

DISPELLING THE FOG

By CHARLES MICHELSON

It would be interesting to learn just what act of Hitler would, in the estimation of the opponents of America's defense policy, justify counter measures on our part.

Senator Wheeler and others of the isolation group who criticized our venture in Iceland as an aggressive war measure and prophesied that it would be followed by our occupation of Portugal's Azores and Cape Verde Islands.

Suppose we had not occupied Iceland with the consent and invitation of the Icelanders, and that Germany successfully attacked the British force there and took over the country?

We are engaged in a huge effort to protect this country against possible extension of the Nazi conquests. Our occupation of this base before Germany could seize it is just as plain an element of national defense as our doubling our navy and building a modern army.

It is not a question of hemispheric limitations. Holland and France both conquered by Hitler, have possessions on this side of the Atlantic. The Axis forces are using French and Dutch ports as their chief base in their assault on England.

Heat is produced in the internal body by the burning of various foodstuffs during metabolism. There are heat-dissipating processes which keep the body cool.

The normal temperature can be definitely set at 98.6 degrees Fahrenheit. The temperature of the body can be reduced to a point far below normal, as has been done recently by refrigeration of the human body in treating pain in advanced cases of cancer.

An extreme subnormal temperature produces a deep lethargy which makes impossible the leading of a normal life. So it is with high temperatures, as in high fever.

Doctors are testing the possibility of combining immunization against tetanus and diphtheria. In a group of controlled test subjects the results have been quite satisfactory.

St. Louis is to house the main medical depot of the United States War Department, moving it from New York to the more central location.

The Federal Office of Production Management predicts a shortage of most types of paper as a result of the war and the defense program.

Supplies of chlorine, which is used to bleach paper, also have been cut with the result that magazines and books before many months may have a yellowish hue.

Supplies of chlorine, which is used to bleach paper, also have been cut with the result that magazines and books before many months may have a yellowish hue.

HOUSEHOLD SCRAPBOOK

Odorless Gasoline Cleanser

Add a few drops of oil of sassafras to each quart of gasoline used in cleaning clothes. This will deodorize the gasoline and entirely remove any disagreeable odor from the garment after the cleaning.

Traveling Accessory

Salt bags make handy shoe containers for traveling. The light slippers stay clean and the dark ones cannot soil other things when slipped into these bags.

Skimming Tomatoes

Tomatoes may be easily skinned by placing them in a basin, pouring boiling water over them, and allowing them to stand a minute.

Moss on the Lawn

If you detect any moss on the lawn, it is a bad sign. It indicates either a sour or impoverished soil. For sour soil, apply some hydrated lime and for impoverished soil use a good fertilizer.

Keeping Lemons

Lemons can be kept in good condition for a long time if they are buried in a box of sawdust.

Perspiration Odor

The odor of perspiration can be killed by bathing with a solution of bicarbonate of soda in water.

Painting Hint

Try putting a cardboard picnic plate under the can of paint before beginning the next job. It will catch all the drippings, and is also convenient for placing the brush when necessary to move from one place to another.

Grass Stains

To remove grass stains, rub the garments with molasses, roll up for an hour, and then wash in warm water and soap suds.

Porch Cushions

Save the old blankets and bed comforts, cut out the good sections, fold them, and cover with broadcloth or other suitable material.

For Burning Feet

For burning feet, prepare a foot bath of water as hot as can be borne. This will be found a great relief.

Matted Hair

Sometimes the floor mop matted and does not do its work efficiently. When this is the case, take a cloth-sock and comb out the mat.

Tying Packages

When tying packages that are to be mailed, dampen the string before winding around and tying up the parcel.

Value of Grapes

Grapes are raw wine. They cover a wide field in nature's economy. The pulp is nourishing, the juice is laxative.

New Enamel Pan

Before using the new enamel pan, put it into cold water and place on the stove until the water boils.

Prevention of Discoloration

A piece of lint soaked in vinegar and spread over a fresh bruise will prevent discoloration.

Selecting Paint Brushes

When applying shellac, one should choose a bristle brush; for Japan colors, a squirrel hair or camel's hair brush will produce the smoothest surface.

Easier Cutting

Dip the knife into boiling water until it is heated, and it will be much easier to cut warm bread or cake, hard-boiled eggs, fudge, or caramel candy.

Prevent Staining

If you are accustomed to working in the garden without gloves, rub a little soap under the nails to prevent their staining.

A Good Cleanser

A cleaner suitable for wall paper, paint, or calcimine is made by cooking in a double boiler two cups of flour, one cup of salt, one tablespoon of kerosene, one tablespoon of ammonia, and one and one-half cups of cold water.

Dog Nuisance

One of the most exasperating problems of the average home gardener is the dog nuisance. A spray of water or nicotine products is most generally effective.

Waiting Period

Newly-plastered walls should stand at least two months before being painted.

Cleaning Glass

A tablespoon of kerosene added to a kettle of very hot water will make mirror and glass on pictures bright and clear as crystal.

To Prepare Invisible Ink

An invisible ink may be made by using one teaspoonful of white sugar dissolved in 1/2 cupful of boiling water, or use sweet milk.

Moth Preventive

If the rugs are sponged frequently with hot water to which a little turpentine has been added, moths will not remain long in the rugs.

The Rubber Plant

The gloss of a rubber plant can be greatly increased by dropping about a teaspoon of sweet oil about its roots once a month.

"CABLE TRAIN" COMPLETES JOB NEAR HOWARD

The Bell Telephone Company's "cable train," as it appeared in use for the first time in Central Pennsylvania, along highway route No. 64, ten miles east of Bellefonte. The three-tractor train digs a 30-inch furrow, lays telephone cable in it and covers the cable with earth—a complete job all in a single operation.

Titan, Union In Agreement

(Continued from page one)

and department tonnage rates, and a minimum wage of 50c per hour, was established for all male employees and 45c per hour for all female employees.

Grenoble Clan In 9th Reunion

(Continued from page one)

Grenoble, Smullton. It was decided to have each family bring a family record for the next year.

PORCH CHAIRS

If the porch chairs have been painted this year and seem to get very sticky in the damp weather, try rubbing over the painted surface with a cloth dampened in gasoline. It will remove that stickiness.

POACHED EGGS

Add half a teaspoonful of vinegar to poaching eggs, and it will cause them to hold together. This will have the same effect on fish.

TYING PACKAGES

When tying packages that are to be mailed, dampen the string before winding around and tying up the parcel. It will shrink and hold the package much tighter for the journey.

PRODUCTION CREDIT LOANS REACH TWO BILLION MARK

The two billion dollar to be loaned by Production Credit Associations will be included in a "deferred" loan to Martin Paulson, of Newton, Iowa, by the Newton Production Credit Association, Iowa.

CARE OF RASPBERRIES INFLUENCES NEXT CROP

The size and quality of any raspberry crop depends somewhat on the rainfall and the care received in the year of harvest, but also very much on the growing conditions supplied for the young canes the previous summer.

Child Hurt In Fall From Moving Car

(Continued from page one)

He lost his hold and fell against the door on the right side. The weight of his body against the door handle released the lock, and the door swung open while the car was traveling at normal driving speed.

BIGGER AND BETTER 3-FLOOR SHOWS - 3 EVERY NIGHT HARRY'S TAVERN

South Spring Street Bellefonte, Pa.

President Sends Appreciation

President Roosevelt, elated over the new high record achieved in the 1941 Infante Paralysis campaign today sent a letter of thanks to the nearly 14,000 chairmen who took part in the drive.

Just a week ago at the White House, the President received from Keith Morgan, National Chairman of the Committee for the Celebration of the President's Birthday, and Basil O'Connor, President of the National Foundation for Infantile Paralysis, the campaign report and audit showing that a net total of \$2,104,469.53 was raised—exceeding all former records by 49.5 per cent.

The President, in the letter, said he believed the magnificent results of the campaign were due to three things: 1. The "tireless work" of the National Foundation for Infantile Paralysis in combating the disease and in creating chapters throughout the country.

2. The "enthusiasm and intelligent support" of the thousands of State, County and local chairmen.

3. The "quick, generous support of all citizens."

The President referred to epidemics of infantile paralysis now raging in several States in the South and said:

"You may feel somewhat comforted by the fact that through the National Foundation, competent machinery is now coping with this scourge."

In thanking thousands of campaign workers, the President said: "Truly I am grateful and happy—grateful that your help is carrying on this fight and happy that you, your family, and your friends joined with the National Foundation in helping the youngster around your own corner in their battle for health."

"As I said at the start of the Birthday Celebration activities last fall, nothing is closer to my heart than the health of our boys and girls and young men and young women. To me it is one of the front lines of our national defense."

Today's mailing, which was sent from the White House, is being delivered to every corner of every State in the Union. The letters bear processed signatures of Franklin D. Roosevelt, since it would be physically impossible for the President to personally sign them.

PERFUMES ADD SPECIAL TOUCH TO GOOD TASTE Perfumes may be feminine extravaganzas but if well chosen and used sparingly they give that extra special touch to the fresh cleanliness of good grooming.

Modern perfumes perform better on warm skin than on cold skin. On a textile fabric odor changes as the desirable volatile parts are lost, and a stale perfume odor clings to the garment, which only laundering and bleaching will remove.

Another very important reason for not using perfume on dresses is that it may cause brown stains which cannot be removed and if your dress is one of the acetate rayons, the alcohol in the perfume can damage or even destroy the fabric, particularly in the presence of the heat and moisture used in pressing.

LEGAL NOTICES

M. at the Commissioners' Office, Court House, Bellefonte, Pa., where Candidates may appear in person, or by agent duly authorized by signed and acknowledged Letter of Attorney, to cast lots for position of Candidates' names on the ballots, or ballot labels, for the Primary Election to be held September 9th, 1941.

CHARLES F. HIPPLE, FRED C. MENSCH, HARRY V. KEELER, Commissioners of Centre County, Acting as Centre County Board of Elections.

Attest: FRED G. HOFFER, Chief Clerk. x31

COURT PROCLAMATION

WHEREAS: The Honorable Ivan Walker, President Judge of the Court of Common Pleas of the 40th Judicial District consisting of the County of Centre, having issued his precept bearing date of the 30th day of June, 1941, to me directed for holding a Court of Common Pleas, Court of Quarter Session of the Peace, Oyer and Terminer and General Jail Delivery, in Bellefonte, for the County of Centre.

And the Grand Jury to convene on Monday, the 25th day of August, 1941 at 10 o'clock a. m., and the Traverse Jury called for the regular meeting of Quarter Session Court will convene on the 2nd Monday of September at 10 o'clock a. m., being September 23rd, and the Traverse Jury will appear the 3rd Monday of September, 1941, at 10 o'clock a. m., being September 15th, 1941.

Notice is hereby given to the Coroner, Justice of the Peace, Alderman and also Constables that they may have any business in their respective districts requiring to report to the Honorable Court that they be then and there in their proper persons at the time specified above, with their records, inquiries, examinations, and their own remembrance to do these things to their offices appearing to be done and those who are bound in recognizance to prosecute against the prisoners that are and shall be in the Jail of Centre County, be then and there to prosecute them as shall be just.

Given under my hand at Bellefonte, the 14th day of July in the year of our Lord 1941, and the 15th year of the Independence of the United States of America.

EDWARD R. MILLER, Sheriff.

Sheriff's Office, Bellefonte, Penna. July 14th, 1941. x32

ORPHANS' COURT SALE OF FARM LAND

In the Estate of CLEMENT HARTER, late of Marion Township, deceased. The undersigned administrators of the Estate of Clement Harter, deceased, by virtue of an Order of the Orphans' Court of Centre County, dated July 11, 1941, will offer at public sale for the payment of decedent's debts on Friday, August 8, 1941, at 12:30 o'clock P. M. E. S. T. (which is 1:30 o'clock Daylight Time) on the premises situated on the Jacksonville Road, about 4 1/2 miles East of Bellefonte, all that certain land situated in Marion Township, Centre County, Pennsylvania, bounded and described as follows:

BEGINNING at a stone, the Southwest corner of said tract, at lands known as the Margaret Wilson survey, thence North 32 degrees 14 minutes East 302 rods to stone by fallen B. O. witness; thence North 57 degrees 52 minutes East 89 rods (to stone); thence by lands formerly of William Johnstonbaugh (now Lutz), South 32 degrees 8 minutes East 313.28 rods to stone; thence by Margaret Wilson survey, South 61 degrees 30 minutes West 165 rods to stone, the place of beginning.

CONTAINING 187 acres and 29 perches. BEING the same property conveyed by Harry A. Corman, et al. to Clement Harter by Deed bearing date of the 13th day of March, 1923, and duly recorded in the Recorder's Office of Centre County in Deed Book 128, page 635, known as the Clem Harter Farm, and thereon erected frame house and barn and other out-buildings.

TERMS OF SALE: Ten (10%) percent of purchase price to be paid in cash at time of sale and the balance to be paid upon completion of the sale by the Orphans' Court and delivery of Deed.

ADELINE BREON and JOHN HARTER, Administrators of the Estate of Clement Harter, Deceased. L. Frank Hayes, auctioneer. Johnston & Johnston, Attorneys. x31

PUBLIC SALE OF VALUABLE REAL ESTATE

The undersigned, being duly authorized by the children and heirs-at-law of Miranda Wert, late of Aaronsburg, Haines Township, Centre County, Pa., will offer the real estate of said decedent at public sale on the premises on

SATURDAY, AUGUST 16, 1941, commencing at 10:00 o'clock A. M. Eastern Standard Time and which said real estate consists of a two and one-half story brick house, five rooms and sun porch on first floor and four (4) rooms and bath on second floor; one large barn sufficient for four (4) cars; chicken house and other out buildings and which said real estate thus to be offered at public sale, and situate in the Village of Aaronsburg aforesaid, is bounded and described as follows, to-wit:

On the East by lot number 399; on the South by Aarons Square; on the West by lot number 401; and on the North by Strawberry Alley, being in front along Aarons Square 60 feet and in depth 200 feet and is known as lot number 400 in the general plan of said town.

Being the same lot and parcel of ground recently bequeathed in Miranda Wert, during her lifetime, by deed from the Executors under the last Will and testament of Israel Weaver, deceased, dated March 31, 1909, and recorded at Bellefonte, Pa. September 16, 1909, in Deed Book Vol. 101, page 632.

Immediately following the sale of the above described real estate, one safe with key lock will be offered. Possession of the real estate will be given when terms of sale are complied with, subject to the rights of the tenant occupying the same.

TERMS OF SALE: 25% of the purchase price to be paid in cash to the undersigned when the real estate above described is knocked down and declared sold and the balance of said purchase price, to-wit, 75% shall be paid in cash to the undersigned upon delivery of deed.

JOHN B. WERT, D. SPARR WERT, Agents for heirs of Miranda Wert, deceased, Elmer E. Huber, auctioneer, W. Harrison Walker, Attorney. x33
