

Echoes From the Past

Fifty Years Ago

Married at the Reformed parsonage in Bellefonte, on Wednesday evening, October 22nd by Rev. M. O. Noon, Mr. Charles Papp and Miss Sarah Willard, both of Sunbury.

On last Friday Miss Annie Garrity died at her parents' home in Worcester, Mass., after a lingering illness with consumption. The remains were brought to Bellefonte, the family's former home, for interment.

Diphtheria has afflicted the home of John T. McCormick State College. A short time ago a child died from this disease and on Thursday of this week a second one was buried. Two more members of the family are down with the same disease. The bereaved home has our sympathy in this sad affliction.

One day while Mr. Martin Gates was hauling wood he drove on what is known as Kennedy bridge in Howard township. The timbers broke and the team and all went into the stream. One of the horses was drowned under the water for several hours from the effects of which it died. It was valued at about \$200 which the township will have to pay.

Frank Blair's jewelry room is undergoing repairs, the front is being torn away and large plate glass will be put in to correspond with the balance of the building—Some of the Undine hose boys are talking of buying a steamer. They say they can raise the necessary money in a short time.—The Union Roofing Co. of Altoona, is putting on a number of slate roofs in Bellefonte.

Marriage licenses were issued to the following couples: Edward E. Miller, Snow Shoe, and Miss Francis Shope, Miesburg; Herman W. Baird, Pennsylvania Furnace, and Miss Lucy A. Hoy, Lemont; L. C. Bullock, Miesburg, and Miss Ada M. Peters, Fleming; Jacob W. Bair, Spring Mills, and Miss Mary C. Eichel, Madisonburg; George C. Glenn, Bellefonte, and Miss Cora M. Harel, Aaronsburg; William Klinefeiter, Tusseyville, and Miss Sarah J. Confer, Spring Mills; George Priarisko and Miss Mary Snehok, both of Phillipsburg; Phillip D. Foster, State College, and Miss Olie B. Haupt, Bellefonte.

On Saturday evening at 11 p. m. Mr. David Crotty died in the hospital at Altoona. The deceased was a young man of 28 years of age, of fine physique and commanding appearance. He always enjoyed good health until his recent illness, which began about the first of July. His illness was an affection of the stomach, on account of which he could take little or no nourishment. When he took sick he weighed over 200 pounds, but gradually he fell away until the time of his death when he weighed less than 90 pounds. Deceased was born at Bowling Spring, near Bellefonte, twenty-eight years ago, and was single. He is survived by four sisters: Mrs. Joseph Ceadar, Mrs. Robert Gilmore, Mrs. Martin Cooney and Mrs. Cora Garman, all of Bellefonte, and two brothers, James and Michael Crotty, of Bowling Springs, Centre County.

This congressional district has no representative in the Annapolis Naval Academy at present. Last week Andrew J. Cruse, son of A. J. Cruse, of this place, was expelled. Some time previously a new student was hazed and the authorities made an effort to ferret down the guilty parties. At the time the act was committed Cruse, it was clearly proved, was in his room and not implicated in the affair but was informed of its occurrence. The officers learned of this and called him to inform them what he knew. Young Cruse, realizing the unpleasant position he would be placed in among his school mates, refused to turn informed and was expelled. It seems hard that he must suffer for another's guilt, but such are the rules in that institution. The young man had a good standing in his class and has made a fine showing in the short time he was there.

20 YEARS AGO

Mr. and Mrs. William Quick, Sr., of Moshannon, celebrated their 50th wedding anniversary. Their children presented them with a purse of fifty dollars.

A shed on the farm of O. P. Shearer, in Taylor township, was destroyed by a fire of mysterious origin. All Mr. Shearer's crops were lost in the blaze.

The Centre Hall Board of Health was organized with the following members: Dr. H. H. Longwell, president; T. L. Moore, secretary; G. O. Benner, N. L. Bartages and W. F. Colyer.

Joseph Rumberger, of Waddle, who had been working at Port Matilda, suffered a fracture of the right leg when a horse he was leading along the road near the brick plant frightened and bolted, jumping over a wheelbarrow and dragging Mr. Rumberger with him. After first aid had been administered Mr. Rumberger was brought to the Bellefonte Hospital.

The barn on the farm of Horace Kaufman, one and a half miles southeast of Zion, tenanted by Boyd Tressler and family, was destroyed by fire of undetermined origin. Neighbors got all the livestock and some implements out of the building before the heat became too intense. The loss included all of the season's crops. The barn had been built 12 years before on the site of another barn which had been destroyed by fire.

Marriage licenses were issued to the following couples: Henry D. Woodie and Jennie Leathers, both of Port Matilda; Howard A. Orndorf, Woodward, and Lela Bierly, Smulton; Homer E. Hosterman, Woodward, and Esther E. Bradford, Aaronsburg; George Casper and Annie Yachik, both of Clarence; Frederick W. Harwick and Besse M. Kline both of State College; Russell Z. Auman, Spring Mills, and Pearl J. Grimm, Lewisburg; George W. Williams and Meriam L. Charles, both of Altoona.

Daniel Baylets, tenant on the W. C. Smeilzer farm near Nigh Bank, suffered a broken back when he fell backwards from the limb of an apple tree while picking apples. His back struck another limb during the fall and it was found that he could not move his body from the waist down. Dr. David Dale was summoned and he ordered the man brought to the Bellefonte Hospital where an X-ray examination revealed four broken ribs and the fracture of four vertebrae of the back. Baylets was aged 27 years and was the father of three children. Despite his injuries, he remained conscious and in good spirits.

Erwood S. Hall, aged 35, of Miesburg, was fatally injured there when he fell thirty feet from the top of an apple tree after his body had come in contact with a high tension electric wire. Hall and his brother, Phil, had gone to a lot owned by another brother, Ray, of Yone, to pick apples. Erwood was the top of a long ladder picking apples which he was dropping to his brother on the ground when he groined and fell. The brother rushed him to the Bellefonte Hospital where he died several hours later. Although he had touched a wire carrying 22,000 volts, physicians believe that the shock would not have been sufficient, alone, to cause death.

Miss Kathryn Bezer, of Seattle, Wash., arrived in Bellefonte for a visit until after Christmas at the home of her aunt, Mrs. Thomas Bertram.

Mr. and Mrs. Philip D. Foster, of State College, announced the engagement of their daughter, Helen Margaret, to Stanley S. Furst, of Lock Haven.

After a visit with relatives and friends in Bellefonte, William Gehret returned to Atlantic City where he conducted a sales chair business on the boardwalk.

Anthony Comvani, son of Mr. and Mrs. Frank Comvani, had the index finger of his left hand smashed while working on a pressing machine at the plant of the Titan Metal Company.

Mrs. Frank Clemons, expects to move from her home near State College to make her home for the winter with her son, Daniel, at the L. H. Musser residence on Howard Street, Bellefonte.

Donald Wallace, of Akron, Ohio, was in town arranging for the sale of the house owned by his father on East Curtin Street and occupied by Prof. A. H. Sloop and family, who were the prospective purchasers.

Mrs. J. W. Keller, who for a number of years had conducted a general store in connection with her position as postmistress at Linden Hall, had sent in her resignation to the Postoffice Department, because of her intention to retire from business.

A big Reo truck which had been confiscated by the Phillipsburg authorities the night of September 5 when it arrived in that town loaded with whiskey, was released to G. C. Moser, of the Berwick Store Co., Berwick. The whiskey was being held at Phillipsburg.

A big black bear was seen feeding on apples in the orchard on the W. A. Stover farm west of Millheim, occupied by Edward Zerby and family. Mr. Zerby and members of the family could easily have shot the bear but they were of the opinion that the bear season was closed.

Ray Sharer had both bones in the lower part of his right leg broken while cutting second-crop for his father-in-law, James Reeder, in Georges Valley. The accident happened when the mower struck a stone and his foot was caught in the spokes, twisting the member in such a manner as to break the bones.

While David Bathurst was engaged in running a car of stone and dirt down the tracks of the American Lums and Stone Company, the dump the car got out of his control when the brakes failed to hold. The car struck a block at the end of the track, swerved to one side and fell a distance of thirty feet into a large steel car on the tracks below. Mr. Bathurst fell with the car but instead of falling into the gondola, fell to one side. The unconscious man was rushed to the Bellefonte hospital where it was found that he had escaped with numerous cuts and bruises, none of them of a serious nature.

Over The County News

The public is hereby notified that the Millheim branch of the Centre County Library will be located in the Boy Scout room in the Municipal Building in the future and under one desirable library service at the regular hours from 4 to 6 p. m. Monday will find the librarian on duty at the new location.

Word was received by Millheim friends last week that Captain and Mrs. E. R. Ayres, former residents of Millheim while the Captain was in command of Poe Valley OCC camp, are rejoicing over the arrival of a second child, a daughter, who has been named Harriet Lynne, and whose entrance upon the scene occurred Monday, October 7th. The Ayres live in the Pittsburgh area.

Mrs. John G. Love, wife of Attorney Love of Bellefonte, was elected chaplain of the Daughters of the American Revolution at their annual state conference held last week at Lancaster. Mrs. Love, past regent of the Bellefonte Chapter, D. A. R. and former chairman of the state D. A. R. committee for the correct use of the Flag, received the highest number of votes cast for any candidate at the Lancaster meeting.

The new highway coming into Bellefonte by way of Willowbank street will probably open up several new locations for service stations. Already some four or five men are seeking a location on foreign property just west of the Phoenix mill. As a considerable portion of the highway runs through rocky penitentiary lands there is no chance of locating a station along that section, but one on the outskirts of Bellefonte might prove a paying proposition.

The annual election meeting of the Clearfield-Centre County Committee of the American Legion was held last Wednesday night in the American Legion home at Houtzdale. More than 100 legionnaires from posts in the bi-county area attended the meeting at which E. A. Potter of Clearfield, was elected commander. Walter S. Zahniser, of Port Matilda was named vice-commander, with Henry S. Moulter, DuBois, adjutant and Rev. C. S. West, Osceola Mills, chaplain. Earl Hobbs of Osceola Mills, was designated as finance officer. Following the election of officers for 1940-1941, W. J. McMullin of Millheim, commander of the 23d district, officiated in a mass installation of committee and post officers for the ensuing year.

Twelve members of a State College fraternity last Wednesday night pleaded guilty to shooting within the borough limits the previous afternoon. The hearing was held before Burgess Wilbur P. Letzler, who appointed a committee to render a decision in the case. Officers Grant N. Kough, who investigated a complaint that several bullets had broken windows at the Charles L. Kinshoe home, 128 W. Fairmount avenue, shortly after 3 o'clock last Saturday, testified that the rifle was fired from the southern porch of the Phi Sigma Delta fraternity. The committee appointed by Burgess Letzler was composed of representatives from the All-College cabinet, the student representative to borough council, a delegate from the fraternity involved, and two members of borough council. Ten days was allowed to render the decision. Under the

borough ordinance, the fine ranges from \$2 to \$25 and costs, or a jail sentence of one day for each dollar of the fine.

Robert Spangler, youngest son of Mr. and Mrs. John Spangler, of Nitany, was painfully injured recently when he was pinned between two automobiles. Bobbie was sitting on the running board of one car and his older brother, Johnny, got into his father's car and tramped on the starter, causing the car to move backward. The child was pinned so securely that it was necessary to move the cars before he could be extricated. He was taken to a physician at Mill Hill where his badly bruised legs were treated.

Treated to a spectacle that was not observed in that community during the past fifty years, Millheim residents were hardly prepared for the two inches of snow that came out of the east last Saturday afternoon and night. The mercury dropped to an unusual low during the night and temperatures as low as fifteen degrees were recorded in various parts of that end of the county. October 19th, that's the date, if you want to put it on the wall for future reference. And subsequent mornings showed plenty of below freezing temperature, the record being made at the Airways beacon Monday morning of 22 above—and that's official.

Ralph Colyer, Millheim Hosiery Mill employee, while aiding his father, R. W. Colyer, to saw open winter wood, narrowly escaped with his life when a tractor turned over on a side hill, carrying him with it. The accident occurred last Saturday. The young man was driving the vehicle along one of the mountain fields at the R. W. Colyer farm home, when he inadvertently drove over a stump. The additional tilt given by this obstacle turned it over. Ralph fell under the steering wheel which cracked his collar bone, and another part of the huge machine hit him on the body and broke a rib. It was not known at the time of first examination whether or not he suffered internal injuries. Taken to his home, he was attended by a local physician and his condition at this time is regarded as favorable for a reasonably early recovery.

The borough of Centre Hall has an active volunteer fire department. Although reorganized and incorporated only eight months ago, the membership has grown from about twenty to over two hundred seventy. Of these, one hundred thirty are honorary members, former residents of the town. Within three weeks a new, fully equipped truck with five hundred gallon pumper and three hundred gallon booster tank will arrive. It is a good truck, with Ford chassis, Darley, with cab on Ford chassis. This new organization held a successful two-day carnival in July, and November 8th the Centre Hall high school auditorium will be the scene of a gala Fireman's Dance. Another project of interest is the Fireman's History of Centre Hall, and community, now in the course of preparation. This book will consist of two hundred or more pages, \$x10, and will also be a commemorative record of persons, happenings, etc., from 1774 to the present time. A number of photographs will be reproduced, both recent and several of the early days of the town in 1882 to 1890.

Mr. and Mrs. Ben Pitzer, Mr. and Mrs. Harry Haagen of Yarnell and Mrs. Edith Burd motored to Brookville, Jefferson County, and spent the weekend with their only remaining aunt, Mrs. John Morrison, who recently celebrated her 81st birthday anniversary. They also visited with Jerome Haagen at Clearfield, who is convalescing from a severe illness at the home of his wife's parents.

Mrs. Clair Shawley of Yarnell, was gladly surprised on Wednesday evening of last week, when a few relatives gathered at her home to celebrate her birthday anniversary. Those present were J. E. Confer, Mr. and Mrs. Ben Pitzer, Mr. and Mrs. Clyde Watson of Miesburg, Mr. and Mrs. John Watson, Mrs. Edith Burd, Mrs. Art Burd, Mr. and Mrs. Clair Shawley and son. Mrs. Shawley received some beautiful gifts. Pie, cake, sandwiches, pickles and coffee were served as refreshments, all report a fine time.

JESUS DECLARES HIS MISSION

International Sunday School Lesson for November 3rd, 1940.

GOLDEN TEXT: "For the Son of man came to seek and to save that which was lost."— Luke 19:10.

Lesson Text: Luke 4: 16-30.

After his baptism and temptation in the wilderness, Jesus remained for some time in Jerusalem and Judea. While Luke omits entirely this early ministry and devotes the next six chapters of his Gospel to that in Galilee, both Matthew and Mark give the incident which occurred at Nazareth, which we study today, as happening much later in the Galilean ministry. Luke apparently put it early in his gospel because it gives the key to the deeds and words of Jesus which will be stressed in his writings.

Back in his home town of Nazareth, Jesus, as his custom was, entered the Synagogue on the Sabbath Day. Invited to read the scripture lesson, he chose a selection from Isaiah 61: 1, 2. This scripture passage well expressed the mission of the ministry which Jesus was about to assume.

One might well ponder over some of the phrases, "preach good tidings to the poor," release and liberty to the blind, and "proclaim the acceptable year of the Lord." Having read this selection Jesus sat down and interpreted the text.

His townspeople were surprised. Jesus expressed the truth that "no prophet is acceptable in his own country," and pointed out two occasions of Old Testament history upon which miracles were performed to benefit Gentiles, which caused the audience to be angry.

The hearer in Nazareth wanted Jesus to exhibit his miraculous power, but by their question as to his parentage they had already indicated a lack of faith. Healing was not a mere sideline in the life of Jesus. Out of the forty-five miracles particularly set forth, thirty-six were to relieve people from sickness and death. Love could not endure human suffering and distress.

The Capernaum demoniac was an example of the work Jesus performed. The evil spirit recognized Jesus, and in the gospel is treated as a personality distinct and separate from that of the sufferer. It raises the speculation as to Jesus—did he accommodate his attitude to the belief of the people or did he, too, believe in demoniacal possession? Regardless of the answer to the question, the fact remains that Jesus had absolute faith in his power to correct the deformity. The fact also remains that the sufferer was subject to some kind of affliction, and that, whether he was disillusioned or not, a wonderful cure was accomplished.

Another truth stands out, connected in some way with almost every miracle, whether of healing or otherwise. That is the requirement of a complementary faith on the part of the diseased in order for them to be benefited through the great power of Jesus. Jesus often told applicants for relief that it would be according to their own faith.

It is not necessary that we understand how Jesus accomplished the healing. "He aimed to secure the cooperation of the expectant hope and confident trust of the patient," says Charles R. Brown. "He worked in an atmosphere of sympathy and faith. He added to that widely resident impulse toward recovery the power of his own wise, loving personality. And somehow these energies availed for recovery of many from their natural state."

Sunday School Lesson

Jesus declares His Mission. International Sunday School Lesson for November 3rd, 1940.

After his baptism and temptation in the wilderness, Jesus remained for some time in Jerusalem and Judea. While Luke omits entirely this early ministry and devotes the next six chapters of his Gospel to that in Galilee, both Matthew and Mark give the incident which occurred at Nazareth, which we study today, as happening much later in the Galilean ministry. Luke apparently put it early in his gospel because it gives the key to the deeds and words of Jesus which will be stressed in his writings.

Back in his home town of Nazareth, Jesus, as his custom was, entered the Synagogue on the Sabbath Day. Invited to read the scripture lesson, he chose a selection from Isaiah 61: 1, 2. This scripture passage well expressed the mission of the ministry which Jesus was about to assume.

One might well ponder over some of the phrases, "preach good tidings to the poor," release and liberty to the blind, and "proclaim the acceptable year of the Lord." Having read this selection Jesus sat down and interpreted the text.

His townspeople were surprised. Jesus expressed the truth that "no prophet is acceptable in his own country," and pointed out two occasions of Old Testament history upon which miracles were performed to benefit Gentiles, which caused the audience to be angry.

The hearer in Nazareth wanted Jesus to exhibit his miraculous power, but by their question as to his parentage they had already indicated a lack of faith. Healing was not a mere sideline in the life of Jesus. Out of the forty-five miracles particularly set forth, thirty-six were to relieve people from sickness and death. Love could not endure human suffering and distress.

The Capernaum demoniac was an example of the work Jesus performed. The evil spirit recognized Jesus, and in the gospel is treated as a personality distinct and separate from that of the sufferer. It raises the speculation as to Jesus—did he accommodate his attitude to the belief of the people or did he, too, believe in demoniacal possession? Regardless of the answer to the question, the fact remains that Jesus had absolute faith in his power to correct the deformity. The fact also remains that the sufferer was subject to some kind of affliction, and that, whether he was disillusioned or not, a wonderful cure was accomplished.

Another truth stands out, connected in some way with almost every miracle, whether of healing or otherwise. That is the requirement of a complementary faith on the part of the diseased in order for them to be benefited through the great power of Jesus. Jesus often told applicants for relief that it would be according to their own faith.

It is not necessary that we understand how Jesus accomplished the healing. "He aimed to secure the cooperation of the expectant hope and confident trust of the patient," says Charles R. Brown. "He worked in an atmosphere of sympathy and faith. He added to that widely resident impulse toward recovery the power of his own wise, loving personality. And somehow these energies availed for recovery of many from their natural state."

LITTLE NITTANY

Mrs. Annie Dullen, spent Saturday night and Sunday with her son, Francis Dullen and family at Howard.

Among those who called at the Orvis Clark home on Sunday were: Mr. and Mrs. Robert Pletcher and daughter, Marjorie and Marjorie's girl friends, of Monument, and Francis Dullen and son Phillip of Howard.

Mr. and Mrs. Orvis Clark and daughter Martha, attended the masquerade party at Schaffer's at Saigona on Saturday night.

ANNOUNCE NEW OFFICE HOURS AT PHILIPSBURG

The Centre County Board of Public Assistance announces new office hours for the Phillipsburg Application Centre at Phillipsburg.

Due to the marked decline in the number of applications received by the Department of Public Assistance in that area it is advisable from an administrative standpoint to keep the office open two days a week instead of the usual three days.

Starting on October 25, 1940, and thereafter the Phillipsburg office will be open on Tuesday and Thursday of each week during the hours of 8:30 a. m. and 5 p. m. until further notice.

SCHOOL HOURS

Sunday School hours at the Hecla Union Sunday School have been changed from 9:45 a. m. to 2 p. m. for the coming two weeks. Everybody is welcome.

FAIRVIEW

Mrs. Ira Gilbert and baby of Pleasant Valley, visited on Tuesday at the Amelia Chapman home.

Mrs. Milford Eters and baby visited on Wednesday at the James Lucas home.

Miss Lizzie Boone of Zion, and Mrs. Wilson Boone and Mrs. Morgan Lucas of Marsh Creek, visited on Wednesday afternoon at the Amelia Chapman home.

Mrs. Joseph McCartney and Mrs. Guy Lucas and children of Kennedy, spent Tuesday at the Miles Eters home helping Mrs. Eters to make applebutter.

Mrs. Myrtle Lucas visited on Thursday afternoon with Mrs. Amelia Chapman.

Miss Almeda Lucas of Bellefonte, spent Friday with her mother, Mrs. Myrtle Lucas.

Sunday visitors at the Amelia Chapman home were Mrs. Jack Confer and Mrs. Stanley Confer and son Terry of Orviston, Miss Mary Jane Lucas and Oscar Nymann of Mt. Eagle and Mr. and Mrs. Charley Mann of Howard, R. D.

Mrs. Myrtle Lucas spent Saturday night with her daughter Mrs. Bryce Hoover at Howard.

BUSH HOLLOW

Our Sunday School attendance is falling away each Sunday, instead of increasing. What's the matter, folks? On Sunday we had 31 present and a year ago we had 104 present. Some difference. Will be looking for you next Sunday, also stay for the preaching service which will follow the Sunday School.

Cottage prayer meeting will be held this Friday night, Nov. 1, at the home of Mr. and Mrs. Walter Young. Everybody welcome.

Don't forget the coming revival which is planned to start Nov. 24, in the church, with Rev. G. H. Shull, as evangelist and Miss Florence Henn and Miss Catherine Palsgrove, as singers. Services each night for 2 weeks.

Mr. and Mrs. Charles Way of Jacksonville spent last Wednesday at the home of Mr. Edna Spots and helped raise potatoes. Also Mr. and Mrs. Dale King and daughter, of Coleville, spent Saturday at the Spots home engaged in the same labor.

Mr. and Mrs. Walter Spotts and family returned to their home in Ohio after spending the past week visiting friends and relatives in Penna.

HOLTS HOLLOW

Mr. and Mrs. M. C. Reese and children of Gum Stump, Mrs. Geo. Margaret Jr. of Pleasant Gap; Mrs. John Kelly, Mr. and Mrs. John Watson, Nain Watson, Mrs. Olive Rhoades and children, and Mrs. William Howell, spent Friday at the Orvis Watson home in honor of Mrs. Watson's birthday anniversary, the day was spent very pleasantly in sewing and knitting and delicious refreshments were served.

Mr. and Mrs. Malvin Lucas and children of Fairview, called at the Charles Lucas home on Sunday.

Irvin Watson of Warren, Ohio, spent the weekend with home folks. Mrs. Olive Rhoades and son accompanied him back to Ohio on Monday to spend some time with relatives at that place.

Mr. and Mrs. Charles Lucas were guests at the Willard Emlinbier home at Lock Haven, on Sunday and Mrs. Sara Day and baby accompanied them home to spend a week with friends at this place.

Sunday visitors at the Roy Leathers home were Mr. and Mrs. William Gates, and three children Betty, Patricia, and Dock; Mr. and Mrs. Joseph Leathers and Jack Leathers of Mt. Erie.

Don't forget Harvest home service.

Mr. and Mrs. Oscar Haines of Milton, and Mr. and Mrs. Essenhauer of near Millburg were Sunday guests at the C. D. Haines residence.

Willie F. Winterrod of 438 Market Street, Williamsport, Pa., was an arrival in town on Friday to visit friends and relatives. He left for his home on Sunday afternoon.

Mr. and Mrs. William Haines in company with their son, Steward, and grandson, Steward Jr., visited friends at Rebersburg on Saturday evening.

Willie Bowersox, Erma Gusewite and Mrs. C. E. Kramer in company with Harold W. Kremer on Sunday, motored to Madisonburg, on Friday evening where they assisted the newly organized union Christian Endeavor society in their service. Each took an active part in the work with credit.

Several flocks of wild geese were collected in this locality winging their way towards the sunny south one day last week.

POULTRY POINTERS

Printed Through Courtesy HECLA POULTRY FARMS Bellefonte, Pa.

WORM FREE HENS LAY MORE EGGS

A laying hen is like a machine, for her production depends upon her design, or genetic make up; upon the fuel, or feed, which she is expected to turn into eggs; and upon the efficiency of her egg-producing machinery as maintained by her general health.

Three factors enter into profitable egg production; breeding, feeding, and health. Of course, good management plays its part, but the best of management and the best of intentions will be in vain without good stock, good breeding, and good health.

Worms in poultry are probably the most notorious deterrents to good egg production because their presence often is unsuspected. Whenever egg production declines in spite of the best of feeding, breeding, and care, then it is well to suspect the presence of worms.

Worms inflict considerable internal damage long before the usual outward symptoms of pale combs, poor flesh, and ruffled feathers appear. They secrete poisonous toxins, rob the digestive system, rob the hen of its vitality and lower its resistance to disease.

Use a treatment which can be mixed with a mash or use conventional worm "cups" which can be administered individually and which will remove the heads of certain species of tapeworms. Avoid treatments which upset egg production or cause toxic after-shock.
