## REFRIGERATORS

### **Brilliantly New - Inside and Out!**

BRILLIANT NEW BEAUTY! A world-famous designer created for Philco completely new concepts of a refrigerator as a beauty note in your kitchen. New shelves of lustrous permanent chrome and transparent plastic evaporator doors, the 1941 model's a joy to behold.

MORE USEFUL THAN EVER! New food compartments-bigger and roomier. New frozen storage compartment up to 74% larger. Shelves adjustable to suit your needs. Even the lowest priced fully-fitted "six" include Hydrator moist storage and Quickube ice service.

USES LESS CURRENT! The bigger, roomier 1941 Philco "sixes" have 22 per cent more power to keep food better and freeze ice faster. Yet they cost less to operate than any previous comparable models.

ADVANCED MOIST COLD! A separate compartment cooled by an exclusive Philco Development, the Newer Cold Shelf. Only Phileo has the Cold Shelf. All Philco models are equipped with a large non-refrigerated vegetable bin.

"FREON," the best refrigerant known is used by Philco in their super-power system. All models are designed to operate in the hottest temperatures. All models are insulated with 100% rock wool.

ADJUSTABLE LEVELERS! For best operation, the refrigerator should be level. Every Philco refrigerator has these levelers to permit proper adjustment of the cabinet where floors are uneven. They can be quickly and easily adjusted whenever the refrigerator is moved.

### The Most Beautiful, Most Convenient **Refrigerator That Has Ever Been Built!**

We cordially invite you to attend this special showing Friday evening ... you're going to be enthusiastic about these new refrigerators, no matter whether you're planning to buy now or not. Come and bring your friends.
