Last week Dr. McFarlane of Philadelphia arrived in town to attend Hon. John Orvis who has been affiicted for some time with a very troublesome bealing on his left limb below the knee. An operation was performed in which they opened the limb and laid back the covering of the shin bone which was diseased, and had to be scraped and must be kept open until it heals properly. It was a very painful operation but we hope it will give Mr. Orvis relief in the future.
