Do motor car advertising claims make you groggy? Are you suffering from "adjectivitis"? Man, there's just one way to learn the TRUTH about the low-price cars for 1939 - and that's to get your information FIRST-HAND!

Stop in at one of our showrooms. Say to us: "I want you to PROVE to me that the Ford V-8 is the biggest motoring value in the low-price field! I want you to PROVE that beneath Ford's style leadership there's QUALITY LEADER. SHIP! I want you to SHOW me the extra equipment I get in a Ford, that I'd pay extra for in other low-price cars!

"I don't want CLAIMS-I want PROOF-FACTS-FIGURES! I don't want fancy adjectives and fast talk on performance - I want to drive the car MYSELF! Brother, I'm from MISSOURI!"

When you leave that showroom, you'll know a lot more about cars than you know now. You'll be able to "appraise" an automobile advertisement, same as we're able to appraise an automobile.

Mark it down in your little black book right now-"See my Ford dealer today." There's one of us located near you!
