Local Citizen Nearing 100th Anniversary

(Continued from page one) Mr. Tressler sleeps well, but his appetite is light. He takes daily strolls about town, unaided by crutches or cane, and is always in a good humor.

Mr. Tressler is a son of Henry and Lydia Rites Tressler, Pennsylvania Dutch natives of Schuylkill County, and was born on a farm near Houserville on June 29, 1842.

On Saturday, June 6, Mr. Tressler was the guest of honor at the annual Tressler family reunion, and on Sunday, June 28, one day before his 100th anniversary, he will be honored at the annual homecoming to be held at the Filmore Methodist church.

Mr. Tressler, who was 78 years old last February, suffered a fracture of a hip in a fall in April 1941, and while the bone was mending she is compelled to use a crutch in walking.

After their marriage, Mr. and Mrs. Tressler lived for 8 years on the Tressler homestead property before moving to the farm of Mrs. Tressler's father. Their union was blessed with eight children, three of whom died in infancy.

After thirty years ago, after their children had married and left the farm, Mr. and Mrs. Tressler came to Bellefonte, living in the Thomas Williams house on Reynolds avenue for nearly seven years before purchasing from the late Capt. C. T. Fryberger,

Msgr. Downes Flays Criticism

(Continued from page one) upon to honor the flag of our country, and it is most appropriate that a Catholic school is raising a flag because in this war that flag is not only the banner of our country—it is the banner of our God.

"The German people for years were trained to walk and talk and even to think in one way in order that they might be ready for this conflict, and the leaders of this movement, created a new idea in philosophy of government. They tried to impress upon their people that there is no God, that God is not the Supreme ruler of the universe, and it had to oppose that idea of a totalitarian state, and as a result it had to suffer persecution."

"On another question the Catholic church took issue with the Nazi philosophy, on the place of man in the universe. Our church teaches us in the words of Holy Writ that man was made just a little lower than the angels, that the individual has supreme rights. We read in the Holy Bible that God created man after his own image and likeness, and that he gave him one of his own dear attributes and that was the attribute of freedom of will, and therefore, man should not be made only for a purpose, but he should be made only for a person in the hands of God, that man is entitled, as the God fearing man, that established this republic said, to have the right to life, liberty and the pursuit of happiness."

"We are now engaged in a war to see if those ideas of our forefathers are to perish, and we know they are not, as we know that the sun rises tomorrow that the Nazi philosophy will go down into oblivion. I know as the Sacred Scriptures say, 'God is not mocked, whatsoever a man shall sow so shall he reap.' He has sown the wind and he will reap the whirlwind. Times look dark now but the time will come when the God of the universe will show to the world that God gives all the beauty we see around us and all the wonder of it, will take His place in the hearts of men again."

"About forty years ago an English poet, Francis Thompson, with a poet's idealism saw what was taking place in the world. He told us how nations would stand in blood, how kings would be a broken band and he prophesied, saying, 'Look up, O ye faint of heart, the God that gives all the beauty we see around us and all the wonder of it, will take His place in the hearts of men again.'"

USO Drive Is Meeting Success

(Continued from page one) American Legion are heading a house-to-house canvass. Other women and a number of men have volunteered to help with the work and are calling at homes and business places throughout the town.

The Milesburg Woman's Club is in charge of the work in that town. Mrs. Louis G. Peters, president of the club, is completing the organization of the campaign and persons in that section may expect to be called upon this week. The women will call at every home in the town.

A committee has been organized to solicit funds from industries in the district and has already made much progress. All organizations are being asked to give to the drive. One of the first organizations heard from was the Bellefonte American Legion which voted to give \$100 to the USO.

Solicitors in Bellefonte have been given prepared sheets of paper on which contributions are to be signed. The American Legion Auxiliary has asked a number of women outside the organization to help solicit for the campaign, and can use additional volunteers. Anyone wishing to help is asked to get in touch with Mrs. Leonard Glenn of Milesburg, president of the Auxiliary.
