

PLEASANT GAP

Mr. and Mrs. Charles Keiser of New Bloomfield, plan to spend Easter Sunday at the home of the latter's parents, Mr. and Mrs. Charles Stitzer. Mrs. Martha Noll made a trip recently to the Masonic Home at Elizabethtown to see her boys, and found Gilbert fine and Jimmie, who had been having serious eye trouble, somewhat improved. He will enter patent trade school in July. We are sorry to note that Irvin Noll, one time resident of this town but whose home has been at Downingtown for a number of years, has been ill ever since he was here to attend the funeral of the late Adam Fauble some weeks ago. We hope he may soon regain his former health. Mrs. Seibert of Bellefonte, a former resident of this place, has been quite ill for the past week. Mrs. Rachael Noll, who has been very ill for several weeks, is reported improving. Mrs. Edna Kirkwood of New Castle, is caring for her. John Tate was taken suddenly ill and became unconscious while at the Spicher service station Monday morning. A doctor was immediately summoned and he was taken to his home. Isaac Tressler and family moved on the Frank Keller farm last week, when the former occupants moved to Pine Grove Mills. William St. Clair moved to the Jodon apartment vacated by the Tresslers. James Burd moved from part of the old Hartsock house into part of the Nellie Gettig house. Mrs. Hugh Crumlish has been ill with the grippe for the past few days. Keh Marshall was home from one of the southern states, where he is employed at defense work, for a week with his mother. Arlene Zimmerman moved to State College, where she is working on defense work at the Central Extension. Miss Phyllis Stitzer made a trip to Camp Lee, Va., recently to see her friend, William Waite of Bellefonte, before he left for foreign service. Quite a lot of excitement was caused here about 11 o'clock last Thursday morning when the Lloyd Sampson house became on fire. The inside was entirely ruined and roof completely burned. It is thought the ruins will have to be torn down as they are beyond repairing. Fortunately everything from first and second floors were saved, although many valuable objects on the third floor were buried, among them being wedding gifts and prized possessions of his daughter, Gladys, who it was reported was on her way to Alaska at the time.

Ten Candidates For Governor

(Continued from page one) Lewis, an independent. G. Raybill Diehm, Lancaster, county commissioner who has the support of the New Guard, an organization of insurgents which includes William H. Harman founder of the Willkie club of Pennsylvania in 1940. John C. Bell, Jr., state secretary of banking, whose name had been advanced frequently but unsuccessfully in conferences seeking a "harmony" candidate. The Democrats listed are: Auditor General F. Clair Ross, endorsed by the state committee. Judge Ralph H. Smith, backed by U. S. Senator Joseph P. Guffey. Luther A. Haer, bituminous consumers' counsel, the choice of State Chairman Meredith Meyers. Clarence P. Bowers, Berks county manufacturer, and James J. Regan, Montgomery county attorney, Independents. Final filings failed to develop a comparable free-for-all for other statewide offices though contests have been assured. Two candidates from each party filed for lieutenant governor and for secretary of internal affairs. Interest among Republicans in the appellate court seats drew five candidates for superior court with Democrat Michael A. Musmanno unopposed for his party nomination. Seven Republicans and two Democrats filed for the supreme court. For congress-at-large, there are three Democratic and eight Republican aspirants. Those who filed for district offices are: Democratic—Congress, Harry Diehl of Neary, Blair county; State Senator, Howard J. Thompson, of Clearfield; General Assembly, James Riley, Osceola Mills. Republicans: for Congress, James E. VanZandt, Altoona; State Senator, Al Letzler, Houtzdale; and General Assembly, Kenneth G. Haines, Rebersburg. Most people would be better off if they spent their money on a budget plan.

Stamp Plan to Be Used Here

(Continued from page one) chase six dollars worth of stamps, and so on. The purchased stamps and the "free" stamps will be of different types. The stamps which are paid for can be used by any kind of groceries, while the free ones will be good only for purchasing designated commodities. In accepting stamps the merchant turns them in to the Pittsburgh headquarters and receives final payment for the goods he has sold under the stamp plan. The new system, which has been in successful operation in 11 Pennsylvania areas for some time, will go into effect in Centre County as soon as the necessary organization is completed, it was reported yesterday.

The Melvin Barto family will occupy the Mrs. Annie Kocher apartment on West Main street after April 1, recently vacated by the Carl Kocher family, who moved to Benton where Carl is employed as superintendent of the Benton Water Works. 32 inches of snow stilled our valley Saturday evening and Sunday, the deepest since February of 1908. The rubber charlods were useless on Sunday. Old Dobbin again played an important part in locomotion. Melvin Ellenberger is now boss farmer on the Arthur P. Stephens grain and seed farm just west of town. Don Kepler is taking a special course in U. S. military duties at a school near Annapolis, Md. Mrs. Minnie Hess visited the past week with Mrs. H. S. PENN STATE MEN AID PLANT DISEASE FIGHT

To aid the fight against plant diseases, which annually destroy vast amounts of food crops and constitute a threat to American wartime agriculture, the plant pathologists of Pennsylvania, New York, New Jersey, Maryland, Delaware, Virginia, and West Virginia have organized the National Plant Pathology Association. Efforts will be directed toward expansion of the search for substitute fungicides, many of those now in use being made from important war materials, and to exploit methods of "stretching" supplies now available, according to Dr. R. S. Kline, chairman of the committee and extension plant pathologist of the Pennsylvania State College. The committee also plans to gather the latest unpublished information and crop disease outbreak reports and promptly relay them to growers through extension services. Chairman of committees on a crop group basis include: O. D. Burke, for potatoes; H. W. Thurston, Jr., for fruits; and K. W. Kretlow, forage and fibre crops. Burke and Thurston are on the staff of the Pennsylvania State College and Kretlow is with the Federal Pasture Research Laboratory at State College. HANDICAPPED CHILDREN TO BE SUBJECT OF STUDY The child with a cleft palate—"most neglected of all our handicapped children"—will be the subject of a two-year study just begun at the Pennsylvania State College. The investigation will be carried on jointly by the speech clinic and the department of education and psychology. According to Dr. Herbert Koepf-Baker, in charge of the speech clinic, these handicapped children are often shoved from one agency to another without getting the help they need. "Approximately 4000 Pennsylvanians were born with a cleft-palate condition which handicaps them socially and vocationally," Dr. Koepf-Baker said. "Many of them could find their proper place in society if treated." Two hundred patients will be studied at Penn State to see what can be done for them, who should assume responsibility for their care, and how they can be fitted into the public school program.

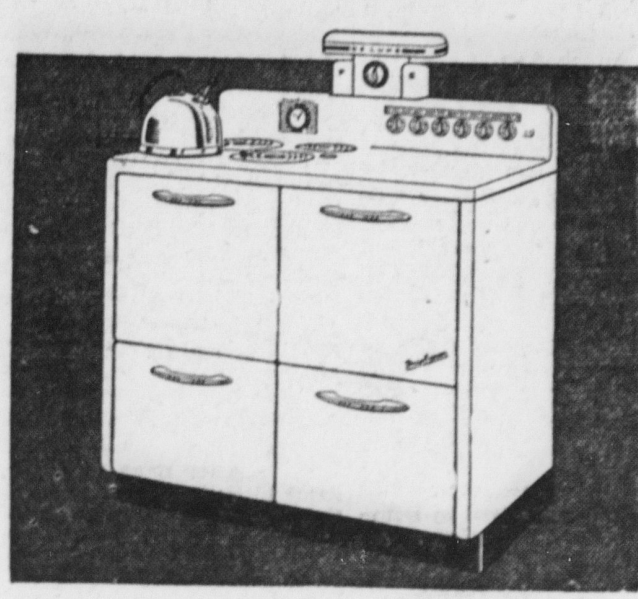

Change of Judicial District

On March 5, 1942, an Act was passed by the seventy-seventh Congress, Public Law No. 476, to transfer Blair county, Pennsylvania, from the Western Judicial District of Pennsylvania, to the Middle Judicial District of Pennsylvania. On March 27, 1942, the Chief Clerk of the United States District Court, the Honorable William H. Mitchell, received from the Honorable John Higgs, Jr., Senior United States Circuit Judge, a supplemental order dated March 27, 1942, assigning all Bankruptcy proceedings arising in Blair county after March 5, 1942, to the Honorable Albert W. Johnson, United States District Judge for the Middle District of Pennsylvania. There are now thirty-three counties in the Judicial District for the Middle District of Pennsylvania.

Ralph G. Hill, of Bellefonte, has arrived at Camp Polk, La., from the army reception center in his area. Private Hill has been assigned for training purposes to the 703rd Tks. Dts. Battalion, commanded by Col. Lt. Yeoman, one of the units of the 3rd Armored (Bayou Blitz) Division. Private Hill is a son of Mr. and Mrs. William Hill, of South Potter street, Bellefonte. Laws and commandments, in the opinion of some, were made to guide the other fellow always. Some questions asked indicate that somebody doesn't know much about what is being discussed.

Millheim Man Becomes Major

(Continued from page one) On completion of that course, February, 1941, he was assigned to command of Battery "C", 14th Battalion, 5th Training Regiment, U. S. Army P. A. R. C. After serving ten months in that capacity, he was advanced early this year to Battalion Executive Officer, from which position he received his recent promotion to the rank of Major. Present regulations governing promotions of army officers require that to be eligible for promotion to the next higher rank all officers must have served at least six months as executive officer, performing the duties of the next higher rank, unless under "exceptional circumstances." His promotion to major was made under this "exceptional circumstances" clause, the only officer so appointed in a total list of 73 appointments made at that time. He passed his 30th birthday last January and is the youngest Artillery officer of that rank at the Fort Bragg Training Center which is one of the largest military camps in the U. S. at the present time. Reviving a Fern Oftentimes a fern that is considered dead can be revived by standing the pot in a tub of hot water for about an hour, or until the water becomes cool.

Congressmen can become alarmed about little things and yet remain as dull as stones about big issues that threaten the nation's safety. Any schoolboy knows that teachers have different ideas. Economy in affairs of state depends upon a strong-willed executive who doesn't need votes right away.
