THE WAR IN EUROPE

(Editor's Note-This article 18 written several days in advance of from the standpoint of time.)

War in Slow Motion

While Franch troops have withdrawn from most of the German share the spoils of the Balkans. territory that they occupied during the early weeks of the struggle, the Italy is somewhat disposed to lead tant to begin the activity that will attitude, the new agreement preresult in widespread death, carnage sents no barrier to some form of outfit. and destruction.

though it is possible that Germany will elect to test her defensive power against the French. It is more probable, however, that the Teutonic leaders will direct their activity against British shipping in the hope that combined aerial and submarine attacks will seriously threaten the continuance of British trade routes which are vitally necessary to the extence of that

Meanwhile, diplomatic activity every effort to win support. Germany, it appears, having won Russia, attempt to divide the Balkan area without giving Italy her share of the spoils.

The War Fools Us.

Before the war in Europe got underway, most Americans were

As a matter of fact, most theories disproved. It was generally assumed, for example, that Germany and Italy would immediately move to smash the defenses of Great Britain and France. This hasn't worked out and Italy has not even come into the struggle.
