For The Dog One can save the money usually spent on dog biscuits, as well as make use of all left over bread. Slice the bread and put it into the broiling oven. Allow it to get brown on one side, and then turn over and brown until quite hard. This makes a good dog biscuit; it affords splendid roughage and is a good tooth cleaner.

Recoloring Fiber Rug For recoloring a fiber rug, one may use dye such as is used on cotton material. Dissolve it in boiling water and apply on the rug by means of a brush.
