TO THE MOTHERS OF BELLEFONTE
Let us as mothers forget what our party is, who our friends and enemies are, and go to the polls next Tuesday and vote for three directors who will work in the interests of our children.

have come home disgusted and discouraged, and in tears at times, declaring they never would go back to school again, and too many of them have quit to the bitter disappointment of the parents.

Next Tuesday we can go to the polls and vote for men who have been frank and honest enough to state the platform they're standing on in our town papers.

We have been fussing about for years and saying: "What can we do about it? when we have heard our children complain. Well, our chance will come next Tuesday to do something about it. If we vote for men who will run things in our interest. We're not fooled by the letters we have read in our papers recently. We can easily guess who really wrote them.

We need a decided change in our school conditions, and we're going to get it. You just see if I'm not a good guesser.

October 30, 1939.

Sirs: Much has been said about the new Centre County Home and its cost.

A certain taxpayer was considering installing a heating plant similar to the one in the new County Home. After learning that he would be compelled to hire a registered fireman to operate the heating plant and pay him from \$1.50 to \$2.00 per hour, for eight hours' service, or three firemen and one alternate per day, at a cost of \$32.50 per day of \$11,680 per year, he was disgusted.

This is just one of the numerous items in connection with the operation of the new County Home Judge for yourself the cost of that operation. Elect Mr. Weber again, and he would likely favor the erection of a new Centre County jail.

(Signed:) Bellefonte Taxpayer.

Ad Restores Vagabond to Former Home

(Continued from page one) and old associates. It left the Clarence house and wandered into Snow Shoe, where it lived a vagabond existence for some time before journeying on to Moshannon. The very wording of the advertisement last week indicated that the dog was definitely without a home there and had become a neighborhood character.

When Mrs. Hoffer spied the advertisement, she suspected that tragedy had entered the life of the former household pet. So on Sunday the Hoffers went to Moshannon, asked the first first person they saw about the dog and in a few moments there was a joyful reunion. The dog was gaunt from lack of food and from the fatigue of his homeless life.

Today "Skipper" is back in the Hoffer household. Although apartments aren't made for dogs, she'll have a good home there for the rest of her life, even if they have to build a penthouse addition for her.

Will You Help Me To Help Myself?
This is not an appeal for sympathy. It is an open letter to the voters of Centre County from one whose physical handicap has made it impossible for him to personally call on them to state his case.
I am a candidate for County Recorder, the office you honored me with in 1931 and which I think I filled faithfully and with entire satisfaction to all who had business in it for one term. I was defeated for re-election in 1935 by a majority of only six votes and am now seeking for the second term that was denied me then.
Forty-one years ago I was stricken with rheumatism that left me with ankylosis of the hips, unfitting me for many of the occupations open to those fortunate enough not to be so afflicted. I did serve as your County Recorder for four years and can do it again—better, perhaps because of that experience. So I am earnestly asking you to help me to help myself by voting to allow me to serve you four years more, when you go to the polls next Tuesday.
Hopefully yours,
D. A. (Sandy) McDowell
