

### Echoes From the Past

#### Fifty Years Ago

W. E. Gettig arrived home from Port Angeles, Wash., last week. He held a good position while there but the climate did not agree with him and he concluded to return to the Keystone State.

Mr. Charles Henry, of York, who has been employed by Jenkins and Lingie as a steam fitter, left for his home on Tuesday to accept the foremanship in a large machine shop in that place.

Hon. John H. Orvis is home from a hunting expedition in Snow Shoe and Burnside townships. If he did not kill any deer himself he had the satisfaction of bringing a nice lot of venison with him.

David Orr, the base ballist who was stricken with paralysis at Renovo some time ago, was taken to his home in Brooklyn Wednesday night. Mr. Orr was kindly cared for by the people of Renovo during his stay there.

Charles Smith... W. F. Reber, stenographer, arrived home from Philadelphia on Monday where he was employed in the Democratic headquarters during the campaign.

Democratic candidates were swept into office with substantial majorities over their Republican opponents in a country-wide election. Ishler, Dem., polled 4766 votes to defeat Wolf, Rep., for Sheriff. Gramley, Dem., defeated Tyson, Rep., for Treasurer by a vote of 4809 and 3850, respectively. For Register Rupp, Dem., with 5093 votes won from Fisher, Rep., who voted 3706. Morrison was elected Recorder over Hartner, the respective votes being 5093 and 3373. For Commissioner, Adams and Goodhart, both Democrats, and Strohm, Republican, were elected from a field of four candidates.

A valuable driving horse belonging to Gus Walters, of the Lloyd House, Philadelphia, was killed one day last week in a most singular manner. The animal was indulging in a series of playful plunges and jumps, while tied in his stall, and at last made a leap and came down on a hitching post at the rear of his stall. The post ran into the abdomen so far that it had to be sawed off in order to release the horse, and when the post was pulled out the entrails gushed out. Veterinary Surgeon Wooster replaced the animal's insides and sewed up the wound, but the animal died in a few hours. He was a fine, large horse and his death is a heavy loss to Mr. Walters.

The Philadelphia Herald says, a day or two ago Mr. John McGonigle, Superintendent of the Troy mine, blew near a new opening on an exploring expedition. He discovered sticking in the roof of the drift a coal wedge which he pulled loose, and on showing it to Mr. John Todd, was surprised to learn from that gentleman that it had belonged to the father of our townsman, Mr. Owen Hancock, and used by him forty years ago, and had likely been left in the abandoned drift through oversight. It is a steel wedge and weighs 14 pounds, just about three times heavier than the wedge now used in our coal mines. Mr. Todd seemed to recognize it as soon as he got sight of it. The wedge is a relic of no little value.

The pluck and perseverance of the citizens of Houtdale has been rewarded in the finding of what they have been hopefully seeking, the B-vein of coal, which has proved to be a valuable find. The town is rejoicing over the success which will insure its welfare. The vein is four and a half feet in thickness, and the fossils quite equal in every respect to the Monaghan vein. It was reached at 160 feet from the surface and it can be worked with comparatively little difficulty at a minimum cost. J. L. Mitchell, of Tyrone, had the contract for finding the vein, and he pushed the work energetically to a speedy completion.

Samuel Noll, of Pleasant Gap, had a narrow escape from serious injury when his motorcycle struck a Ford truck in Pleasant Gap. Mr. Noll was driving down the new road and the car was going up the hill. The cyclist had a choice either of hitting the truck or of running into a telephone pole. He was thrown

into a ditch but escaped with several lacerations. His motorcycle was badly damaged. The truck, which the cyclist sideswiped, was unscathed.

In a rear-end collision of trains at Rosston, Thomas Force, 17, son of Mr. and Mrs. Martin Force, of Pine Glen, suffered injuries which

Pennsylvania People From All Sections, From All Walks of Life Continue to Praise Medicines For Fine Relief They Are Bringing—RUX Compound Recommended For Rheumatic, Neuritic, Neuralgic Pain Relief—Williams Formula For Irritated Kidney Passages, Stomach Acid And Gas.

When Rheumatic-like pains attack you—when these pains cause you to lose sleep and bring discomfort, why don't you take the advice of so many who have found much relief from this distress through the use of the good medicine, RUX Compound so many local people are praising so highly?

MR. JOHN J. PATTERSON

WILLIAMS FORMULA, made in the same laboratory as RUX Compound is being praised by thousands who are getting away from harsh laxatives that dynamite their systems. A mild laxative, mild diuretic and containing iron, this splendid tonic-laxative may bring the relief and promote bowel evacuation and restful sleep, so necessary to your sense of well-being.

His Experience Worth Noting. The experience others have had with RUX are ample evidence that it will do what is claimed for it. Mr. John J. Patterson, 1112 Forbes St., Pittsburgh, Pa., says: "I was so uncomfortable with the pains in my arms and elbows and my sleep was so interrupted that I felt miserable, and of course, this cost me money as I didn't feel too much like working."

"So you know how glad I was when after getting RUX Compound, these aches and pains began to be relieved. My appetite improved as I began to feel more like being active and I could even go back to my job as the pains were so much less. RUX has meant so much to me, not only in my feelings and added enjoyment of life, but in extra income, that I want everybody to know what I think of this fine medicine."

So Easy to Try. Now that you can get both of these fine medicines right here at the WHITE BROS. DRUG STORE, why don't you make it point to come in today for your medicine. If these are the medicines you have been wanting and looking for, and you do not give them a trial—then you are the loser. So do not put this off another day. Just ask for the Genuine Williams Formula and RUX Compound (liquid). Stubbornly refuse any substitutes. 3 economical sizes.

Howard Bubb, of Potter township, captured three raccoons in one evening, while leading a small hunting party. Two of the 'coons were taken alive, with the aid of a dog.

Ralph Smith, Linn McGinley and Robert Taylor returned home from Detroit where they had been employed during the summer. Most of the big industries in that city were cutting down their payrolls.

Andrew Kachick, of Snow Shoe, had his left hand badly smashed while he was closing the door of a box car. He was brought to the Bellefonte hospital where surgeons found it necessary to amputate the index finger at the first joint.

Dr. J. L. Seibert, of Bellefonte, head of the County Medical Society, visited Sandy Ridge to instruct the authorities of that community what to do to prevent the further spread of scarlet fever, which had reached the epidemic stage. The schools had been closed there as a precautionary measure.

The First National Bank of Bellefonte had a burglar alarm system installed which would sound a gong in the event anyone tried to enter the building illegally. The system also included an arrangement whereby in the event of a hold-up, clerks could press a button to ring an alarm outside the building.

Three children, left at home while older members of the family were in town awaiting election returns, were burned to death in a fire which rendered four Philadelphia families homeless. The cause of the fire was unknown. Flames spread with such rapidity that efforts to save the trapped children were unsuccessful.

Beavers placed in the State game preserve east of Coburn the previous spring, had built at least three dams in the mountain streams of that area. One of the dams was reported to have formed a pool more than five feet in depth. The beavers had cut a number of trees, some as large as ten inches in diameter, which had not been placed.

Surgeons at the Cottage Hospital, Philadelphia, successfully removed the left eye of Herbert B. Ashman, and the patient was recovering nicely. Removal of the eye became necessary after a hunting accident, in which a small pellet deflected by a tree had entered Mr. Ashman's eye. It was at first feared that the injury might prove fatal.

Seth Nelson, of Clinton County, well known in parts of Centre County, had taken out a hunting license and was preparing to go out for smail game. Seth was 81 years old and had spent most of his life in the woods hunting and trapping. He also was an expert angler, and despite his age could stand a day's tramp without apparent fatigue.

The body of Ira I. Wolf, member of 305 Motor Supply Train, who died in a hospital at Waterloo, France, on February 22, 1919, arrived in Bellefonte November 3, 1920 and was taken to the home of his parents, Mr. and Mrs. Fletcher Wolf, at Coleville. Wolf, aged 23, was badly gassed in action during the resulting pneumonia caused his death. Military rites were accorded at the funeral and interment was made in the Union cemetery.

Edward R. Miller (now Sheriff Miller) son of Mrs. Delta Miller, had both bones in his left leg fractured while practicing football on the High School commons. He was running with the ball when several other players fell on him. The ends of the fractured bones pierced the leg. He was taken to the Bellefonte hospital for treatment. Boyd Parrish, an Academy student, had the little finger of his left hand fractured while practicing football on the Hughes athletic field.

E. L. Armstrong, of State College, had launched a project for the organization of a company to manufacture Portland cement. He proposed to erect the plant at what was known as the black barn midway between Pleasant Gap and Axemann, where there was a good vein of cement rock. Years before a good quality of cement, known as Logan cement, was manufactured there. Mr. Armstrong contemplates the erection of a plant costing approximately \$50,000.

In his teaching Jesus always held up the highest possible ideals for mankind. No love can be greater than love for one's enemies. No deed of kindness can exceed that done for one who hates. To understand fully the revolutionary character of this teaching it must be remembered that the Old Testament emphasized hating one's enemies although there are one or two selections otherwise. In framing his doctrine Jesus was stating an ideal, and not promulgating a regulation to be literally observed. Loving one's enemies does not mean tolerating an injustice nor does the rule of generosity require the abandonment of all wisdom and judgment in love.

THE GOLDEN RULE  
International Sunday School Lesson for November 10, 1940.

GOLDEN TEXT: "As ye would that men should do to you, do ye also to them likewise."—Luke 6:31.

Lesson Text: Luke 6: 27-38

With conditions in the world as they are today, with larger nations marching upon smaller nations and taking from them whatever they want, we realize that the world is not living by what we call "The Golden Rule." The "rule" exists; today seems to be "do what you can unto others before they have a chance to do what they can to you," or "take what you can from others before they take what they can from you."

pear. Putting ourselves in the place of the other man would make us more tolerant and more sympathetic. If one could only realize the position of other men with whom he came in contact and visualize himself in their places, he would be certain to be more considerate and generous.

Jesus advised his followers to be as merciful as the Heavenly Father. Praising censorious judgment upon others he discouraged, although love and reason sometimes require us to condemn the acts of others. In all things he advised extreme honesty and straight-forwardness, urging the giving of good measure, piled up rather than scraped down flat.

In these current days, let us remember the words of Jesus to all of his disciples, "Love your enemies and do good to them that hate you, bless them that curse you, pray for them that despitefully use you." Hard words you say! Yes, they are, but they are commandments from Jesus himself. It is easy enough to love those who are agreeable and kind to us, but to love our enemies seems almost impossible, unless we are filled with the love of God. We can love their souls but hate their deeds of wickedness. We should pray for them and do whatever we can for them.

The Golden Rule is a rule of good will and positive action. To practice it, we must do more than not mistreat others, or take revenge upon those who have wronged us, or merely feel sorry for those whose lives are controlled by sin. We must do something about it, helping with friendliness, with justice, and above all, by sharing with them the great love of God which prompts us to practice the Golden Rule.
