HOW TO IMPROVE YOUR LOOKS In a recent article you were told to drink plenty of water, Adam's ale is the best drink yet invented. You wouldn't suspect it nowadays since cocktails have become so poplar in fashionable society. In ancient times distilled liquors such as whiskey and brandy were unknown. Noah seemes to have discovered how to convert grape juice into wine, to his shame and undoing. There is an inscription upon a very

Egyptian tomb as follows: "His earthly tenement was shattered by beer and wine. And his texture, spirit departed before it was called for." Even Solomon, the wisest of men wrote 1,000 B.
