CENTRE HALL AND VICINITY

It is with deep regret that the people of this community accept the passing of The Reporter and the empty place left by Edward E.

Mr. Baily came to this town as a boy of twelve and started to set type immediately. He was graduated from high school and in 1913 went to Indiana to work in a printing house but was called back shortly to take a half-interest in the

For the past twenty-six years he has been a partner in the business. He estimates that in that time he was in charge of seventy-five percent of the business and that he has composed fifty million ems of linotype matter in addition to all the other printing to be done and the writing that he had to do.

Mr. Baily never had time to be very active in public affairs because his work always came first. However, he was a school director for itself quite a lengthy record as a public servant.

The next several months, Mr. Baily will spend undergoing hospitthe printing business.

ALUMNI DEFEATS H. S. 32 TO 31 IN FAST GAME

The Alumni vs. High School basketball game last Thursday brought out the old stars who despite the infirmities of age triumphed over the high school boys in an exciting game which ended 32 to 31.

Frank, of the high school team, and Bradford, of the Alumni, were tallied 10 points. Smith, of the Alumni, and Ralston, of the high school, were next with 8 each. The high school girls gave the Alumni girls a sound trouncing to

the tune of 35 to 3. It seems that the outcome of the boy's game was not satisfactory so two more games have been planned. They will be played on Tuesday and Friday of this week.

Games for the Jayvees have been about eighteen years, which is in planned to take the place of the girls game.
