DISEASE CONTROL HELPS TO GROW FINE FLOWERS

Without control, diseases would damage and destroy at least one-third of our flowers, says County Agent R. C. Blaney. Some of the most disease-susceptible flowers, such as hybrid tea roses, would likely produce only about half as many flowers on each bush and, in addition, disease attacks would so weaken the bushes that half of them would be winter-killed.

Black spot, one of the destructive diseases of roses, is caused by a fungus which is unable to make its own food and, therefore, must feed on other plants. The spores of the black spot fungus when in water send out little roots which can grow into a rose leaf and pull out food. For that reason, sprinkling is not the way to water a rose garden; the water should run on the ground.

Since rain and dew cannot be kept off the rose leaves, however, it is necessary to spray or dust rose

bushes each week during the growing season to control black spot. The spray should contain Bordeaux or other forms of copper. Dust usually contains sulfur to act as a fungus deterrent.

When a leaf is covered with either copper or sulfur, the chemical poisons and kills the roots of the fungus spore as they try to enter the covering or outer layer of the leaf. With new leaves being put out all the time, it is necessary to spray or dust each week, and both the upper and under sides of the leaves must be covered.

The sulfur must be finely ground when used as a dust and it should contain 60 to 80 parts of sulfur, in addition to other materials like lime. Weekly applications of this dust also will prevent mildew or ornamentals, and it will lessen many other flower diseases, such as the rusts of snapdragon, aster, and hollyhock.

We'll see you at the Convention.

FAMILY OUTING HELD SUNDAY AT HECLA PARK

An outing was held on Sunday at Hecla Park in honor of Mrs. Elmer Justice, of Bellefonte, whose birthday was Tuesday of this week.

Those who attended the gathering were: Mr. and Mrs. A. J. Duks, Mr. and Mrs. Gilbert Bryan, of Crescon; Mrs. James Eyerly, Jr., and daughter, Barbara Kay, of Phillipsburg; Mr. and Mrs. Harold Bohn and daughter Connie, of State College; Mr. and Mrs. Elmer Justice, Mr. and Mrs. Lee Justice, Mr. and Mrs. Larry Justice, Mr. and Mrs. Donald Miller, Mr. and Mrs. Donald Benner, Mr. and Mrs. Jack Witmer, Mr. and Mrs. Paul Justice, Mr. and Mrs. John McCully, Mr. and Mrs. Fred Bryan, Pat-y and Joan Benner, Esther and Ruth McCully, Molly and Madeline Justice, Paula Justice, Barbara Saxon and Ann Justice, Don and Harry Miller, Johnny, Sammy and Eddie McCully, Bill, Bob and Bud Justice, and Jackie Witmer, all of Bellefonte and vicinity.

Architects to Buy School Equipment

(Continued from page one)

then prepare specifications, advertise for bids, sign contracts, arrange bonds, take full charge of seeing that the equipment is delivered and installed. It will be the architect's responsibility to have the furniture and all rooms in the new building cleaned, polished, and ready for occupancy.

Monday's meeting was the first session of the new seven-man school board. One of the newly-appointed members, William B. Troupe, was administered the oath of office by Board President, Horace J. Harlan. The other appointed member, Dr. Enoch H. Adams, was unable to attend the meeting, having been called upon an emergency case.

Bellefonte schools will open on Wednesday, September 3, and the board, at Monday's meeting reaffirmed its intention to bar from the local schools pupils from all outlying districts which have not settled tuition accounts in full. The Supervising Principal was instructed to deny admission to any pupil from districts which owe on tuition accounts when school opens.

The Finance Committee was given power to act in the matter of obtaining insurance on the new school building while construction operations are under way.

Supervising Principal Earl K. Stock reported that the proposed Civilian Pilots' Training Course which was to have been instituted here, has been abandoned because a sufficient number of qualified applicants were not available. Only eight applicants were able to pass the physical examinations, Mr. Stock said. A minimum of 25 students was needed for the course.

The board approved a defense training course in blue-print reading and granted permission for use of classrooms for such classes. Harry Menold, of the manual training department, is to be in charge of the classes.

Clarence B. Hendrickson, of Litzitz, recently elected to a teaching position in Bellefonte, in a letter to the board asked to be released since he has an offer of a more suitable post in the Carlisle High School. The board accepted Mr. Hendrickson's resignation, with Mr. Schadt casting a dissenting vote on the grounds that the teacher had agreed to come here, even though the offer had been signed.

The board granted a \$5 monthly increase in salary to Ralph Haag, janitor. Mr. Schadt voted against the increase, declaring that teachers deserve increases in wages more than other school employees. Mr. Haag has been receiving a salary of \$90 a month.

It was indicated that a special meeting of the board will be held within a week or so to discuss the collection of taxes still outstanding on the 1940 duplicate. Members of the board expressed the belief that the 1940 duplicate should be closed before the collector is given the 1941 duplicate. Harry E. Mattern, school treasurer, specially appointed to bring the school's tax records up to date, reported that he expects to have the task completed in the near future.

Board member R. C. Blaney, chairman of the building committee, reported that samples of concrete being used in the new school are being tested at intervals at a Pittsburgh laboratory. Specifications call for concrete which will withstand a pressure of 2000 pounds per square inch. Recent samples withstood pressures up to 3500 pounds a square inch, Mr. Blaney said.

The chairman also reported that Hunter & Caldwell recently had a prominent expert on building foundations inspect the foundations of the new building, and that the expert declared the work so far is entirely satisfactory.

The Building Committee was authorized to investigate the advisability of having a section between two walls of the new building excavated for use as a storeroom. Plans call for the section to remain unexcavated, but it was pointed out that the work could be done easily and at little expense, before construction proceeds further, and that it would make available a storage space about 150 feet long, 9 feet high and 20 or 30 feet wide.

Completes Air Course

Samuel H. Lucas, son of Mr. and Mrs. Boyd Lucas, of Unionville, was graduated from an aviation mechanics course at the air base at Jacksonville, Fla., Saturday. The young man, who joined the U. S. Navy last January, will be stationed at the Jacksonville field.

Brungarts Meet At Hecla Park

Harry Bair, Altoona, Named Head of Group at 18th Annual Reunion

The 18th annual Brungart reunion was held at Hecla Park, Saturday, August 9, as scheduled. The weather was ideal for such an event. This gathering commemorated the 18th year of the arrival of the Brungarts in America. Among the early descendants are found such names as Wentz, Utz, Weiser, Albright and Kehl, through whom one branch traces its ancestry to Revolutionary War members of the family took part in that war and every war since then.

These are German names but there is not one who would not be willing to give his last drop of blood to get rid of Hitler and all he stands for. These people came to America to avoid that kind of persecution.

The business session was held at 1:30 p. m., at which time the officers for next year were elected as follows: president, Harry Bair, Altoona; vice presidents, W. Harrison Walker, Bellefonte; John B. Wert, Centre Hall; Mark W. Brungart, Lock Haven; Noah S. Sellers, Ligonier, Md.; N. H. Sullivan, Hershey; William Baum, Marietta; D. A. McKibben, Howard; and A. Frank Hockman, Bellefonte; treasurer, C. M. Bierly, Rebersburg; genealogist and secretary, E. M. Brungart, Selingsgrove.

Prizes were given as follows: to the oldest member present, Mrs. Mary C. Frank Selingsgrove; to the youngest member present, Alfred James Waltz, son of Harry C. Waltz; to the largest family present, Mr. and Mrs. John Kyper, Altoona; to the one coming the greatest distance, Delpha Erhardt Wynn, Lawrence, Kansas. The member has not been seen for 50 years.

No formal addresses were made but plenty of spirited and interesting remarks were made by members of the clan, concluding with an appropriate and timely reading by Mrs. Josephine Roush Leitze, of State College.

The entertainment committee consisted of Stella Witmer, Bellefonte; Mabel Dotterer, State College; and Margaret Patterson, Harrisburg. These ladies had a well selected program in which all earnestly participated and which everybody enjoyed. The remaining few hours of the banquet were spent in reminiscences, acquaintances and forming new ones. There were about 100 members of the clan present and very few failed to register and get the usual ribbon commemorating the annual event.

Home Is Burned At Beech Creek

The bungalow home of Joseph McCloskey in Beech Creek township was completely destroyed by fire Friday afternoon about 4 o'clock. Mrs. McCloskey had a baking of bread in the stove and a hot fire and it is presumed that an overheated flue set the roof afire on the inside.

She had gone to the home of her parents, Mr. and Mrs. Elmer Young, a short distance down the road a short time before the fire was discovered and no one was in the house at the time. Only a few pieces of furniture were saved. The small home was built about two years ago in that section known as Pennyroyal Point.

School Board Bill Vetted
Governor James this week vetoed a measure permitting boards of school directors to create the office of district superintendent without obtaining approval of the county board of school directors.

PUBLIC SALES

SATURDAY, AUGUST 22—C. F. Corman, Adm. of the Adam Corman estate will offer at public sale, in the borough of Unionville, Pa., the following valuable real estate: a farm of approximately 100 acres; 10 tracts of land, containing about 100 acres of woodland. Woman Badly Hurt.
While looking at her flowers, Mrs. Charles Halstead, aged 80, of Avis caught her foot in some loose earth and fell, breaking one of her shoulders in several places. She had been quite active and takes much interest in the appearance of her flower-beds.
