You would not get money from the bank if the banker would not have confidence you would pay the money back. You farmers have confidence in the corn you plant that it will come up and the rain will come and the sun shine and it will grow and produce big, yellow ears of corn. I have confidence when you read this you will come into HAINES, the Shoe Wizard Store and see the wonderful shoes we are selling for 98c \$1.98 and \$2.98. Why does one have confidence in another, because they believe they are honest and do what they say. Now the manufacturers who make our shoes tell me "Haines you put 5c. 10c and 20c more in your shoes than the other people I sell." Now I have confidence in him that he will put in this extra quality, ir the inner soles and uppers, and I am asking you to have the sam confidence in us and know you are getting just that much more
