UNIONVILLE

Methodist Church: Sunday school on Sunday morning at 9:15; Youth Fellowship Sunday evening at 6:30, followed by the regular preaching service at 7:30, with sermon by the pastor, Rev. Snyder.

Free Methodist Church: Prayer service Friday evening; Sunday school on Sunday morning at 9:30, followed by the regular preaching service with sermon by the pastor, Rev. Jacobs.

Presbyterian Church: Bible study class on Monday evening, Dec. 1, at the home of Mrs. George Shipley. A Thanksgiving service will be held on Thursday morning at 9:30, which hopes to be a Union service. All churches of the community are cordially welcome. There will be a good attendance.

Donald McElwain, who is employed in Baltimore, Md., spent the weekend with his parents here. Mr. and Mrs. Clarence Bauder and son, William, spent Sunday at the home of his parents, Mr. and Mrs. C. W. Bauder and other relatives in the community.

Weekend guests of Mr. and Mrs. Clark Williams were their two nieces, Misses Ruth and Lucille Updegraff and girl friend of Williamsport. They returned to their home Sunday.

Our community was greatly shocked and saddened on learning of the death of Mrs. Amanda Way last Friday morning. Mrs. Way had enjoyed Thanksgiving with her son and family, Mr. and Mrs. Herbert Way of Ohio, and the next morning passed on to receive her reward. She was a highly respected citizen of the community and will be greatly missed by all her friends and neighbors. Interment took place in the stone cemetery after funeral services were conducted from her late home on Sunday afternoon. We extend most sincere sympathies to the family, relatives and friends in their hours of bereavement.

Miss Lorraine Parsons, teacher in the schools at Canton, Pa., is spending the Thanksgiving holiday with her parents, Mr. and Mrs. E. L. Parsons.

Mrs. W. B. Parsons left on Tuesday for McKeesport, where she is spending Thanksgiving with her niece and husband, Mr. and Mrs. Edward Chagnot and family.

The schools of the borough and Bellefonte High School students from the community will enjoy a two-day vacation over Thanksgiving and will resume their studies again on Monday.

Mr. and Mrs. J. R. Williams and daughter Nell, accompanied by Mr. Roger Williams of Martha, are spending Thanksgiving with the former's daughter and husband, Mr. and Mrs. Charles Nason of Philadelphia.

Mr. and Mrs. G. W. Bullock are spending their Thanksgiving with their son and wife, Mr. and Mrs. George S. Bullock of Philadelphia. Their daughter and husband, Rev. and Mrs. Robert Keeler, will also spend the day with them.

The sportsmen of the community are getting their ammunition ready for the opening of deer season on Monday. The Unionville Rod and Gun club, whose headquarters will be at "Camp Atkins" on the Allegheny mountains, are opening camp the latter part of this week. Many others will enter their camps over the weekend.

The regular monthly business meeting and social of the Woman's Society of Christian Service of the Methodist church will be held next Wednesday evening, December 3rd, in the church. We trust there will be a good attendance as this is the annual election of officers and a special Christmas program has been planned. Don't forget your gifts for the basket, also the home-made articles for the traveling basket which are to be in at this time.

Announce 1942 Farm Allotment

Pennsylvania AAA Committee Sets Crop Rates For Next Year

Rates of payments for Pennsylvania crops planted within special crop allotments under the 1942 Agricultural Conservation Program were announced this week by the Pennsylvania State AAA Committee.

"The rates and other provisions of the 1942 program are directed at greater conservation achievements on individual farms, and at helping farmers attain record production of farm products needed under the Farm Defense Program," James E. Walker, Harrisburg, chairman of the committee, declared.

Crop payment rates for next year, based on a normal yield of the allotted acreage, are wheat, 10 1/2 cents per bushel; potatoes, 2 cents per bushel. Except for wheat, the rates are somewhat lower than those in effect this year. The wheat rate represents an increase of 2 1/2 cents per bushel. The 1942 national wheat acreage allotment is substantially reduced because of the large reserves now in the nation's granaries. Pennsylvania's wheat acreage allotment for next year is 757,632 acres, a decrease of 92,547 acres.

As in former years, Pennsylvania farmers participating in the Agricultural Conservation Program may earn two types of payments in 1942: one for planting within special allotments such soil-depleting crops as wheat, potatoes, and the other for carrying out soil-building practices. Soil-building rates for the 1942 program were announced several weeks ago.

"Allotment payments under the 1942 program," Mr. Walker stated, "are dependent upon passage by Congress of the annual appropriation of \$500,000,000 authorized in the AAA Act of 1938. In addition,

final payments are subject to a 10 per cent revision, either up or down, depending upon the extent of farmer participation."

A new provision of the 1942 AAA program provides that not less than 25 per cent of the cropland of farms with allotments be devoted to soil-building and soil-conserving uses, in order to continue the program's objective of soil improvement. Several minor changes are also included, some of which provide increases in the rates of payment for certain erosion control practices.

Mr. Walker stresses the importance of farmers planning their 1942 farm programs in line with defense needs. "The conservation part of the program," he said, "is aimed at increasing production of specified crops needed for defense. Particularly needed are more milk and eggs, and their production is affected by the soil-building practices farmers carry out under the conservation part of the program. This month, Pennsylvania AAA committees are conducting a canvass of every farmer in the State to determine his intended production of milk, eggs, and other food crops next year."
