Planning Legion Convention Here

(Continued from Page 1)
come so impressive it will long be in the memory of their guests. Already the Legion has received splendid co-operation which has been extended by the Bellefonte Chamber of Commerce, Fire Department, fraternal orders and industrial organizations. To give some idea as to the mammoth size of the parade, it is estimated there will be over 60 Drum and Bugle corps and over 50 fire departments with apparatus. This combined with fraternal orders and industrial organizations cannot fail to outdo all former events. Hundreds of dollars in prizes are to be awarded both Legions and fire companies participating in the line of parade. Judges for the Legion and fire companies will be of national and state-wide reputation. June 14th being Flag Day, a very impressive ceremony will be presented and members of the Elks will assist with these exercises to commemorate this most patriotic occasion. To instill in our memory the importance of respect and reverence to our flag, patriotism to our country and to bring about the realization that we as a free people are far away from the isms of strife and destruction. While plans for this big event is still in its infancy and will take many weeks to fully complete and put in action, the Legion will make announcements from time to time so the public may be advised and more fully understand the activities put forth to make this convention and parade one worth coming many miles to witness. In preparation for the convention the Legion will stage their own Carnival to be held from June 8th to 15th, with free outdoor concessions, amusements, refreshments and high class entertainment. When a man can't find time to go fishing, he must be busy.
