"What? No horseradish?" This searing question may be heard over many a table in this area during the day every at dusk by Karl E. Kusse, secretary of the Bellefonte Chamber of Commerce. The battle which was waged in a tree near the Kusse home on East Linn Street. Kusse's attention was first attracted by the chattering of a robin in a tree on Lamb Street. As he watched, the robin swooped down to the tree in which the owl was perched; passed over the owl's head with seemingly only a fraction of an inch to spare, and ended the flight on a nearby tree. The robin then returned to the Lamb Street tree, again swooping over the owl's head and screaming constantly. After about an hour of this kind of treatment the owl's nerves gave out and he sailed majestically away, flying to an evergreen tree in the rear of the W. Harrison Walker home nearby. That evidently suited the robin for the war ceased at that point.

Members and guests of the Bellefonte Woman's Club heard an inspirational and educational address by Mary Sue Wigley, in the Court House Monday night. Miss Wigley, nationally known speaker, spoke most instructively upon management of the family budget, and after giving many helpful suggestions pointed out that it is the spirit in which the budget is made, not the quantity or quality of fittings and furnishings. A father and mother, peace and security, love and loyalty, are the qualities that make an enduring home—not the assets which can be purchased with money. Miss Wigley declared. Standards of living should not be measured by the amount of money available for commercial entertainment, but by the enduring memories the home produces. Miss Wigley stated.
