Once again we're on the press. Since it's too late to wish each of our readers a Happy New Year and hope you don't get all the ugly Valentines as we expect a lot ourselves.

King Winter has been ruling these parts with an iron hand for the length of the past month. Oldsters say its not been so cold for 60 years. The young bloods revel in winter sports amid tingling digits and frosty air. We all know it can't last forever so why complain?

The entire body of Clarence school pupils en masse attended the showing of Five Little Peppers at the local theatre on the P. M. of the 18th. Credit for the unprecedented event goes jointly to the Board of Education, manager of the theatre and president of P.T.A. Of the more than 350 observers at the event all declared it a swell mid-term jubilee and hope that they may see more of the same type picture for juveniles in the future. Maybe a board of censors or a local theatre guild could procure more of the better favorite standard movies at a lower price and all will be known at a profit.

Show your appreciation of the efforts of these good people by patronizing your new library at Scotchtown school, open Wednesday and Saturday.

YOU ARE WRITING YOUR OWN STORY.

No matter what else you are doing, From cradle days through to the end, You're writing your life's secret story—

Each night sees another page penned, Each month ends a thirty-page chapter, Each year means the end of a part, And never an act is misstated, Nor ever one wish of the heart, Each day when you wake, the book opens, Revealing a page clean and white, What thoughts and what words and what doings Will cover its surface by night.

God leaves that to you—you're the writer, And never one word shall grow dim, Till someday you write the word "Finitis." And give back your life book to Him. —Wallace Dunbar Vincent
