NATURE'S¹ SCALES ARE CCURATE

cestors. Their lives were geared down to a speed approved by nature, and their living habits necessarily simple. But, in those days, scourges of typhoid, malaria, cholera, smallpox, diphtheria and other unconquered diseases cut down the life span.

In these modern days, the great majority of people seem to think that public health efficiency automatically takes care of their own physical welfare. They disregard all of Nature's laws and live on a low health scale, simply because they refuse to be guided by common sense.

AIR IS FREE, yet how many breathe enough fresh air to keep plenty of oxygen going into the blood?

WATER IS CHEAP, but every physician will tell you the vast majority of people do not drink enough water.

EXERCISE IS FREE, but laziness, or a supposed lack of time, keeps most of our tissues inactive, and makes us old before

REST IS POSSIBLE to practically all if they manage their affairs properly.

SLEEP is the most abused natural restorative of modern living. You can not "make up" sleep. Nature requires so many hours sleep in each twenty-four.
