It is high time for our nation, these United States, to do unceasing organized praying if we as a people expect to keep from the scorching and tortures of this horrible European War. Please readers, take this to heart. For no nation is any stronger than when it is right with God. Let's all remember we're only stewards in God's sight, and when a nation rejects God it is fast on the road to destruction. Not guns first, but God, yes, we believe in being fully prepared to meet the enemy on our own grounds in the name of God like David of old. Why in the name of good common sense can't our country stop playing baseball on Sunday which is positively against God's Holy Word, Yes, if your right with God you won't fish on Sunday either, neither will you foster so-called strikes. So let's clean up thoroughly.
