At Last A Modern Home Within the Reach of the Average Working Man's Earnings!

This home was designed and built with one idea in mind... to prove that a modern small home can be built at a cost most wage-earners can afford to pay.

Everything necessary for comfort and convenience has been included. Good workmanship and quality materials were used throughout. And we have succeeded.

- Hot Air Heating
- Bucket-a-Day Installation
- Kitchen With Built-in Cupboards
- Bath, Built-in Tub and Shower
- Hardwood Floors
- Lot Graded and Seeded
- Concrete Cellar Floor
- Large Airy Closets
- Inlaid Linoleum, Kitchen and Bath
- Modern Lighting Fixtures
- Concrete Sidewalks
- Concrete Rear Porch

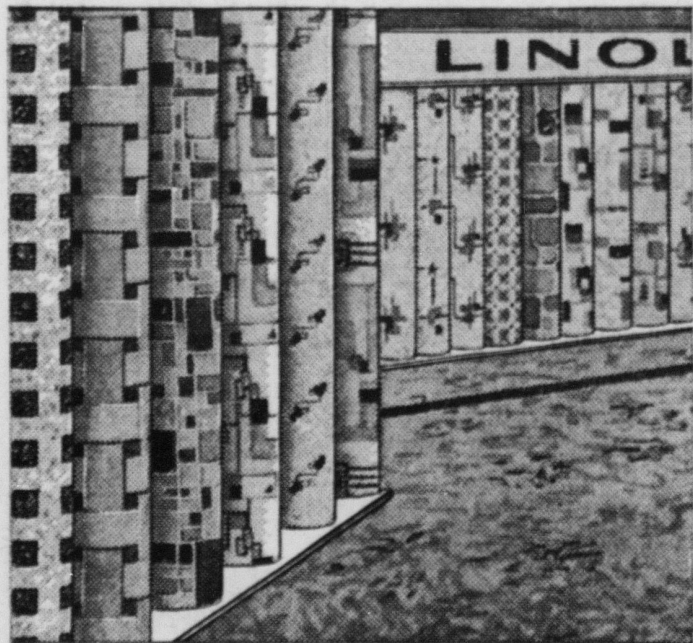

These and Many Other Modern Conveniences have been included in this home, and the price, complete, excluding the lot, is only...

\$3300

You are invited to call and inspect this model home anytime Saturday or Sunday, July 26 and 27, between the hours of 1 and 9 P. M. Attendants will be on duty to show you through and answer your questions. A visit entails no obligation.

Armstrong's Linoleum Was Selected for the Kitchen

... of this Model Home because it makes a kitchen "smile" with color and charm.

ARMSTRONG'S LINOLEUM also was used in the bathroom where its rugged qualities meet their most severe test.

Investigate our unusually large selection of smart new designs. Investigate our helpful decorating advice and expert installation service. You will like our service.

UNSEEN...

Concealed within the walls of the new model home, East Logan Street, Bellefonte, is the electrical wiring. Unseen... it is easy to overlook its importance.

Remember! Adequate wiring is vitally essential to electrical living.

This home has adequate wiring—Red Seal Wiring which makes it possible for you to enjoy the electrical appliances and devices you want.

It provides for big enough wires, plus enough outlets and switches for both today's and tomorrow's needs.
