GYPSUM CO. MAY BECOME 'PARENT'

Seek \$350,000 RFC Loan: her. Creditors, Stockholders to be Considered

Hearing on a plan for the reor-Company, Bellefonte, is to be held before the United States District Court at Scranton on Thursday, August 8, it was revealed here yesterday by Clarence P. Wynne, of Scranton, trustee of the company and author of the plan for establishing the local industry on a per-

manent financial basis. Wynne's plan calls for an addithe purchase of additional equipment. Under the provisions of his suggestion, the National Gypsum Co., of Buffalo, N. Y., would take over the entire management of the Chemical Lime Company. Four per cent interest would be paid on all the R. F. C. loans, which would total about one million dollars if the proposed new loan of \$350,000 is granted, while \$50,000 would be paid annually on the principal for a per-10d of 17 years to liquidate the entire debt

The trustee's plan further provides that the creditors other than the R. F. C. and stockholders of the Chemical Lime Company, would receive (Continued on page six)
