High School To Open October 6 June, it is planned.

(Continued from page one) Schools Earl K. Stock, and High the effect that school may be held School Principal O. F. Sollenberger, on Saturdays to make up for lost only Junior High School pupils will time are entirely incorrect, report to school next Tuesday. The State laws prohibit the holding of following day, Wednesday, only Sen-ior High pupils will report. On Pupils from Unionville will be

As pupils enter the new building township area. next Tuesday morning at 9 a. m., they will be met at the entrances by specially selected students who ful information.

School Hours Fixed

In the various classrooms teachclassroom section to familiarize each total of 975. pupil with the general layout of rooms and facilities

The same procedure will be followed Wednesday when Senior High School pupils report for the first

Beginning Thursday, October 8, regular school days will be inaugurated. Classes will begin at 8:30 a. m. and will dismiss at 11:55 a. m. The afternoon session will be from 1 to six one-hour class periods and a 25minute home room period. All pupils will be required to remain in Start in on route two twenty, school during the entire school day, regardless of class schedule. In other words, the halcyon days of the Academy when pupils not in classes The valley itself you'll find is beauwere permitted to roam at will because there were no facilities for keeping them indoors, are over, chool officials pointed out.

There are no present plans for exceptions to this rule because of transportation problems, or because If they would all start in and get a pupil wishes to work elsewhere during some school hours.

Home Room System The home room system to be used in the new building will be another new feature in the local school system. Under this plan each pupil will be assigned a home room, which will Then the folks that pass through be his "headquarters" in school. He will spend a 25-minute period there each day, will keep his books there The farmers who make the endeaand the teacher in charge of the room will be his advisor and friend -a person to whom he can go for advice, aid, or counsel in any matters pertaining to school life or ac-

There will be no main study hall, For doing their farming so poorly. in the sense of main study hall in the building which was destroyed by fire. With nearly 1000 pupils such a system is impracticable and the I see some have started the task home room has been found much Of which I hope everyone will more satisfactory. Instructions to the student body as a whole may be Get away with all this useless brush. given with ease through the public Let's have a beautiful valley. address system installed in every Now don't hang back. I mean everyroom and connected directly with the Supervising Principal's offices. Communication between any class- Make the valley as it used to beroom and the Supervising Principal's office is possible through the same system.

Pupils driving to school in cars Then strangers passing through will find ample parking space on Lamb street and in the courtyard betwen wings on the Lamb street side of the building. Bicycle racks We have everything in this valley are to be provided for those coming to school on bicycles.

Shorter Vacations

With the school opening on October, a total of 18 school days will We should take good care of this have been lost from the normal year, which began September 9. This loss will be made up largely Always be courteous and wear a through a shortening of all vacation periods during the year, so that the
