Red and White Wins Fourth Victory After Two Week Layoff

After a two-week layoff, the Bellefonte High school football squad resumed its season at the Community Athletic field here Saturday afternoon by defeating Renovo High school 13 to 0. The victory was the fourth this year, one loss and a scoreless tie also having been chalked up to the Red and White.

Bellefonte scored both touchdowns during the first half, and protected the score during the remainder of the game. The first count came in the 1st quarter when Frank Sciabica recovered a Renovo punt on the 45-yard line, to launch a drive which ended when Kustanbauer carried the ball over the goal from the six-yard line. Ken Nellis' attempted rush for the extra point failed.

Kustanbauer paved the way for the second touchdown when he received a Renovo punt on the Renovo 45-yard line and galloped 43 yards before he was downed. On the next play Mazula drove through center for the score and a moment later skirted the right end for the extra point.

In the third period a Bellefonte chance for a score failed. A bad Renovo punt rolled on the visiting team's 37-yard line. Lesmer got a first down, but Bellefonte unblinded Renovo recovered on the 29-yard line.

Hundreds Appear In Parade Here

aldine Casper, of Bellefonte. The Watercolor float was the company's display car and field laboratory, a tractor-trailer outfit in gleaming white.

Other floats in the line of march included ones entered by the Junior Red Cross, which carried a group of six young girls; a dairy products float advertising the healthful properties and wide variety of milk products; a Red Cross float, urging membership in that organization and the Zimmerman Dairy float, representing a barn in which there were live cows, chickens roosting in the second story, and a barking German shepherd dog tethered on the outside.

Among the organizations in line were the American Legion Junior band with its color guard; the Undine Fire Company marching unit and color guard; members of the Howard Nursery OCC side camp in uniform; Troop No. 7 Girl Scouts' bicycle troop in uniform and with bicycles attractively decorated; the Bellefonte High school band and color guard; Elks Club marching unit and color guard; the Logan Fire Company and apparatus; the Bellefonte National Guard artillery unit, and others.

There was plenty of originality and color in the parade. The Proserstown Fire Company proudly headed by Mayor Andy Kachick exhibited a wheelbarrow load of babies saved during 1940. The wheelbarrow was in charge of Edmund Blanchard, of Bellefonte, a charter member of the Proserstown organization.

Amos N. Andy drove a wheezing, rattling Model T touring car, without top, to the delight of youngsters who swarmed over the ancient orate like bees in a hive. An unidentified youngster rode an antique high-wheeled bicycle over the hilly parade route with consummate skill. Mary Ward, of Proserstown, exhibited an apparently inexhaustible store of energy and skill in maneuvering among crowds of mummers on five-foot stilts.

Two girls, dressed in miscellaneous costumes, smoked briar pipes bravely.

Abe Lincoln carpet bag and all stalked majestically by himself in the mummers' division. Some youngsters led a particularly odorous goat hitched to a small cart. There were goons, things, and hundreds of nameable and unnameable characters in the line of march. A black-face comedian entertained spectators by carrying the tip of his nose with his lower lip, grimacing and other tom-foolery.

The parade was witnessed by thousands of spectators, who jammed the sidewalks along the line of march. Just behind the Chief Marshal Captain Shoppe, Bellefonte's new police car, bearing Mayor Hardman P. Harris and other dignitaries gave an official air to the parade.

The list of prizes and names of winners will be found on page one of second section.

Junior Red Cross Fine Civic Unit

Citizenship Training Leads To Appreciation of Social Responsibility

"More than 8,500,000 boys and girls of school age are learning the principles of democratic citizenship as members of the American Junior Red Cross," L. Orvis Harvey, chairman of the Bellefonte Red Cross chapter, reported today. "Our town and nation need the Junior Red Cross more than ever these days because of this citizenship training, one of the many services maintained by the American Red Cross from membership contributions received during its annual Roll Calls."

The Junior Red Cross is actually the American Red Cross in action in the schools of the nation," Mr. Harvey pointed out. "More than 52,000 public, parochial, and private schools use the Junior Red Cross program of school room service projects to give added interest and meaning to their instruction. The movement gives the youth of America an organization of their own in which they acquire a real sense of social responsibility and develop a regard for the welfare of their fellows."

Mr. Harvey cited the work of the Bellefonte Junior Red Cross as an example of these local projects. Under the leadership of Mrs. E. E. Woudsworth, he said, the children of the local elementary schools were last week organized into a working group to supply milk throughout the winter to needy children and to furnish holiday cheer to the patients in the Centre County Hospital.

In addition to such community programs the members throughout the United States annually participate in national and international projects. Mr. Harvey said. Last year the organization sent more than 44,000 Christmas boxes to children in other countries, gave a story book transcribed in Braille to each of 5,000 blind school children, sent gifts each holiday to approximately 50,000 ex-service men in hospitals and carried on through group effort international correspondence with boys and girls in 40 countries.

Through the National Children's Fund of the American Junior Red Cross, he stated, the school children of the United States have been able to participate with their adults in giving material relief to children in the European combat areas.

This fund, he added, is maintained by children and used solely for aiding children in this country and abroad.
