

PAYS FINE IN PENNIES Sentenced to pay a fine for passing a stop sign, John Bryson of Watsontown, R. D. 1, recently appeared at the office of Justice of the Peace W. E. Schnee, Montgomery, and paid a fine and costs totaling \$7.45, all in pennies. The two bags of pennies ranged in age from ones dated 1910 to the present year so it is possible that these coins represented a number of years' savings. In his spare moments, Mr. Schnee is examining the large pile of coins to see if there are any unusual coins, and especially in search of the very rare 1922 penny. It was intimated that Mr. Bryson might have been provoked because only seven days previously he had appeared before Mr. Schnee and paid a fine on a reckless driving charge.

PLEASANT 'TICKET'

When Charles Miller was ordered to the curb by a police cruiser at Portland, Maine, the motorist groaned: "What have I done now?" "Nothing," said the policeman as he handed Miller a pocketbook containing \$310.00. "Your baby just tossed this out of your car." So today there's at least one motorist happy because he was flagged down by a traffic cop.

MOO SCARES CORA

Cora, the elephant, two and a half ton member of Wallace Brothers' Circus, exhibiting at Elgin, Ill., was so upset by a cow mooing that she broke away from her trainer and thundered for several miles through Elgin. Fences were smashed, grape arbors crumpled and Victory gardens squashed before she was recaptured, but no one was hurt.

KEEPS UP ROUTINE

Although his owner, Billy Miller, 75-year-told rancher, died on July 4, Devil Skin, his faithful horse, stands for eight hours at the town's hitching post at Chotean, Mont., then trots home again, just as he has done every day for ten years.

LONG DISTANCE WAIL When Mrs. Thomas Siciliano of Taunton, Mass., held her dayold baby boy to the mouthpiece of the telephone, Captain Siciliano, the baby's father, heard the baby's voice in far-off Honolulu, where he is serving as an Army medical officer.

Any how the crib was buried under other furniture. So the next day the S. A. truck stopped, unloaded the crib, a couple of dollars changed hands and everyone was satisfied. The woman who originally owned the crib got rid of unwanted furniture; the Salvation Army received some needed money, and the woman next door has a crib just like she's been wanting. The crib had a free ride to Altoona and return.

CROSS IN CORN: Missing for over a week, the bad-

Maybe he's seeing ghosts under the bed, but anyway you can't be too careful these days, and that's why we're reporting this. A stooge (who specifically doesn't like to be called a stooge) reports that a corn field in the southern part of Centre County is so planted that there are two wide swaths of grass, at right angles to each other to form a giant cross, in the middle of the field. He contends that the cross would be a most conspicuous marker from the air, and that similar markings have been used in countries invaded by Axis nations to show the way to vital centers. We haven't any idea that the farmer who planted his corn field in that manner in this county is in league with the Axis powers. We're not giving the exact location of the farm because we don't want him to come

Mr. and Mrs. Lurk M. Russell of criticism. But on the face of it this corner believes a quiet investigation would be in order. (Location of farm
