WINGATE Our community was shocked last Thursday morning, Dec. 18, when sad news was received of the unexpected death of Tomer Bobb who was working in Pittsburgh and died very suddenly. The relatives and friends from the surrounding community attended the funeral.

Old Mother Earth was blanketed with ice last Tuesday which made it necessary for road men to get out and ash the highways.

Mrs. Florence Lucas lost a house cat last Monday evening when a mean-hearted tourist hit it and killed it. It is terrible when we consider that certain drivers will stoop so low as to kill dumb animals.

Mrs. H. B. Witherite of Osceola Mills, and daughter Ruth, who is employed at Harrisburg, motored over on Friday afternoon and called on Lydia Irvin and daughter, Miss Ruth, who spent over Christmas with her parents, Mr. and Mrs. H. B. Witherite.

We experienced a flood last Wednesday morning. The cellars of Lydia Irvin and Mr. Snyder, and the back yard of the Irvins was under about a foot of water, and part of the Bobb garden being under water. The cause of this is that certain parties throw their refuse in the ditch along the Snow Shoe road, thus causing the water to back up into the properties.

Mrs. Robert Lyle of Altoona, came down last Friday to visit her daughter and family, Mr. and Mrs. Clark Custer and daughter.

LYONTOWN (From Last Week) Mrs. Samuel Burris is still on the sick list. We all hope she is well soon.

Arthur Dolan, teacher of Oak Grove school at Lyontown, and his pupils gave a very nice Christmas play. It was very good and well attended. The school was decorated very beautifully and the program was all filled with Christmas spirit.

We pledge ourselves to this cause A Statement by The Great Atlantic & Pacific Tea Company

We make this pledge publicly to our national government and to the people of the United States:

That we will cooperate unhesitatingly in every effort of authorized government agencies to prevent unwarranted rises in prices of foods.

That we will continue our efforts to reduce the spread between prices paid to the grower and prices charged to the consumers.

That to this end we will continue to do everything in our power to assist the farmers and growers of America in the orderly marketing of their products at the fairest possible prices to them.

That we will make every effort to hold our inventories at the lowest point consistent with good service to our customers because hoarding, whether by wholesalers, retailers, or consumers, will cause higher prices.

That we will endeavor to continue to pay our employees the highest wages and to give them the best working conditions in the grocery business generally.

That we will make every effort to continue to sell food at retail at the lowest gross margin of profit in the history of the retail grocery business.

Today we are providing food for our customers at the lowest gross profit rate in the history of the retail grocery business. This means that we have achieved efficiencies in the distribution of food never before attained. More of your food dollar goes for food and less for overhead expenses than ever before. No other great retail business in the United States in any field is operated with such a low cost of distribution.

No one in the food business can control the wholesale price of food. Only the government of the United States has power to do this, and for the protection of our people this power in the government is now a necessary power.

Today, with the nation at war, we believe that no private interest has any rights in conflict with the general public interest.

The armed forces of the United States are today receiving more and better food than ever before in our national history. It is equally important that all of our people working and living behind the lines, men, women and children, shall be better fed and better nourished than ever before in our national history.

JOHN & HARTFORD, President
