Dentist Is Found Dead In Home

Coroner Assigns Heart Failure as Cause of Death of Dr. Carl E. Diener

Dr. Carl Von Linnaeus Diener, 65, was found dead Sunday night at his home on Front street, Phillipsburg.

His death was attributed to a heart attack suffered late Saturday night. He was last seen about 10 o'clock Saturday night on his way home from his dental office.

Night Officer Edwin Gustafson and B. F. Hoffer found the lifeless body about 7 o'clock Sunday night, after Mrs. Diener telephoned from Phillipsburg.

The program began in Clinton county, where the work was finished four days ahead of schedule. The division was slated to resurface 90 miles of Centre county's total of 581 miles of State Highways...

Like an army unit, the furnishing of supplies for the division is part of the secret of success. Piles of chips are located at strategic points along the roads to be surfaced...

One of the greatest assets of the new road surfacing unit is the use for the first time by the department of "Buckeye" chip spreaders.

In the past the department has used spreaders of a type on which chips fall on a revolving disc, scattering the stone about somewhat haphazardly.

The new type spreader consists of a horizontal roller, which in operation spreads stone like a waterfall. The flow is steady, even, and can be exactly controlled.

During the weekend at the Centre county project drew to a close, the resurfacing division was working on the Bush Hollow road while the other worked on the road between Rtnville and Yarnell.

Mr. and Mrs. Lee Richter and baby were Bellefonte shoppers on Saturday.

Mrs. Margaret Catherman was a Bellefonte shopper on Saturday morning.

Mr. and Mrs. Clyde Lee of Bellefonte, were Thursday evening visitors at the home of Harvey Emmlinger.

Sunday visitors at the home of Harvey Emmlinger were Mr. and Mrs. LeRoy Bayrs and family of Yarnell, and Mr. and Mrs. Alfred Lutz of Milledale.

Mr. and Mrs. Robert Rudy are getting ready to go to housekeeping in the Harvey Emmlinger house.

Howard Packer of Gettysburg, was a Monday afternoon visitor at the home of Harvey Emmlinger.

Howard being home on a furlough for two days. Glad to see you, Howard.

Ralph McCartney's two boys were Sunday visitors at the home of Harvey Emmlinger.

WOODWARD

The local E. L. C. E. held their regular monthly business and social meeting at the home of Mr. and Mrs. C. E. Kreamer last Thursday evening.

It was engineered to carry the normal communications needs of our state, with extra "margins" to care for peace-time emergencies and to provide for normal growth.

By the end of this year, more than forty millions of dollars of new Bell telephone plant will have been constructed in Pennsylvania.

The telephone is a product of a free America. Those of us who have had a share in its development have a pride in this example of democracy in action.

New Road Plan Is Tested Here

(Continued from page one)

Mr. Collins contended that if all repair equipment in the seven-county district over which he has supervision could be concentrated for short time in each of the counties, the work could be completed in much less time and at a considerable saving in money to the department.

So some weeks ago a road surfacing "panzer division" consisting of about 50 men, 12 trucks, 6 road rollers, 5 distributing trucks, 2 "Buckeye" chip spreading machines and 4 conveyors to load chips from stock piles to trucks, was organized and began a blitz sweep through the seven counties to perform the season's maintenance work.

The program began in Clinton county, where the work was finished four days ahead of schedule. The division was slated to resurface 90 miles of Centre county's total of 581 miles of State Highways...

Like an army unit, the furnishing of supplies for the division is part of the secret of success. Piles of chips are located at strategic points along the roads to be surfaced...

47 Pass Army Physical Tests

(Continued from page one)

The State College board sent 20 men on the special bus. One was rejected, Local Draft Board No. 2 at Bellefonte sent 11 men. Twenty-eight passed the physical examinations. Of the three rejected, two were rejected outright and one was placed in the limited classification.

Those who passed and will make up the County's 12th Selective Service quota sometime after July 9 are:

From Local Board No. 1—Fred Koch, Boalsburg; Joseph Adress, Lewis, E. Dorward, Marshall J. Gates, John A. Connell, John A. McLaughlin, Earl C. Van Trif, Frank L. Gardner, James Adams, Samuel Crabtree, Jr., Leonard Pawlson, Arthur R. Warnock, Jr., Lawrence F. Bender, Charles F. Boal, Franz S. Verth, Eugene J. Reilly, George M. Mason, and Gerald H. Gates, all of State College, and William W. Wance, Aaronsburg.

From Local Board No. 2—Lewis C. Hohma, Phillipsburg; Forrest Johnson, Phillipsburg; E. Gifford Ammerman, Phillipsburg; Andrew F. Bosak, Clarence; Charles Sabol, Clarence; Edward R. Moore, Julian; Alfonso Unick, Osceola Mills; Hugh R. Grech, Phillipsburg; Henry E. Miller, Howard; Bezer O'Neill, Phillipsburg; Andrew Kosak, Phillipsburg; George Sochak, Munson.

Frank Fisher, Milledale; John Shincarik, Osceola Mills; Donald T. Benwick, Powellton; Joseph Confer, Bellefonte; Paul Hudock, Phillipsburg; Richard Bradley, Clarence; William Meeker, Moshannon; Luther Emel, Howard; George Shedd, Phillipsburg; Victor Smith, Howard; Eugene Baughman, Osceola Mills; Richard Furl, Bellefonte.

Furl is being inducted from City Board No. 67 of Philadelphia.

Richard Wallace, Milledale; William O. Beagle, Phillipsburg; Harold J. Kline, Howard; and James Whitaker, Bellefonte, were returned to Williamsport for a re-examination and were again found to meet the requirements.

Banjo Band Is Ready For Trip

(Continued from page one)

between 3 and 4 p. m. Thursday, July 10. The band will arrive home about 3 a. m. Friday. The program will leave plenty of time for the party to see the Falls and other sights in the city. The Falls can be seen and heard from the band hotel, Moose Tower.

Richard Anderson, 20, of Spring Street, Bellefonte, will be the special guest of the band having been selected Saturday night. Mr. Anderson's train and hotel fare will be paid by the band and he will be given money for meals and other expenses.

Clair Poorman, the band's former tall drum major, has leave from the U. S. Air Corps for the trip and will

Pike Damages Cost County \$50,000

(Continued from page one)

be moved to make way for the road. This expense brings the total to \$45,337 as the county's cost of the road. When the remainder of the claims have been settled, the county's bill is expected to approximate \$50,000.

The 53 claims paid up to this time represent an average payment to each of the 53 landowners of about \$715.79. But there was wide variance in the actual amounts received. The highest claim was for \$5,000, and the lowest was for \$50.

When the county has footed all damage claims, the cost to the county of the new 5-mile road will be approximately \$55,500 per mile.

Road damage claims are paid out of a special fund which is received from refunds from the State on liquid fuels taxes collected in the various counties. The State for more than a year has failed to make the refunds, having tapped the monies for other purposes.

Legislature insists the taking of the funds is only temporary and that the counties will be paid in full.

Meanwhile the county has had to borrow approximately \$80,000 to meet road damage claims, and will have to pay interest on that amount until the Legislature restores the money to the liquid fuels fund.

It is interesting to note that during the first week of February the State Budget Secretary announced that the State would pay back a total of more than \$59,000,000 in bonded and liquor license fee rebates earmarked for the various counties.

So far, the Commissioners report, they haven't received any of the promised money.

Most of the claims paid to landowners along the new pike were for damages to land and buildings, but a few were for damage to crops which were destroyed during the road construction.

Following is a list of the 53 landowners whose claims have been settled at this time:

First National Bank, Centre Hall, Dorsey Eckenroth, Sue Getz, Mary Knepp, Carl Williams, John Garth, Oscar M. Zimmerman, Margaret Fishburn, Ben Beckwith, Guy W. Lyons, Jacob Jackson, J. K. Thorn, Julius Sealont, Jay Struble, Simon Blubaugh, Miles O. Campbell, Henrietta Nichols, Tom Tressler, Frank Wien, Lyman Bickel, Margaret Kustanbauer, Milton Garver, Charles Blankley, Carl H. Crust, Alfred Shuey, George G. Shuey, George M. Bloom, Clyde Struble, Charles Zettle, Frank Beezer, John Reish, Lucas T. Larkins, W. M. Osman, T. E. Fisher, James Kerstetter, Clarence Peters, Blantch Wet-

The Days Ahead

TELEPHONE SERVICE is playing a vital part in speeding the production of defense materials in these critical times.

And in the days ahead—should events make it necessary—the telephone communications network will play an even greater part in the defense of the state and nation.

The Pennsylvania Bell organization is 18,500 people operating an up-to-the-minute telephone plant—a plant conceived in the famed Bell Telephone Laboratories and born in the great Western Electric factories.

It was engineered to carry the normal communications needs of our state, with extra "margins" to care for peace-time emergencies and to provide for normal growth.

By the end of this year, more than forty millions of dollars of new Bell telephone plant will have been constructed in Pennsylvania.

The telephone is a product of a free America. Those of us who have had a share in its development have a pride in this example of democracy in action.
