**Six Plead Guilty Here**  
*(Continued from page one)*  
The driver was examined by a Bellefonte physician, who pronounced him unfit to drive a car.

Three Phillipsburg youths entered pleas of guilty to the theft of one bicycle each. They were: John Litz, Rudolph Showers, 18, and Walter Wynn, 20. The bicycles taken by the three were owned by Draucher Plank, Joe Rusnak and Robert Miller, and were stolen from the entrance of a Phillipsburg school, where they had been parked. All the cycles were recovered after an investigation.

Litz and Showers, both first offenders, were put under probation for a period of three years, while Wynn, who some time ago was involved in a breaking, entering and larceny charge at Phillipsburg, was sent to the State Industrial School at Huntingdon for an indeterminate term.

A Fort Matilda hotel keeper, who refused \$35 in settlement of a \$30 bad check given by a patron, apparently lost the entire amount of the check in Court Monday, when no provision was made for restitution.

The defendant in the case was James C. Shirk, former well known Bellefonte contractor. According to the testimony, when Shirk checked out of the hotel conducted by M. J. Redenberger, at Fort Matilda, May 30, 1938, he had the hotel man cash a check for \$30. The check came back marked "insufficient funds."

Mr. Redenberger said. The hotel man sent a registered letter to Mr. Shirk, but the latter came back unbelieved. He sent a second letter, but said he didn't know whether or not Mr. Shirk received it. Then he swore out a warrant for Shirk's arrest.

After learning of the warrant, Mr. Shirk sent two men to the hotel to offer Mr. Redenberger \$35—\$5.00 more than the bad check—to settle the matter. Mr. Redenberger did not accept the offer, saying the matter was in the hands of a justice of the peace. Meanwhile Mr. Shirk spent nearly a month in the county jail. In Court Monday, Mr. Shirk said that while he had ample securities in the bank to cover the check, his checking account balance had fallen to a lowebb.

Judge Walker sentenced Shirk to spend 30 days in jail, with the time already served to be deducted from the total. Nothing was said in the sentence about repayment of the check.

H. E. Gunsallus, of State College, R. D. 1, entered a plea of guilty to two charges of issuing worthless checks, and was sentenced to make restitution of the \$50 he obtained; undergo probation for one year, and serve 30 days in the county jail.

Gunsallus claimed he issued the two checks, one for \$60 and one for \$10, to men who were to hold them as security until he had obtained funds to "buy" them back. He said he issued a third worthless check in payment for license tags for his truck, and that he served several

**Months in the Dauphin county jail on that count. Gunsallus said that he did not issue any of the checks with intent to defraud, but that he hoped to be able to make them good through his earnings with his truck.**

A paternity case was called for settlement, but when it developed that the child was born in Clinton county, the prosecutor was instructed to take the matter before the Clinton county courts.

**Aged Farmer Shoots Self**

Dr. Heaton stated a shock attributed greatly to Mr. Furst's death.

Surviving are the following children: Clarence E., Eason; Carl M., State College; Mrs. T. C. Hartsock, Russell C., of Denver, Colorado. Also surviving are six grandchildren.

Mr. Furst was a member of Gray's Methodist church and earlier in life took an active part in the various departments of church work. He was widely known and held in high esteem throughout the county.

Private funeral services were held at the Koch Funeral Home, State College, Sunday afternoon, with the Rev. Wallace J. Cummings and Rev. Harry F. Babcock officiating. Interment was made in Gray's cemetery.

**Wagoner Chosen As Railroad President**

**UPS AND DOWNS OF THE GASOLINE TAX**  
If the 181 elevators at Rockefeller Center were automobiles, they would pay \$3,000 a year in gasoline taxes on their travel, according to the American Petroleum Institute in New York.

Last year the elevators in the Center traveled a total of 825,000 miles. If that mileage was made horizontally in motor vehicles, at 15 miles to the gallon, approximately 60,000 gallons of gasoline would have been required to propel the vehicles. Federal and state gasoline taxes average five cents a gallon for the United States as a whole, making the tax on 60,000 miles of travel reach \$325,000 a year.

Modern society has about reached the point where the jokes that are told in public are as bad as those heard in private.

The harvest season is welcomed by newspaper business offices if, and when, the cash crop is brought in.

If somebody doesn't launch a mature offensive soon the war experts will begin to write about croquet. Losing money in a business venture is not altogether a loss if you learn something by the experiment.
