

THE RED & WHITE NEWS

Vol. V. PUBLISHED BY STUDENTS OF BELLEFONTE HIGH SCHOOL Number 5.

THE STAFF

EDITOR-IN-CHIEF—Emmy Lou Craig. ASSOCIATE EDITORS—Ruth Olsen, Jean Dunn. REPORTERS—Ann Kelley, Mary O'Hara, Eleanor Forsburg, Phyllis Jodon, Virginia Capers, Allen Hewitt, Charlotte Penrod, Emmet Witmer, Thomas Beaver, Mary Grace Hartsock, Gordon Vars, Earl Musser.

CURIOSITY.

By JAMES THOMPSON. Curiosity is one of the strangest things that abound on God's good earth. It has been responsible for the rise and downfall of men from the first primitive man down to our present day. Time and time again we hear of plague, sorrow, or death, brought on by this arch-destroyer of the human race.

keep from looking back upon the iniquities of Sodom. The girl has brown eyes and brown hair, and a clever personality. She is a neat dresser, has a catching laugh, is tall enough a freshman, and is sweet but not staid.

Lost: One general business text book. If found, please return to Betty J. Wian. Lost: Freshman English text book. If found, please return to Annabell Miller.

Lost: United States history book No. 102. If found, please return to Marion Minemyer at the Commercial Room.

Lost: A small collegiate compact black leather change purse containing some small change. If found, please return to Lois Confer.

At this time of the year many people are thinking of discarding old books and magazines, but these could serve a very useful purpose in the library. The library would appreciate the donation of any of the following magazines: Time, News Week, National Geographic, Harper's, Atlantic Monthly, Reader's Digest, Travel, Fortune, Scholastic, Good Housekeeping, McCall's, Nature, Ladies Home Journal.

Strangely enough all this is the silver lining in that dark cloud, a blessing disguised within a curse. Curiosity destroys men, but men would be nothing without it.

GALA EVENT TOMORROW NITE

The Junior Prom, the most gala dance of the year, will be held June 2, in the Spring Street Gym. The Junior class has been working and planning for several weeks on an original scheme of decoration, which will no doubt surpass those of other years.

SELF-APPOINTED JUDGES

Some of the boys in Mr. Ward's ninth period class elected themselves official judges, as to who should be Queen of the May. They took notes on the different girls as they passed and became so engrossed in their work that they forgot to come to class.

BOOK REVIEW

One of the newest books in the library is Marian-Martha. This book is distinctly a library story. It concerns the life of two girls who in high school have decided to take library work as their profession.

FACULTY ON PARADE

Mr. Beaver, who teaches civics and Latin, was born in Port Royal, Pennsylvania. He went to grammar school and graduated from high school with the second highest honors in his class.

DECLAM CONTESTANTS CHOOSE SELECTIONS

The Junior contestants have chosen their selections to be given at the Junior Declam on June 6. The participants have made varied and interesting choices. The boys have made the following selections for the feat:

LOST AND FOUND

Found: One girl's handkerchief with a two inch blue border and a small design embroidered in each corner. Small change tied in one corner.

Lost: A certain movie star, and lives in Milesburg. The girl has brown eyes and brown hair, and a clever personality. She is a neat dresser, has a catching laugh, is tall enough a freshman, and is sweet but not staid.

DUNN IN A HURRY

Teachers took part of an afternoon off last week to go through the American Linn and Stone plant and mine.

LIBRARY NEWS.

At this time of the year many people are thinking of discarding old books and magazines, but these could serve a very useful purpose in the library. The library would appreciate the donation of any of the following magazines: Time, News Week, National Geographic, Harper's, Atlantic Monthly, Reader's Digest, Travel, Fortune, Scholastic, Good Housekeeping, McCall's, Nature, Ladies Home Journal.

MOVIE REVIEW.

The story of Alexander Graham Bell, which is now showing at the Plaza Theatre realistically portrays the struggles, romance, and success of the famous American inventor of telephony.

FARM CALENDAR

Timely Reminders from the Pennsylvania State College School of Agriculture

Keep Cattle Well—Plain, unadulterated lard is the reason so many dairy herds suffer so little from distemper, claim extension dairymen at the Pennsylvania State College.

Spraying Reduces Scab—That apple scab can be kept in check by spraying was demonstrated this spring at Penn State's extension plant, pathologists. Unsprayed trees in an orchard showed 73 per cent infection compared with no infection on properly sprayed trees.

Cultivate Your Vegetables—Extension vegetable gardening specialists at Penn State maintain that vegetables require frequent cultivation. Cultivation destroys weeds and keeps the ground in better condition for the growth of the desired plants.

Destroy Mexican Bean Beetles—Spraying the undersides of bean leaves with commercially prepared or home-mixed sprays is advised by extension entomologists at Penn State. Rotenone has been found most effective though other poisons are also satisfactory.

Farm Expenses Shift—Penn State specialists report that farmers now pay city people approximately \$1,500,000 annually for power and power machinery. Before the World War, they sold power in the form of work animals worth several hundred million dollars annually.

Pastures Need Clipping—Pastures generally were retarded this spring by the extremely wet weather, report Penn State extension agronomists. Grasses and legumes grew slowly while weeds grew rapidly. They suggest clipping pastures about the first week of June to prevent production of weed seeds.

Sentenced to 'Sell Car.'—Michael Waytko, Jr., of Hazelton, hung a "for sale" sign on his automobile, but if he doesn't find a buyer he will give the car away. That was part of a sentence before whom he pleaded guilty driving his automobile while drunk.

Boy Scouts After 'Skeeters.'—Boy Scouts are working on Phillipsburg mosquito control program. The boys, in boots, sprinkle oil gathered by thorough workmen, over surrounding swamps and wet meadows. Seventy-five gallons were used the first night.

Philipburg Negro Kills Love Rival

(Continued from page one)

disclosed that he had learned Benjamin knew Patrick was in town when the former Altoona High school football player suggested that Patrick drive toward the Ivory home, where the four CCC workers were believed to have been invited.

When Benjamin saw Patrick, Mr. Wray said, he got out of the car and angry words followed, Patrick pushing his companion in the car to stop the dispute. However, Benjamin got out again and the fight started.

Mr. Wray also revealed that it was learned Benjamin had warned Patrick to stay out of the city, the warning coming Saturday a week ago.

Benjamin was a member of the Altoona High school football team for the past two seasons. He played at both the fullback and halfback positions. During the 1938 season he substituted at end several games.

Thomas James Benjamin was born in Altoona October 1, 1920, the son of Nathan and Elizabeth (Newman) Benjamin.

Members of the family include his parents, one sister and one brother, both at home. Mary Elizabeth and Nathan, Jr.

The youth was a member of the Bell A. M. E. church.

HOUSEHOLD SCRAPBOOK

Use Paraffin. By dipping almost any kind of bright wood berries in melted paraffin and then putting away in a cool place until needed, they may be preserved for decoration. If they are treated in this manner, they will retain their brightness and shape for months.

Rubber Sponge. Rubber sponge is excellent for cleaning porcelain in the bathroom. It retains the scouring powder and produces a splendid friction. It is easily rinsed out for the next using and does not retain odors, as it washes out nicely.

Prevent Mold. Cheese will never become moldy if the cut part is rubbed with butter and covered with waxed paper.

Care of Teeth. Try using salt occasionally on the tooth brush instead of the usual tooth paste. It invigorates the gums and if used with cold water, is an excellent mouth wash or gargle.

Summer Cretonnes. Summer cretonnes may be washed without fear in warm water in which soap and bran have been mixed. The amount of dirt which will come out without affecting the colors of the material will surprise you.

Delicious Muffins. To make delicious muffins, try the following sift dry ingredients into one bowl and place liquid ingredients in another. Pour the liquid ingredients into the dry, and then stir very lightly; just a turn or two will suffice. The dough will look rough, but it's the time to stop stirring.

Suede Gloves. To clean suede gloves, first put on the glove; then rub briskly all over it with a stale bread crust with about an inch of crumb to it, changing the bread when it becomes soiled. Pipeclay well rubbed in is the best method for cleaning white suede gloves.

Egg Plates. One should always use cold water in cleaning plates on which eggs have been served. A pinch of salt added to the water also helps. After the eggs have been removed, use hot water and soap.

Old Felt Hats. Old felt hats prove very handy for protecting tables from hot plates. Brush them thoroughly and then put into the laundry. Pictures may be pasted on them for decoration.

To Clean Corduroy. Use pure white soap and warm soapy water when washing corduroy. Plunge the goods up and down; do not wring; hang up inside out, dripping wet to dry. Do not iron, but use a brush when dry (only one way of the cloth) to smooth the nap.

CHURCHES

St. John's Episcopal, Bellefonte. The Rev. Samuel H. Sayre, rector. Services for Sunday, June 4th, Trinity Sunday: Holy Eucharist, 8 a. m.; Church school, 9:45 a. m. Morning prayer with music and sermon, 11 a. m. Holy Baptism, 4 p. m.

Presbyterian, Snow Shoe. Services, Sunday, June 4th. Bible School 10:00 a. m.; Morning Worship 11:00 a. m. Milesburg, 1939 School 9:30 a. m. Christian Endeavor 9:30 p. m. Unionville—Bible Study Class will meet on Monday evening, June 5th at the home of Mrs. Raymond Smoke. Howard E. Oakwood, Minister.

St. John's Lutheran, Bellefonte. The Rev. Clarence E. Arnold, pastor. Trinity Sunday, June 4, 9:30 a. m., Sunday school; 10:45 a. m., the service and sermon: "The Life of the First Christian Church Sermon"; 7:30 p. m., Vespers and sermon: "In the Name of the Lord of Hosts." The Women's Missionary Society will meet on Wednesday night at 7:30 o'clock.

Clearfield Man Killed. Louis Bonner, 42, a plumber and tinner, of Clearfield, met death by decapitation by a train. Clearfield coroner E. E. Erhard, decided after investigation of the death of the man, whose body was found on the B. & O. tracks with head and one arm severed.

Some men (act) their work incidentally.

Additional Deaths

MRS. EMMA K. HOMAN.

Funeral services were held last Wednesday afternoon at Altoona for Mrs. Emma K. Homan, a former Hubersburg resident, who died Sunday at the Altoona Hospital of injuries suffered when she fell down the stairs of her home. Interment was made in the Fairview cemetery.

Mrs. Homan was born at Eagleville 80 years ago and was a resident of Nittany Valley for many years. She was a member of the Evangelical Church. Survivors are a daughter, Mrs. Esie H. Weirick; two sisters, Mrs. Miles Treese of Royer and Mrs. Bertha Ficus of Pittsburgh, and two brothers, M. M. and Clell Kurns, both of Altoona. The late Mrs. Daniel Kerns was a sister.

JOHN M. WATSON.

John M. Watson, well known resident of Yarnell, and a native of Centre County, passed away at his home at 9:20 o'clock on Friday morning after a lingering illness with a complication of diseases. Mr. Watson was a son of Stanley and Mary Walker Watson and was born in this county on June 26, 1864, making his age at time of death 75 years and 11 months. He was united in marriage with Julia Thompson who survives with one daughter, Mrs. Bessie Rine, at home. Funeral services were held Monday morning at the home, with the Rev. W. Bruce Tobias, of Runville, officiating. Interment was made in the Advent cemetery. Mr. Watson, a laborer by occupation had not worked for the past three years because of ill health.

DR. HARRY ARCHIE.

Dr. Harry Archie, retired dentist of Plymouth, Pa., died Sunday morning at the home of his sister-in-law, Mrs. Olive Archie in Graysville, Pa. He was born at Graysville, January 6, 1865, to John and Catherine Archie. He was educated in the local schools, graduated from Indiana State Normal school after which he taught school for a brief period and then was graduated in dental surgery at Philadelphia College of dentistry. He pursued his career of dentist for 44 years in Plymouth, Pa., having retired from his profession last year. Dr. Archie was a member of the First Presbyterian church of Plymouth and was an active member of all the affiliated bodies of freemasonry, having served in an official capacity in several of the orders. He was married to Sarah Armstrong of Plymouth who died in 1919. His sister, Mrs. Mary Baker of Chester, Pa., is the sole surviving member of his family. Interment was made Wednesday at Graysville.

MRS. EMMA MAY KERNS.

Mrs. Emma May Kerns of Millbrook passed away at her home there at 11:15 o'clock last Thursday morning after a several years' illness with a complication of diseases. A daughter of George and Margaret Garner Williams she was born in Lemont on May 2, 1872, making her age at time of death 67 years and 23 days. On December 24, 1896 she was united in marriage with Harvey M. Kerns, who passed away in April 1922. Surviving are a son, Ralph, of State College, R. D.; a daughter, Mrs. Margaret Rishel, of Lemont; and two sisters and a brother, namely: Mrs. Mary Houser, and Mrs. Elizabeth Klinger, of State College, and William Williams, of Bellefonte. Mrs. Kerns was a member of the Lement Evangelical church. Funeral services were held on Saturday afternoon in the Houserville United Brethren church, with the Rev. J. W. Zang officiating. Interment was made in the Houserville cemetery.

MRS. ELIZABETH SMALL.

Mrs. Elizabeth Small, widow of Simon G. Small and a charter member of the Altoona Fifth Avenue Methodist church, died Saturday afternoon at the home of Mr. and Mrs. Harry Wicks in that city after several weeks' illness. Born at Oak Hill, Centre County, June 22, 1859, she was a daughter of Jacob and Sarah Breon. She had resided in Altoona most of her life. Members of the family include a sister-in-law, Mrs. Sadie Breon of California, two nephews, Chester Breon of California and Rev. Royer of Martinsburg. The last of her immediate family, she was preceded in death by a daughter, Mrs. Margaret Harshberger, in 1921. Mrs. Small was a member of the Fifth Avenue Methodist church, where she was president of the Ladies Aid for more than 50 years, a member of the Dorcas Sunday school class and of the Home and Foreign Missionary society. She was in honorary membership of the Queen Esther circle. Interment was made on Wednesday.

PASTURES GIVE MOST SWINE FEED PER ACRE

Good pastures provide enough feed to maintain body weight of growing hogs, claims County Agent R. C. Blaney. Experimental results show that considerably more feed is obtained per acre from pasture than any other crops.

Neglecting pastures is a mistake, particularly when their purpose is to produce feed for swine. Pastures provide a clean, sanitary environment so necessary for the production of strong, thrifty pigs from diseases and parasites. Healthy pigs utilize feed better and make more satisfactory gains. Confined pigs may be handicapped by parasites.

Where no clover or alfalfa is available as swine pasture, seed Dwarf Essex rape before the middle of July at the rate of approximately eight pounds per acre. In a normal season the pasture will be ready in about six weeks and will provide forage for about 90 days.

Because white hogs sometimes blister when pastured on rape, it is advisable to keep them out of the pasture in the morning until the dew is off the plants. They become immune in about two weeks and may be pastured regularly without danger of blistering.

Since pastures provide only enough feed for maintenance, or about one-third the amount a growing pig will consume, additional feed must be supplied in the form of grain to insure satisfactory gains.

Hunters To Decide If Doe Be Killed

(Continued from page one)

present law prevented hunting the animal after 5 p. m. "Anyone acquainted with groundhog shooting knows they don't come out until 4 or 5 p. m. and after 5 p. m. is your best hunting time," Haines said.

The vote on the bill was 122 to 22.

One accident will often end a worthy life; you might as well be careful.

Most any individual is a good citizen when dividends are being paid.
