Pleasant Gap, Paradise, College Jewelry Bass Project, Included in Program

WARDENS' SCHOOL TO BE CONSTRUCTED

C. Ross Buller, Dewey Sorenson Announce Details of Plans

hatchery, the Fishermen's Paradise, and the bass nursery above the Paradise are scheduled to begin early this spring, it was revealed yestercay by officials of the Bellefonte Hatchery, under which all local units of the State Fish Commission are included.

Additions slated for construction this year, according to C. Ross Buller, fish culturist, and Dewey Sorenson, supervisor, are:

At Fishermen's Paradise 1. New stone building at entrance. for checking-in and checking-out

2. Construction of a large stone building, immediately above the big spring at the Paradise, to provide living quarters and class rooms for a Fish Warden's school. The school will be able to accomodate and shelter 60 student wardens.

3. Construction of a stone hatchery building near the present wooden hatchery building near the "lower" (vehicle) entrance to the Paradise. This building will be at least employed as a kiln helper at the 110 by 32 feet in size and will be Chemical Lime plant in Buffalo Run one story in height.

At Pleasant Gap Hatchery 1. Construction of a large twostory brick building to be used as a garage and for storage of mater-ials. This building is to be located (Continued on Page 4)

Child Injured In Runville Mishap

Injuries in Series of Weekend Accidents

A child suffered slight injuries Saturday afternoon when he was struck by a car near Runville, and three persons suffered minor injuries in a crash near Potters Mills early Sunday morning.
