Acting upon a resolution introduced by Councilman Weber the wage scale of five street employees was increased from 40 cents to 50 cents an hour, effective January 5. Two regular employees of the water department were granted similar increases. The action was taken when it was explained that the men involved are trained workers and that many opportunities for positions at higher wages are now open to them. Employees affected by the change are: Herbert Auman, Jr., Fred Benner, Joseph Carson, Thomas Cowher, Charles Baney, Hassell Shultz, and Francis Morton. The suggestion that Bellefonte enact its own quarantine laws was made by Council President Sieg, who expressed the belief that in view of

the prevalence of measles such a law might be worth while. The solicitor is to be consulted in the matter.
