WALKER TWP. HIGH SCHOOL FORMS STUDENT COUNCIL

Tuesday morning, September 17, at the regular assembly hour the students of Walker Township High School elected what is believed to be the first student council in the school's long history.

At the assembly meeting of students and faculty, the principal, Mr. Lewis Q. Fawcett discussed the purposes and duties of such an organization, pointing out that if the effort was made, much good could be done for the school. The immediate purpose of the group, it was stated, was to assist the school faculty to carry out the plans for the School-Community Day, October 4. But the development of better school spirit, promotion of worthwhile school projects, and training in citizenship and leadership were also mentioned as future goals for the council and the school.

After the early formalities were completed a very interesting election took place with the following members elected: John Hoy, president; Oscar Dunkle, vice president; Maxine Showers, secretary-treasurer; Dorothy Auman, Earl Gates, and Esther Ingram.

The first meeting of the new group was held in the home economics room Thursday, September 19 to plan the meals for the School-Community Day. Several committees were formed to find ways and means of obtaining desirable foods for the school stand. These committees will report at the next meeting of the council.

Birthday Fund Reaches New High

Report Shows Infantile Paralysis Campaign Huge Success

Again exceeding all previous records, the 1940 "Fight Infantile Paralysis" campaign raised a net total of \$1,407,245.74, President Roosevelt was informed yesterday.

This sum provides much-needed ammunition to carry on the nation's fight against the maiming invader on all fronts and the battle, despite epidemics, now raging in several states, is progressing satisfactorily.

Keith Morgan, National Chairman of the Committee for the Celebration of the President's Birthday which raised the money, made the report at the White House to the President and to Basil O'Connor, President of the National Foundation for Infantile Paralysis.

Others in the group were: Colonel D. Walker Wear, of New York, assistant national chairman; George E. Allen, of Washington, chairman of the "March of Dimes" birthday card division; Eddie Cantor, chairman of the "March of Dimes" of the air; Edwin R. Stettinius, Jr., of New York, trustee of the National Foundation.

The President received from Chairman Morgan a beautifully bound certificate summing up the results of the 1940 campaign. Of the total net proceeds of \$1,407,245.74 raised on the occasion of the President's fifty-eighth birthday, \$768,780.29 remained in the communities and chapters of the National Foundation for Infantile Paralysis throughout the country. This sum

Still Time For Tenant Laws

Opportunity Open to All Farm Tenants or Farm Laborers

There is still time for farm tenants and laborers to apply for loans to purchase family-type farms under the Farm Security Administration's tenant purchase program. It was explained here yesterday by Oakley S. Havens, the Farm Security Administration supervisor in Centre county.

Tenant purchase loans are made for 40 years at three per cent interest. Any farm tenant or farm laborer is eligible to apply. Loans will be approved, to the extent of available funds, to applicants who have the character, ability and experience deemed necessary for successful farm ownership. Selection is made by the County Tenant Purchase Committee, composed of three public-spirited farmers who know farm people and farm land.

Members of this committee are G. B. Fry, of Penna Furnace; George Mothersbaugh, of Boalsburg; and G. E. Ardery, of Port Matilda. R. D. The County Agent is an ex-officio member, and the Farm Security Administration Supervisor serves as Executive Secretary.

Mr. Havens stated that loans would be made only for the purchase of family-type farms, which the County Committee approves as economically sound units, and productive enough, when properly operated, to provide a living for the applicant and his family.

"Under the tenant purchase program, the farm has a dual job," Mr.

Relief Shows Slight Increase

Direct relief payments to needy Centre Countians during the week ending Tuesday show an increase of \$45 and seven checks over those of the previous week, according to State Treasurer F. Clair Ross.

Payments for the week totaled \$2,593 which was \$3,287 lower than those for the comparable week of last year. Current payments required 345 fewer checks than those of a year ago.

Her husband, D. Fletcher Chronister, was not hurt. Fred Ingram, Tyrone, operator of the other car, also escaped injuries.

"To help meet this need, we assist each borrower to lay out sound management plans. Of particular importance are the keeping of accurate accounts, and the raising of as much as possible of the family's food, and feed for the livestock on the farm."

It was pointed out by the Supervisor that the borrower does not have to take the full 40 years for repayment. He may pay off his loan in full any time after the first five years.

"The 40-year clause serves mainly to keep annual installments down to a low figure," he explained. "Thus, the borrower is protected from too great a burden during the first few years before he has had time to accumulate reserves."

To be considered for loans under this year's program, interested farmers should file their applications immediately. Applications should be addressed to Oakley S. Havens, Supervisor, Farm Security Administration, Post Office Building, Tyrone, Pa.

OSCEOLA RESIDENT HURT IN WRECK

A 71-year-old Osceola Mills, R. D. resident received minor injuries in an accident one-half mile south of Osceola Mills, Saturday night when the car operated by her 64-year-old husband struck the rear end of a car traveling in the same direction.

The woman, Mrs. Mary Jane Chronister, received head injuries when her head struck the windshield of the Chronister car. She was treated for her injuries by Dr. C. H. Ambrose, Osceola Mills physician.

LETTERS to the Editor

Dear Sir:

As a means of introduction let it suffice that anything appearing in this column is for the good of all. The gentlemanly outdoorsmen, whether they be fishermen, hunters, trappers, hikers or just nature lovers, will find, we hope, at some time many things of interest and value.

It is time that the sportsmen of Centre county rally around their Federation. A brief resume is in order.

The Centre County Federation of Sportsmen Clubs is ably led by the following officers: president, Charles Stoddart, Jr., State College; 1st vice president, Gerald Seeger, Port Matilda; 2nd vice president, Hassel Lose, Bellefonte; secretary-treasurer, Ralston Derr, Pleasant Gap.

This group of men have worked diligently on a fine program for the year 1941. It will be presented and acted upon at our Federation meeting and when accepted will add considerable to the value of the organization to all sportsmen in the county.

Last winter the farmers of Spring Creek were going to close their lands and thus prevent fishing in many favorite spots. They were justified in doing so, but due to the prompt action by your Federation a happy medium was reached and your fishing grounds were not reduced.

I think we should again thank these farmers for the fine American spirit which they displayed.

Your Federation released 200 ring neck pheasants last year and have better than a hundred for this year.

Your Federation distributed 1400 bushels of corn and 7 balls of timothy for our animals and birds.

As for you, sportsman, the local club in your vicinity will welcome you. If they are as yet not a member, prevail on them to join.

Now, as never before, is the axiom, "In union there is strength," more applicable. Join now.

A ROOTER.

Betrothal Party in Wreck

Returning with his fiancée from the party at which their engagement had been announced, Harmon Brobet, Bloomsburg, R. D. 1, dozed at the wheel of his car and awoke to find himself with his bride-to-be headed into church and owing the minister \$500, which, however, did not represent a wedding fee. Seriously, Brobet and his companion, Miss Geraldine Farrell, daughter of Mrs. Catherine Farrell, Darville, were fortunate to escape serious injury as their car damaged a parked coupe to the extent of \$200 and continued over the sidewalk to damage the church doors to the extent of \$300.
