to the People of Pennsylvania

MILLED, 26 . . . injured, 823. That was the score of motorcar accidents in Pennsylvania over the Fourth of July last year.

Death collects its highway toll every day, but over holidays such as we now are approaching, it reaps a prize harvest.

Why must people pay this pitiful price in their pursuit of ordinary pleasure? What is responsible for this merciless mowing-down of men, women and children? Just one

HELP REDUCE ACCIDENTS Follow these "Safe-Driving tips" 1-Start early, allow plenty of driving

time for traffic will be heavy. 2-Don't speed, fifty is plenty on open roads.

3-Stay in line, never pass unless you see clear road. 4-Don't slam on brakes: Start to stop in plenty of time. Use gentle on and off motion.

5-Don't risk headlight glare. Dim lights when approaching cars. 6-Obey traffic rules, Look for road signs, traffic signals, etc.

7-Be courtoous. Let the other fellow

have his share of the road.

Carelessness!

Remember, no automobile of its own account kills, inflicts injuries or causes accidents. THE MAN BEHIND THE WHEEL IS PERSONALLY RESPONSIBLE FOR EVERYTHING THE CAR DOES.

But need we accept carelessness . . . life-long injuries, lost dear ones, broken homes as the price of motoring pleasure? The answer is emphatically NO! Yet unless we individually DO something about it, the slaughter will go on.

What can YOU do? Right nowtoday-you have perhaps the best opportunity of the year to help reduce highway fatalities. Before you budge your car on the holiday trip have it "checked for safety".

11. CHECK YOUR BRAKES

... CHECK YOUR STEERING MECHANISM ... CHECK YOUR HEADLIGHT FOCUS

... CHECK YOUR TIRE PRESSURE

... CHECK YOUR WHEEL ALIGNMENT 1. CHECK YOUR BATTERY

1. . CHECK YOUR COOLING SYSTEM
