

# Immediately after an air raid is a critical time

## That's when calls FOR HELP are most important

That's when Air Raid Wardens or other officials must call for ambulances, for doctors, for fire-fighting apparatus.

If the telephone lines are crowded with other calls, the calls which may mean life or death do not get through.

**DURING AND FOR AN HOUR AFTER AN AIR RAID, DO NOT USE YOUR TELEPHONE. KEEP TELEPHONE LINES CLEAR FOR EMERGENCY CALLS.**

This is vitally important—for the protection of yourself, your family and the whole community.

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

### PENN STATE GRADING DEFENSE COURSE STUDENTS

Results of psychological tests given recently to Pennsylvania State College defense training classes in Bellefonte are being returned to individual students and their instructors, according to the announcement of Charles H. Griffin, who is in charge of the research phase of the college's extensive testing program.

Tests are being returned this week to 18 students enrolled for supervisory training, according to the announcement. All of them are employees of the Titan Metal Company. They will receive score results in tests of intelligence, personality, and

vocational interest.

All students enrolled under Penn State's Engineering, Science and Management Defense Training Program receive tests of this sort. Through analysis of test results College authorities get a more complete picture of the needs and abilities of those being trained.

Reports returned to instructors give no individual scores but show the relative standing of the class in comparison with similar groups throughout the state. In this manner the instructor is better able to gauge the calibre of his students and is assisted in knowing what type of teaching method is best suited for them.

### Sarah Ann's Cooking Class

#### Fruit Flate I

In the middle of salad plate arrange crisp lettuce. Put a mound of cottage cheese on lettuce. Around the lettuce put orange sections, cherries, long sections of canned pineapple and slices of banana.

#### II

Arrange lettuce in middle of plate. Sprinkle generously with cottage cheese. Surround lettuce with apricot halves, pineapple slices, long sections of banana and cherries.

#### III

Line the salad plate with lettuce and arrange wedges of strawberry flavored gelatin, canned pear halves, grapefruit sections, plum prunes and orange sections.

#### Fairy Cones

6 egg yolks  
3 tablespoons sugar  
2 tablespoons flour  
1 cup chopped nut meats  
Whipped cream sweetened and flavored.

Beat the yolks of the eggs with the sugar; add the flour, then the nuts. Spread as thinly as possible in greased flat baking tins. Bake about 7 minutes and while still hot cut into squares and roll each in the form of a cone. When ready to serve fill with the flavored and sweetened whipped cream.

#### Planked Fish

Select a fish weighing 2 to 4 lbs. Wash. Scrape well to remove the scales, working from tail toward the head. Wash fish, split the underside. Draw. Cut off fins and remove eyes. Wash carefully inside and out. Sprinkle well with salt and pepper. Stuff lightly. Sew loosely. Skewer to shape. Place on a small well oiled baking sheet. Set baking sheet in shallow pan large enough to catch drippings. Bake 375 degrees, allowing 20 minutes per pound. Baste every 15 minutes with butter or oleomargarine. When done, remove from oven. Place baking sheet in an oblong tray or platter. Garnish fish with well seasoned buttered asparagus, strips of pimiento and mashed potato forced through a pastry tube. Insert a half slice of lemon cut very thin and matched carefully to take the place of the fin which has been removed from

the back. Insert stuffed olives for eyes. Serve at once.

#### Fish Stuffing

3 cups soft bread cubes  
3 tablespoons melted margarine  
Water  
1-4 cup finely chopped celery  
1 teaspoon chopped onions  
Salt and pepper

Combine ingredients, seasoning to taste and adding sufficient water to make stuffing pack easily.

#### Orange Marshmallow Pie

1-2 lb marshmallows  
1 cup strained orange juice  
1 tablespoon lemon juice  
1-2 cup heavy cream  
Lemon wafer crumb crust  
1 orange

Toasted marshmallow halves  
Heat the marshmallows over hot water until almost melted. Remove from heat. Add fruit juices. Cool. Whip cream fold in. Chill until slightly thickened. Pour into crumb crust. Chill overnight. Garnish with orange slices and toasted marshmallow halves.

### NITTANY LIONS SPROUT WINGS AS NAVY FLYERS

The naturalists are all wrong if these Pennsylvania State College students have anything to do with it.

"Wine One" of the Flying Nittany Lions—approximately 25 seniors at Penn State—is scheduled to report on June 4 to the Commandant at the Air Base, Navy Yard, Philadelphia, for flight training.

If things go well with these lions they will eventually sprout Navy Wings and will be the first service unit exclusively composed of Penn State men.

Symbolizing their college background, the Navy Department has designated this group of Penn State as "The Flying Nittany Lions." The Nittany Lion, a Pennsylvania mountain lion, is mascot for Penn State's athletic teams.

Thomas W. Allison, of Philadelphia, is Wing Leader of the first group, while Bill Debler, football and baseball star, also from Philadelphia, will lead Wing Two, which will report a few weeks later.

Having successfully completed the basic work and soloed, members of the Penn State Units will be advanced to Pensacola for advanced training leading to graduation as Naval aviation officers.

### New Boro Manager

(Continued from page one)

ed Mr. Saylor whether he believed he could handle the extra work he replied in the affirmative, on the condition that he could have some dependable person to oversee and supervise work on the streets.

Phil Saylor has borne up well in the past in the matter of handling a variety of borough jobs to the satisfaction of Council. He began borough work some years ago as a kind of foreman of the water department to assist then Superintendent James D. Seibert. Prior to that time he had been engaged in the plumbing trade in Bellefonte.

After learning the fundamentals of water department work, he was steadily given added duties. In 1939 a recapitulation showed that he was Borough Fire Marshal, virtual superintendent of the water department, borough plumbing inspector, collector of delinquent water taxes, overseer of borough property, inspector of new and proposed buildings, and supervisor of the then borough dog pound.

Saylor was given the added duties after a reading of the formal resignation of George Carpeneto, who in withdrawing from borough service expressed thanks to members of Council for their co-operation in the past.

Council President Sieg expressed regret at losing Mr. Carpeneto, as did Councilman Long, Harold D. Cowher and Leslie Thomas. A letter from the borough auditors stated that they had examined Mr. Carpeneto's accounts from January 1, 1942 to May 1, 1942, and found them true and correct. The resignation was then formally accepted.

A possibility that a per capita tax of possibly \$1 a year may be levied in Bellefonte by Council was broached after a discussion of demands being made upon the borough by the Civilian Defense program. Councilmen expressed a belief that no one would complain against a tax of that nature for the duration.

Karl E. Kusse secretary of the Bellefonte Chamber of Commerce, at the invitation of Council, gave a report of the work being carried on there by Henry Noll, who leases the airport from the borough. Kusse said that Noll has been turning all his earnings back into the business to improve and equip the airport and that soon the town will have an establishment of which it can be proud. The airport may be used by any fliers, Mr. Kusse said.

Because the supports of the bridge spanning the Gamble mill race at the Thomas store on West High Street have become weakened through the action of dampness on its steel girders, Council voted to limit the weight of vehicles using the bridge to 5 tons, until repairs are made. Signs giving notice of the limitation will be posted.

The police report submitted by officer John Galanda showed 34 cars tagged for parking violations; 4 automobile investigations, 2 arrests for drunk and disorderly conduct and 10 persons lodged in the lock-up.

Council again discussed the need for supplying adequate air-raid warning devices, and the only new suggestion to come before the body was one by President Sieg, who reported that some communities are using aerial bombs, such as are used in July 4th celebrations.

The system would be to use three or more bombs to denote the approach of raiding planes, and a single bomb for the "all-clear". The Fire and Police committee was instructed to continue its study of the matter.

F. W. Schlegel, owner of a property on East Logan street, asked Council to relocate the sidewalk in front of his property in accordance with an agreement made last fall. The rebuilding of the walk has been delayed by the weather. Mr. Schlegel was informed. The Street committee is to examine the problem further and report at the next meeting of Council.

Health Officer W. W. Bickett submitted a report listing the owners of pigs within the borough. The report showed 6 pig owners on Burnside street, 2 on South Spring street, 3 on Fifth avenue, and 2 on Elmchambers street.

Mr. Bickett issued 15 health certificates and inspected 5 eating establishments during the period, the report revealed.

Fees from the season's first outdoor curb market on the Diamond totaled \$2.80.

An appropriation of \$250 is to be made by the borough to the Centre County Library if that amount can be worked into the budget, the finance committee reported.

The meeting was adjourned to reconvene at the convenience of the Finance Committee, at which time the budget and sundry matters will be discussed.

Our Own Suggestion: Drive slowly; save tires; save lives—maybe your own.

### County To Have Test Blackout

(Continued from page one)

at strategic points.

During the blackout all lights in homes must either be extinguished, or must be completely protected so that no light is visible from outside. Local air raid wardens will be on duty to see that all citizens comply with this most necessary regulation.

The warning signals will originate from the Air Raid Warning Center, which will warn the various sector chiefs to get their organizations functioning. Each town will use its accepted air warning signal to mark the beginning and the end of the test. Those signals will be announced next week for those which have not yet decided on the manner of signaling.

Merchants of the towns are urged to blackout their window lights at all times and to provide red bulbs of no greater than 25 watts for their night lights. The importance of keeping the town in total darkness for the thirty-minute period is stressed in the fact that observers flying over localities in which tests have been made could distinguish cigarettes and cigars being smoked by persons on the streets. Therefore the "no smoking" request is made to all citizens while in the open.

The Civilian Defense Council and its workers have spent many weary months organizing and training its workers and it is up to the citizens of the county for whose protection they have been working to give them the utmost cooperation to make their first trial a success.

### Local Girl Arrives From Pearl Harbor

(Continued from page one)

here, while other relatives in Bellefonte and vicinity include two brothers, John and Daniel Caldwell; a sister, Mrs. Russell Koons, and a half-sister, Mrs. Helen Cowher.

Joseph, now a petty officer, attended the Bellefonte schools and was employed for a time by the American Lime and Stone Company before enlisting in the Navy about 15 years ago.

Mrs. Caldwell went to Honolulu last June, and her husband joined her there between cruises. Upon her return to this country she spent nearly a month with Mrs. John Greer, in Frenchman, Bayou, Arkansas, before continuing east to Bellefonte. Mrs. Greer's husband was lost in the sinking of the U. S. Destroyer Reuben James—the first destroyer to be sunk in the Atlantic during the present war.

Mrs. Caldwell commented that one of the questions most frequently asked of her is "Where is the Navy, and what is it doing?" Her usual answer to the question is: "The Navy isn't loafing or killing time and if you want to know where it is, go enlist and you'll soon find out!"

And that, it seems, isn't a bad idea.

### REAL ESTATE FOR SALE AT PUBLIC AUCTION

The property of Robert A. Spicer, deceased, situate at Central City, Boggs Township, Milesburg, Pa., will be offered for sale at Public Auction at the premises on Tuesday, May 19, 1942, at 2:30 p. m. The sale will consist of one double dwelling frame house, barn, out-buildings and two lots. This property adjoins the grounds of the Central City Hotel lands. The right is reserved to accept or reject any or all bids.

Terms will be announced on the day of sale.

Estate of Robert A. Spicer.

### Aid Is Offered To Registrants

(Continued from page one)

receive the questionnaires are those between the ages of 20 and 44 who registered on February 16, totalling about 642,000 in Pennsylvania. It is estimated that about 3,000 registrants in Centre county will receive questionnaires at this time.

Primary purpose of the survey is to avoid induction into the military forces of men more urgently needed in war production, and to speed war production by promoting transfer of workers from non-essential occupations to war industry. It is therefore of the greatest importance, Manager Brown emphasized, that questionnaires be fully and accurately filled out. To help registrants do this special arrangements have been made with local employers, labor unions and veterans' organizations. Assistance also is available from Selective Service Advisory Boards, and at any office of the U. S. Employment Service.

For the convenience of persons wishing aid in making out questionnaires, the USES office in Bellefonte, located at Spring and Pike streets, will be open according to the following schedule, Mr. Brown announced.

In addition to the regular hours of 8:30 to 5 a. m. on Monday through Friday, and Saturday from 8:30 to 12:30 p. m., the office will remain open on Friday, May 8, Tuesday, May 12, Wednesday, May 13, and Friday, May 15, from 8:30 a. m. until 8:30 p. m.

Manager Brown declared that accurate and complete answers to the questions on these forms will be a vital part of the Victory Program. He also urged registrants to fill out and return their questionnaires promptly, since they must be returned to the Selective Service Board within ten days.

### Academy Banquet Plans Completed

(Continued from page one)

far and near attended the banquet at the Brockenhoff Hotel.

The dance on Saturday night after the banquet will be a most attractive, new feature of the 1942 program. There will be no charge for the dance. Wives of the alumni members will serve as patronesses at the dance.

A charge of \$350 covers expenses for printing, secretarial work, postage, dinner, orchestra, dance and incidentals. Checks should be made payable to George Carpeneto.

Dr. Gilbert "Stuffy" Meyers, of Pittsburgh, will be the toastmaster. He entered the Academy quite young and spent five years at the school. He was prominent as a surgeon and
