Work Starts On Blanchard Road

Several Detours Suggested For Those Who Wish to Risk Travel

The H. J. Williams Construction Company, contractors for the five-mile stretch of new concrete highway between Howard and Beech Creek, are now engaged in making a fill across the old Route 64 at the Hunter Run church, which has necessarily interrupted traffic.

Those who want to take a chance on getting by this point, the only place yet directly affected, if traveling west can take a short detour over a good macadam road by going out Hunter Run and getting back on Route 64 at the Ray Bullock farm.

Another detour suggested is to take the Marsh Creek macadam road just above Blanchard to Romola, turning left there at a fork in the road and across the bridge and over the "divide" into Howard, an increase of three miles in distance. Still another route is to take the first road to the right after crossing the bridge at Beech Creek and go straight over the hill to the Marsh Creek road at the E. E. Schmick farm and thence to Romola and over the "divide." These two latter alternative routes will avoid the new construction.

Rebersburg Woman Author of Book

Mrs. Mary M. Abbott, principal of the Miles Township High School of Rebersburg, is the author of a book "In the Meantime" which was published recently by Fortuny's in New York, N. Y.

In the book, which Mrs. Abbott has dedicated to her brother, the late Henry T. Meyer, of Lewisburg, the author relates many of her experiences as a teacher in the public schools of Miles Township and elsewhere.

The story is that of the life of Mrs. Jean Graham, who, following the death of her husband, returns to her childhood home and upon the request of citizens of the community, accepts a teaching position. Her experiences as a teacher are related in such a way by Mrs. Abbott as to compose an interesting and humorous story.

We would not try to tell everybody where to worship God but we would tell them to worship Him somewhere.

Bellefonte NYA Announces New Offices to Close

County Affairs to be Handled by Lock Haven Office; W. I. Scott Promoted

The Bellefonte office of the National Youth Administration, Logan Hall, Howard street, will be closed July 31, it was announced by W. I. Scott, county supervisor. The rapidly diminishing number of out-of-school unemployed youth has made it necessary to close many more offices throughout the state in order to effect economy in costs of administration and supervision.

"This does not mean," said Mr. Scott, "that NYA activities will cease in Centre county. On the contrary, efforts will be continued to secure desirable youth work opportunities, particularly those most closely related to national defense. But office expense, just as in any other well managed concern, must be kept in keeping with the actual needs of the business."

"In all of Centre county," continued Mr. Scott, "fewer than one hundred youth are employed on NYA projects or awaiting assignment to such enterprises. The NYA has played a major part in preparing boys and girls for this great turnover to private employment and is proud of its job."

Commencing July 24, National Youth Administration affairs in Centre county will be attended by Paul L. Frantz of Lock Haven, with offices in the Senior High School building, Lock Haven. Mr. Frantz will shortly publish a new interviewing schedule for convenience of youth applicants.

In the fourteen counties of north-central Pennsylvania, the NYA operates many shops—foundries, machine shops, forges, welding shops, woodworking and finishing, concrete block, and radio shops. Every month many NYA youth are being turned out after securing at least the fundamental work experience so necessary to national defense industry. Mr. Scott will be identified with all NYA shop activities in the fourteen counties. Area 6, with headquarters in Sunbury.

The Scott family will continue to reside on North Spring street, Bellefonte, at least for the time being, Mr. Scott said.

Centre County Group Consists of Seven Representative Farmers

Creation of a County Farm Security Administration Council for Centre County consisting of eight leaders in agricultural and community affairs was announced yesterday by Oakley S. Havens, County Supervisor for the Farm Security Administration.

The new council, which is made up of members of Farm Tenant Purchase, Rural Rehabilitation, and Farm Debt Adjustment committees, along with three other community leaders, will cooperate closely with the County Land Use Planning Committee, AAA committee, and other local groups in planning and promoting a coordinated attack on local problems as they affect low-income farm families, County Supervisor Oakley S. Havens said.

The members of the Council who were appointed by J. H. Wood, Regional Director of the farm Security Administration, U. S. Department of Agriculture, are:

George Mothersbaugh, Boalsburg; G. E. Ardery, Port Matilda; Charles Sellers, Port Matilda; John G. Miller, Pine Grove Mills; Robert Harpster, Warriors Mark; John Decker, Spring Mills; and Thomas G. Jones, Boalsburg.

In addition to coordinating the drive against rural distress the Council members, through their knowledge of general and specific local problems, will be expected to assist the county Farm Security Administration personnel in increasing the effectiveness of their program, Supervisor Oakley S. Havens said.

Members of the Council will meet with state and county Farm Security Administration officials in all-day sessions on July 17, at Ebensburg. County agricultural and home demonstration agents will also attend. At the meeting council members and government employees will study the problems of disadvantaged rural families and discuss the objectives and policies of the Farm Security Administration.

CONNIE MACK TO BRING ATHLETICS TO WILLIAMSPORT

Connie Mack Night, Monday, July 21, (postponed from an earlier date on account of rain), will bring the Philadelphia Athletics to Bowman Field, Williamsport, for their annual exhibition game with the Grays.

The game will start at 8 o'clock, and it is anticipated that the attendance will equal if not exceed that of American League Night when 7,082 paid customers witnessed a thrilling 15-inning contest with Wilkes-Barre.

A rip-snorting clash is looked for when the Amazing A's and the Galloping Grays clash on July 21. The A's have upset the dope of early season forecasters and are cutting a wide swath in the American League campaign, while the Grays have been in the lead of the East-

ern League, or near it, since the start of the season.

With the A's will be their "powerhouse" quartet, Bob Johnson, Wally Moses, Frankie Hayes and Dick Seibert, together with two former Grays—All Brancato, shortstop, and Lester McCrobb, pitcher—and Pete Suder, who was voted the Eastern League's most valuable player by the sports writers in 1940. Then, too, there will be Benny McCoy, for whose signature on the dotted line Mr. Mack paid the magnificent sum of \$45,000.

Eastern League admission prices will prevail. There will be no advance.

Civilization, it appears, hasn't crashed yet; the usual crop of summer bathing beauties appear in news pictures.

'Lost' College Girls Arrive Home Safely

Shortly after an 11-state police telephone call sent out for two State College girls, missing since Tuesday night, the girls returned to their homes about 12:30 o'clock yesterday.

They were Dorothy June Bechtel, 15, daughter of Mr. and Mrs. J. M. Bechtel, of Lytle's Addition, and Isabelle Albright, 19, daughter of Mr. and Mrs. W. F. Albright, also of Lytle's Addition.

The girls attended a skating party at Hecla Park Tuesday night, and when they had not returned home at 5 a. m. yesterday, police were notified. Yesterday noon, the two girls were seen walking along The Pike, just outside State College headed for home. Relatives were notified and they completed the rest of the trip by car.

Prepare for Annual Grange Encampment

With the date of the 68th annual Grange Encampment and Fair at Grange Park in Centre Hall still more than a month away, improvements and construction at the park are already under way, those in charge report.

The fair will be held August 23 to 29, with the encampment beginning three days before on August 20.

This year's Grange Park improvement project centers around the electric service to campers and concessionaires. A long-range plan, aiming eventually at completely efficient service throughout the park, was begun last month.

With a view to better current distribution, three additional transformers have been installed on the west end of the grounds and a new and larger transformer put in on the mid-way. In succeeding years, replacement of present lines will be made with heavier wire, improvement in the plan to segregate camp and fair areas as much as possible, tents will be placed east of the boarding house this year instead of in the center of the park along Rhone avenue in order to provide a larger space near the bandstand, it was announced. Erection of tents will begin the last week of this month.

Rents on all tents, both those owned by the Fair Association and those privately owned, have been increased \$2, it was announced. Admission to the fair will be the same as in other years.

Taxes are unpleasant but they are not as burdensome as many assert and they are not as high as they will be.
