NO KITCHEN HEAT, NO POT WATCHING

Don't ruin your hair-do and tire yourself in a hot uncomfortable kitchen-all because your stove is a room heater instead of a food cooker.

Keep that morning freshness! Cook with the range that's built for cool, easy cooking-the electric range. It uses its flameless heat just for cooking - it [causes] no] kitchen] discomfort. No guesswork, no watching-and flavors are "tops." It actually gives you "time out" because it's automatic.
