

Ungrateful

Speaking of ingratitude, an Altoona pastor treated an out-oftown transient to a handout Sunday Later the preacher was facing his congregation from the pulpit when in walked the man who, without any preliminaries, cursed the clergyman loudly while the audience stared. Fleeing, the bum was picked up shortly afterwards. He gave his name and address as Meyer Davis, 35, of Brooklyn. Police jailed him on a disorderly charge.

Woman Driver

A woman telephoned Dr. Austin Howard of Detroit's receiving hospital and asked what to do about a key she had just swallowed. Doctor Howard suggested she come to the hospital for treatment. The woman explained she couldn't do that because it was the key to the car she had swallowed. He prescribed home treatment.

Accomodating

Blair county has arrested the most accomodating prisoner. When the prisoner was being taken to the county jail at Hollidaysburg, the car stopped and would not start. While the police officer sat at the wheel and steered, the prisoner hopped out, pushed the police car until it started, hopped back in and was driven off to jail.

Cold Comfort

Mrs. Blanche Fredette, 38, of Sioux City, Ia., is learning the good and bad things about ice. A 50pound piece of ice slipped out of her hands and injured one of her feet. Ironically enough, a doctor told her to keep the injured foot surrounded by-Yes ice-to help the bruise heal.

Water Dog Killed

An 18-inch water dog, greatly resembling a lizard was killed by two boys near the Reading Railroad bridge, at Sunbury. The first seen there for several years, it gave a hard battle before succumbing. The water dogs are said to be quite poisonous

Stork Trapped

The stork got caught in an elevator at Boise, Idaho, so Thomas Truman Dodds was born in the lift. "A jammed door trapped Mr and Mrs. Truman Dodds and a nurse in the elevator in a Bois Hospital and locked out the obstetrician.

BINDERY:

The binding department at the Centre County Library is conducted by two employes of the WPA who take a real interest in their work. The two men are Blair Young and Ralph Myers, both of Bellefonte, who have bound more than 700 volumes since they first began work last September. Not satisfied with ordinary "tie binding" in which the binding thread is run through the entire volume, making it impossible forever after to get the volume to lie flat, the two men organized a binding class, and with the aid of Lynn Krape, who has studied signature binding, they have learned that method. The finished product cannot be told from a professional job and library officials declare they'd be "lost" witho
