This week-National 4-H Achievement Week-150 Centre County boys and girls enrolled in 4-H Agriculture Clubs, are recalling what they have done during 1942 to aid the war effort. They are not disappointed, says E. B. Tait, Assistant County Agent.

Seven thousand pounds of pork, two and a half tons of vegetables, over a half ton of honey, 760 capons and 29 lambs on feed, and 43 dairy calves nicely started on their way to being good milk cows, are welcome facia to Uncle Sam, who needs meat and sweets and milk. But this was only the first job this year; 4-H members didn't stop there.

When Uncle Sam asked for paper and rubber and scrap iron, when he sold stamps and bonds, when neighbors were squeezed by the labor shortage, Centre Countr's 4-H boys and gitls responded. They bought \$1801 worth of stamps and bonds. They collected 18 tons of scrap iron, 2 tons of paper and almost 3 tons of rubber. them helped their neighbors plow and haul hay. A few
