of Veteran Railroader at

year-old child, given upon prema- was reported by police as having ture birth to an elderly couple et Gallitzin for care, resulted in the death Sunday morning of 74-yearold Philips Titler, retired P. R. R. track foreman who succumbed to 8 heart ailment, police said, after allegedly being choked by the child's miner at Lilly.

A Visitor In Seven Thousand Homes Each Week.

From what could be learned of the history of the case, it is said that Rainey and his wife gave their child, who was not expected to survive its birth, to the elderly couple to nurse it back to health

Under the care of Mr. and Mrs Titler, it was said, the child rallied and eventually became healthy and strong. It was reported that they were given custody of the baby for an undisclosed number of years.

Police said they learned that Mrs. Rainey jumped over the fence of the Titler home Saturday morning and gathered up her son in her arms, but Mrs. Titler, who immediately arrived on the scene and after a struggle on the street in front of the Titler home, regained

MAGIC TOUCH:

The magic touch we have previ-ously ascribed to Larry Woodin secretary of the Wellsboro Chamber of Commerce, seems to be holding out in great shape. Larry apparently has convinced the boys with the Department of Commerce in Harrisburg that there fust isn't anything in Pennsylvania like the "Grand Canyon" near Wellsboro for in large advertisements appearing in magazines and newspapers the Department of Commerce devotes most of the space to a photo of the Canyon. All of us are paymaybe we're getting tired of hearing about Larry Woodin's brainchild. For the Department's benelined with bystanders who, so far fit we repeat that all his Canyon does is sit there. Here in Centre County we have fish hatcheries and nurseries galore, and in Bellefonte our famous trout will furnish plenty of thrilling action as long as someone gives them a scrap of

MONUMENT:

A Bellefonte man last week suggested that the Civil War monument in front of the Court House acts as an undesirable screen to the County's Court House. He said that the monument might be moved to the lawn at the rear of the Court House and enlarged to include the veterans of all wars. In front of the Court House, he said, statues of Governor Hastings and Governor Beaver should have a place near the present statue of Governor Curtin, All this is food for thought, but would entail considerable expense and might not meet with public ap-

BOUQUET:

This corner feels that Dr. Theodore G. Anderson, bacteriologist at Penn State, and Dr. Pauline Berry Mack and Dr. J. Fred Oesterling of the textile chemistry department at ler, brothers of Howard, Centre that institution, are entitled to a vote of thanks from Centre County, The three persons, all witnesses at the trial of Richard Millinder, were instrumental in weaving the net of circumstantial evidence which sent Millinder to prison for life, and none of them is going to charge the county one cent for their highly specialized services. They will be paid for the material they used in making tests of bloodstains found on the rock, and of scrapings taken from Pays Gates' fingernails and from Millinder's clothing, and will receive \$5. a day as witnesses in Court, but aside from that the hundreds of dollars they could legally charge for their professional services have been waived in the interests of justice.

Court House officials have esti-

Millinder will cost the county apeximately \$2,500, which includes Trying to hop a freight train at about \$400 for the 100 jurous called for the first day; about \$600 for seven days' services of 14 jurors, their mileage, and hotel bills; \$250 for Defense Attorney Lewis Orvis Harvey; \$205 to Dr. Milton Eddy biology instructor at Dickinson College, Carlisle, for his tests of hair found on the death weapon; about \$100 for the Sheriff's office for attendance of the Sheriff and Deputy in cour; and for transportation of the defendant; about \$35 for Millinder's board at the county jail from June 14 until he was taken to prison last week; about \$200 for Commonwealth witness fees, and about \$100 for the Coroner's inquest and post mortem examination by two Bellefonte physicians. Not itemized are the Prothonotary's costs, costs of materials used by expert witnesses in conducting tests of evidence, and various other miscellaneous charges some of which have not been computed at this time. It is believed however, that the total cost will not exceed \$2,500, which seems to be a nominal amount considering the vast costs piled up in comparable

cases elsewhere PRISON COSTS:

For every day Richard Millinder spends in the Western penitentiary at Pittsburgh, the county will be required to pay about 65 cents for his maintenance there. If should live to be 70 years of age and remains in prison all that time the total cost to the county would be about \$11,400.

You can't stop Roosevelt. Personally we can't look at the man without geiting a little star-dust in our eyes, but despite that we readily admit that he's made mistakes. The eight years of his administration have served to convince us that whatever he does is done with absolute sincerity and with the best interests of the people An apple tree on the farm of as a whole at heart.
