Polar Penguins With Exhibit Here

The two strange bird-like creatures pictured above are known as Polar Penguins, there being only a few of them in the United States at the present time.

These penguins are one of the many features of the Trainway Exposition which will exhibit in Bellefonte, Monday, August 26. The mammoth train will be located on the tracks by the Pennsylvania depot and will be open from 2 until 10 p. m., Monday only

HOUSEHOLD HINTS

easier by the following method: using. Take a piece of 2-inch board large enough to set a pail upon. Bore of unnecessary lifting.

Onion Juice.

Onion juice blends and flavors food better than chopped onions The fuice can be obtained by pressing a spoon against the cut side of an onion, or pressing the onion juice to drop through.

Smelling Salts

Smelling salts can be made by nish. breaking one ounce of rock volatile into small pieces, then covering it

Stokers Aid In Keeping House Clean

FARM CALENDAR

Timely Reminders from The Penn sylvania State College School

of Agriculture Poultrymen on Tour-Members of the Pennsylvania Poultry Association were to enjoy a two-day automobile tour in Delaware and Maryland this week, visiting outstanding breeding establishments tional peanut and candy scramble hatcheries, roaster and broiler producers, processing plants, and turkey farms. Poultry specialists of the Pennsylvania State College accompanied the tour.

Imported Bulbs Scarce-Flower growers who usually depend on imported bulbs for their planting are worried about their supply. Probably no tulip buibs will come from Holland this year. Flower specialists of the Pennsylvania State College say, however, that Great Britain is planning to export bulbs to

ain is planning to export bulbs to the American market.

Strip Cropping Saves—Growing crops in strips on the contour not only saves soil, according to agronomists of the Pennsylvania State College, but also is easier on farm machinery. Since the farm implements operate on the coutour levels instead of up and down hill, excessive strains are avoided and the machines last longer.

BIDS WANTED.

Sealed bids will be received until 20 o'clock noon. E. S. T., August 23, 1940, by the Secretary of the Benner Township School District, for approximately 50 tons of screened bituminous lump coal. The price shall include delivery to the various schools as designated by the board during the year, and shall include shoveling back into the bins as necessary. The name of mine, analysis, and the grade of coal shall be given. The School District reserves the right to reject any or all bids. trude Ann and Beverly, Mr. and

Save Wheat from Insects-Hessian fly is always a source of danger to the wheat crop. Entomolo-

mixture are recommendations of Penn State agronomists.

Many of those gnawing, nagging, painful backaches people blame on colds or atrains are often caused by tired kidneys—and may be relieved when treated in the right way.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints and are recommended.

blood. They belp most people pass about 3 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
