CO-EDS OPEN EUROPE'S NEEDY
Women students at the Pennsylvania State College have taken preliminary action to enlist the College's 1400 co-eds in a drive for assistance to Europe's needy during the coming winter.
Elmer L. Weaver, of Lancaster, president of the Women's Student Government Association, said in a statement: "We who are fortunate enough to be enjoying a college education and the many luxuries and pleasures accompanying it should be willing to sacrifice some of our pleasures to make things better for those who now know true hardship."
Miss Weaver appointed a committee to map plans for a fund-raising drive, the proceeds of which would be turned over to the American Red Cross, the Friends' Service Committee, or the British War Relief Society. All three agencies might be chosen to receive parts of the amount raised.
