Mrs. Rudy and her nephew, apparently asleep when the fire started, were burned while fighting their way out of the smoke and flame-filled room.

The Alpha Fire Company which arrived on the scene shortly after the occupants had been taken to a neighbor's home, quelled the flames before the building was demolished, although little of value remains of the structure. Mary A. Rudy was a daughter of Leonard and Emma F. Kyler and was born at Julian on February 15, 1918, making her age at time of death 21 years, 1 month, and 28 days. On April 29, 1935, she was united in marriage with Robert W. Rudy, who survives with the parents and these brothers and sisters: Susan Kyler, at home; Mrs. Helen Javison, of East Palestine, Ohio; Mrs. Jean Zerby, of State College; Margaret Kyler, of Milledale, and Mrs. Lettie Stavercool, of Hyattsville, Md.

Skater Dies After Falling On Sidewalk

(Continued from page one) came gravely ill and Mrs. Glasgow was summoned from Coburn where she had gone to call on friends. Shortly after her arrival home the injured man passed away, death occurring at 7:30 o'clock. Dr. R. W. Heaton, of Phillipsburg, Centre county coroner, conducted an investigation, deemed an inquest unnecessary, and ruled that a clot on the brain had caused death. The deceased was a son of James and Sally Sitzer Glasgow and was born at Coburn on June 24, 1906, making his age at time of death 32 years, 9 months and 14 days. On December 29, 1930, he was united in marriage with Marion Rote, who survives with the parents in Millheim, and one son, John, at home. Also surviving are these brothers and sisters: Henry, Paul, Woodrow and Hubert, all at home in Millheim; Ruel, of Millheim; John, of Des Moines, Iowa; James, of New York; Mrs. Ruth Leander, of Kittanning, and Mrs. Ida Nickson and Stanley Glasgow, both of Ohio. Funeral services were held yes-

terday afternoon from the Evangelical church at Millheim, with the Rev. Harry A. Housel officiating. Interment was made in the Millheim cemetery.

Mr. Glasgow was a member of the Coburn Evangelical church and was well known in the southern part of the county.

BUSH HOLLOW

Another Easter has come and gone. Had a few more out to Sunday School on Sunday. It being Easter Sunday we thought there would be more out to Sunday School. We had 56 present so we didn't do so bad. Each of the classes presented their teacher with an Easter egg except the Infant Class which presented their teacher with a beautiful Easter lily. Try and get out to Sunday School next Sunday at 9:30 a. m. You are always welcome to come.

We were very sorry to hear on Sunday night of the serious illness of our pastor's wife, Mrs. Byrd. A telegram was received on Sunday by William Bloom stating she had a serious operation. Rev. and Mrs. Byrd have been on a visit to their home in W. Va. and were expected home last Friday but did not arrive until the week ending Sunday of her illness. We are all hoping and praying for her return to health and also her return to Coleville and Bush Hollow.

Well at last a well known lady from Bush Hollow got the nerve to announce her marriage which took place last August, when Lona Spotts and Edgar King of Bellefonte were married in Maryland. Although they were separated at the time the serenaders had to make candy and treat the newlyweds. So we think we all have a treat coming. Well say how we wish them the best of luck through the coming years.

Martin Spotts celebrated his birthday on Monday. Those who helped him celebrate at supper time and had ice cream later on were his brother Roy Spotts and family.

Cool Shortage Threatens

(Continued from page one) many industries and other users of coal in Centre county began to feel the effects of the mine shut-down, and soft coal, when available, is commanding top prices.

Soft coal is almost off the market to citizens of Bellefonte, a survey yesterday revealed. The Brewer coal yard revealed that aside from a small quantity of West Virginia soft coal, and hard coal, their bins are empty. The Thomas coal yard has no soft coal, and no idea when they will be able to secure any.

According to reports, truckers who are able to bring coal from the Snow Shoe or Phillipsburg areas are getting from \$3.50 to \$4 a ton, instead of the usual \$2.50 to \$3 a ton. Very little, if any, is filtering through the picket lines.

Some local industries face the future confidently, with considerable stocks of coal to draw from, while others are reported to be facing serious shortages within the next few days unless operators and miners patch up their differences and return to work.

A survey conducted yesterday by the Centre Democrat revealed the following conditions in industries: American Lime and Stone Company: Ample supplies on hand for indefinite period.

Whitlock Quarries: Present stock will supply needs for 2 or 3 weeks. Chemical Lime: Offices report good supply.

Titan Metal Manufacturing Company: Comfortable reserve supply, no immediate danger of shortage. Federal Match Company: Sufficient reserve for two weeks, or until the end of April.

Brockerhoff Hotel: Yesterday sent out an S. O. S. for coal for heating purposes. Engineering Company: Sufficient reserve supply all needs until next fall.

Bellefonte Central Railroad: Large reserve supply. No fear of shortage. Truckers hauling coal to penal institutions, hospitals and churches are not molested by Union pickets, but truckers hauling to such establishments must first secure permission from UMW officials before they begin moving coal from the mines. Pickets are preventing the movement of coal to any other buyers.

Library Group Elects Officers

(Continued from page one) rear of the Library building for club rooms, and that the County Historical Society is collecting many relics of the past for the historical museum. Mrs. Besch declared that the Library property, bequeathed to the town by the late Miss Elvira Humes, is soon to be in use in the manner provided under the Humes will.

George R. Meek gave a brief report on the Historical Society, and made the motion approving the actions of the executive committee. Samuel M. Shallock suggested that the Library make arrangements to be placed on the mailing lists of the State and National governments, to receive pamphlets and other literature published in Harrisburg and Washington. County Commissioner Balser Weber reported that the Commissioners received from 460 to 500 letters expressing the hope that a county appropriation of \$1500 a year for the library would be allowed. He added that not one person went on record against the appropriation. Because

the county appropriation is matched by one from the state, the Commissioners' recent action in approving the fund was seen as a great aid to the library project.

The interior of the library building is now being repapered and repainted; some rooms are being remodeled and all activities are centered on having the structure ready for use within the next few months. Mrs. Carl Iverson, of State College, who several weeks ago was named librarian, will be here in the near future to take charge of organizing the library. She will reside in the first floor apartment at the rear of the building which until last week housed the Arthur C. Dale law office.

Elections to the executive and finance committees, and to the board of directors, at Tuesday's meeting follow: Executive Committee: Mrs. John P. Lyon, Mrs. R. S. Brouse, Mrs. George B. Thompson, Mrs. Wallace J. Ward, Miss Elizabeth B. Meek, Arthur Hewitt and George I. Furnell.
