Mr. Campbell retired from the undertaking business 11 years ago when his establishment was purchased by G. O. Neff. In his earlier life Mr. Camp-

THE WAR IN EUROPE

The great British victory in Africa, which grows more complete every day, has definitely removed the threat of an Italian offensive against the empire's life-line at the Suez Canal and now seems to be developing into such a tremendous triumph as to rob Italy of her coveted possession in Africa.

HERBERT M. BRUBAKER

Herbert M. Brubaker, 53, of Williamsport, district representative and agent of the Baltimore Life Insurance Co., with offices also in Bellefonte and Lock Haven, died Tuesday, January 7, 1941, at Pampiano, Florida, near Fort Lauderdale, death was caused by a heart attack.

MRS. JAMES ARTHUR DUBBS

Mrs. Gladys Zoeller Dubbs, wife of James Arthur Dubbs, of the Saylor apartments, Valentine Street, Bellefonte, died at the Centre County Hospital at 9 o'clock Thursday morning, January 9, 1941, eleven months after the birth of a son. Mrs. Dubbs was a daughter of Mr. and Mrs. Charles P. Zoeller and was born at Evans City, Pa., on November 12, 1913, making her age at time of death 27 years, 7 months and 7 days. She was united in marriage to J. Arthur Dubbs at Mercer, Pa., on January 1, 1939. Surviving are her husband, who is employed by the West Penn Power Company; the son, James Robert; two sisters, Mrs. Edna Dugan, and Mrs. Edna Hibbs, both of Cleveland, Ohio, and a brother, John Zoeller, in the United States Army. Funeral services were held Saturday afternoon at the home of Mr. Dubbs' parents, Mr. and Mrs. J. E. Dubbs, on Willowbank Street, with the Rev. Clarence E. Arnold, pastor of the Belleville Lutheran church officiating. Interment was made in the Dubbs family plot in the Union cemetery, Bellefonte.

EDWARD BURTON RUCH

Edward Burton Ruch, lifelong Northumberland resident and high constable of the borough for the past six years, died at the Mary M. Packer hospital, Sunbury, about 5 o'clock Sunday morning, January 12, 1941, from a heart condition. He was aged 61 years. He had been in failing health for over two years and suffered a heart attack about a month ago. Since then his condition gradually became more serious. Mr. Ruch was born in Northumberland May 1, 1879, son of Hiram and Anne Ruch, making his age 61 years, 8 months and 4 days. When about nine years old Mr. Ruch assisted his father at the old VanAllen Nail Mill and continued to work at that place until the mill shut down. After the mill closed, Mr. Ruch entered the plumbing business, followed his trade more as a hobby. From time to time he assisted his son, J. Wesley Ruch, at his garage on Duke street. For the past six years Mr. Ruch served as high constable in Northumberland; his last official act being about six weeks ago when he posted copies of the ordinance restricting the parking of trucks in the borough. His death severed a happy marital union of 35 years, his wife being the former Adella E. Adams, of Centre county, a daughter of the late Mr. and Mrs. John Wesley Adams, lifelong residents of Howard county. All but a few years of his life he resided in Northumberland, having lived in Centre county a short time after his marriage. Fraternal Mr. Ruch was a charter member of the Hook and Ladder Fire Company, active member of the Northumberland Lodge, Loyal Order of Moose No. 897, and a member of St. John's church. Surviving are his wife, one son, J. Wesley Ruch, who resided with his parents; one grandchild, Shirley Ruch, of Northumberland, and the following brothers and sisters: George, John and Joseph Ruch, all of Northumberland; Charles Ruch, of Montandon; Mrs. Annie Bidschbach, of Point township, and Mrs. Eva Moore, of Northumberland. A sister, Mrs. Lydia Keffer, died at Binghamton, N. Y., about three years ago. Funeral services were held on Tuesday afternoon from the late home, Rev. Russell J. Crouse and Rev. Walter B. Knight officiating. Interment was made in Riverview cemetery.

NATION NEEDS TRAINED MEN FOR DEFENSE JOBS

Getting the skilled men needed for National defense jobs continues to be one of the greatest problems of the new year for the Civil Service Commission. Thousands were appointed during 1940 but thousands more are going to be needed during the coming year at the arsenals and navy yards and in the air service. Toolmakers, instrument makers, and machinists are especially in demand, and they are especially necessary to the National defense program. Among others also urgently needed are: Aircraft instrument mechanics; aircraft mechanics; metalsmiths; riveters; coppersmiths; lens grinders; kofsmen; ordnance men (explosives); shiplifters; and ironworkers (ship-fitting duty). If you are skilled in any of these trades, and want a Government job, write or call for information to the office of the Board of U. S. Civil Service Examiners at any first or second class post office. You may also learn about these jobs by consulting the notices posted in the third-class post offices.

Another Rock Slide Near Renovo

Another rock slide, the third on route 120 within ten days, came down at Falling Springs, near North Bend, blocking the highway. Highway Department workers removed the pile of rocks and earth which was estimated at about 60 tons. One boulder alone weighed about 30 tons. No one was on the road at the time. The site of the slide is near the spot where two people were fatally injured by a slide four years ago.

THE WAR IN EUROPE

all-out attack, the air over the Channel and England will be filled with planes and German craft will attempt to make the water unsafe for British warships.

Two-Pronged Attack Underway

There are many reasons why Hitler must make an attempt to fight his way to victory but the compelling pressure is the realization in Berlin that the United States intends to provide unlimited supplies of every war necessity to the British.

Axis Plans Albanian Surprise

In the Albanian area the fighting continues, hampered by weather, with the Greeks slowly adding to their gains and threatening to break through vital Italian defense positions which would mean another disaster for Italian soldiers.

Will Hitler Take the Risk?

The next question to be answered by the struggle between Germany and Great Britain is whether Hitler can make good his boast and invade the islands. No scanty landing will count; German forces must reach the English coast in great numbers, accompanied by vast equipment and backed by a safe line of supply.

February, it would be entirely fitting if the board should receive bids on and up to midnight, February 13, 1941—for it was on February 13, 1939, that the old building was destroyed by fire.

COUNTY SPORTSMEN TAKE ACTION ON THREE ISSUES

The Centre County Federation of Sportsmen meeting at the Harris Township High School, Boalsburg, last week, went on record favoring three moves, as follows:

Advocating Abolishment of Double Tax Assessments on Hunting Camps on State-Owned Lands

That the bass and frog seasons open the same day, July 1, to avoid confusion, and

That Charles F. Mensch, of Bellefonte, be appointed to the State Fish Commission if a vacancy occurs or exists.

Of the ten units in the county, those from State College, Pleasant Gap, Port Matilda and Tussey mountain were represented at the meeting.

A Fantasy That Faded

(Continued from page one)
to the main court room.

It was intended to move the bar and bench forward about thirty feet in order to afford larger grand and traverse jury rooms, with toilets. Back of these were to have been placed a library, ladies' waiting room and witness room.

\$30,000 was the estimated expenditure for effecting the alteration on the building, and although not an exorbitant sum it did not meet with the approval of subsequent grand juries and died of lack of interest.

What might have happened to Bellefonte's impressive Court House building if the wills of others had prevailed is of no importance now. The fact remains that the appearance of our Court House, with its huge pillared portico of classical architectural design is still a joy to every citizen and a subject for admiration and comment to strangers.

Take Charge, Mister... and Let's Fireball!

There's a new word spreading through the vocabularies of car owners who have made firsthand acquaintances with this sleek new 1941 Buick.

It's a word we first picked out as an apt description of a new and better engine—but it is rapidly coming to mean a completely new and excitingly pleasurable manner of motorcar travel.

All over the country, "to fireball!" now means to enjoy both ease and dispatch in your travel by car—with a very special new manner of thrust.

Not the ordinary, scrimp, self-denying sort of thrust, but drift with all the thrills left in!

Now, just why that happens is easy to understand.

Reinforced by Compound Carburetion* this FIREBALL eight develops nearly 17% more horsepower on exactly the same fuel rationing.

With all that power on call, we can use a more economical gear ratio as our standard high gear—a ratio that ups miles per gallon by giving more revolutions of the wheels for every revolution of the engine.

Then, in addition, we have in Compound Carburetion a fuel supply system that adjusts itself according to the driving conditions you meet.

Thus your engine is always getting the utmost benefit out of the least amount of gasoline that will give the performance you want.

And that spells economy.

So much economy that a man who drives 15,000 miles a year gets as much as 2,000 miles' extra driving on the same amount of fuel.

And that, Buick buyers will tell you, is something very much worth looking into through a free demonstration such as any Buick dealer will gladly give.
