#### QUERY AND ANSWER COLUMN

E. D .- Is it true that Pan-American is the only air line which can use the word "Clipper" in referring to planes? Ans.—The term "Clipper" as used to refer to airplanes is a trade name

of the Pan-American Airways and may not be used by any other airway turned to their home Tuesday, after

A. D. B .- Why was Ananias considered such a liar? Ans.-He and his wife, Sapphira, were struck dead for misrepresent-

ing the amount of their gifts to the Apostle Peter. V. A .- How large is the average person's heart?

Ans.—The adult human heart is about five inches long, three and one. Lincoln Park, N. J.

half inches broad and of conical shape. E. C. E.-How many Masons are there in Russia?

Ans.-Freemasonry is prohibited in Russia. S. M .- Is it true that Winston Churchill is an artist of note?

Ans.-John Gunther says that Mr. Churchill paints for relaxation and that there have been several exhibitions of his work under the name Charles Morin.

N. E .- Do the Central and South American countries have legislatures consisting of two houses? Ans .- All except Costa Rica, El Salvador, Guatemala, Honduras and Panama which have unicameral legislatures.

B. L. C .- Can roasted coffee be stored for any length of time without by L. E. Biddle of Bellefonte, assist-

Ans.-Roasted coffee deteriorates rapidly, a loss of aroma taking place Biddle as marshal. Mrs. Kenneth a dry skin, for it will tend to make in a short time.

W. L. O .- What is the origin of "telling it to the Marines?" -According to Burton Stevenson the phrase was first used by The officers installed were: master, skin food, or a specially prepared

Pepys in his Diary. A colonel of the Marines told King Charles II a seemingly wild tale of having seen a flying fish, whereupon the ruler remark-"Henceforth whenever we cast doubt upon a tale that lacketh likelihood, we will tell it to the Marines." A. F. L.-How old must a dog be to be eligible for a dog show?

Ans.—Dogs are regarded as eligible for show purposes between the Mothersbaugh; gate-keeper, Mrs. wind without this protective coverages of nine months and one year. Show dogs usually begin their training Claude Witmer; Ceres, Mrs. Ralph ing upon your face. It is much easier as fast as I'm telling you this (which when only a few months old.

A. U. E .- Has Stalin any physical deformities?

Ans.-Eugene Lyons in "Stalin: Czar of All the Russias," says that he was born with one arm partially paralyzed and two toes grown together unnaturally.

M. C.-Who was the first billionaire in the United States? Ans.—The first American fortune to pass the billion-dollar mark was that of John D. Rockefeller.

W. R. A .- Did Japan give financial help to the United States at the time of the San Francisco earthquake?

Ans.-Japan contributed \$150,000 to the United States at that time. L. E. M .- How fast does the blood in the human body travel?

Ans.—The blood moves in the principal arteries at the rate of a foot per second and makes the circuit of the vascular system in about twenty

J. J .- Who preceded Myron C. Taylor as United States envoy to the

Ans.-Taylor is the first official envoy to the Vatican since Rufus King, who left Rome in 1868.

W. D .- What is the size of the largest branch on the General Sherman, the big sequoia tree in California? Ans.-The largest branch is nearly nine feet in diameter and is 130 feet above the ground.

A. W. D.-Who is author of the saying that a man's word is his bond? Ans.-Miguel Cervantes in Don Quixote said, "An honest man's word Altoona, Monday. is as good as his bond."

The bigger the American army the quicker the Nazis will read the handwriting on the wall.

The old-fashioned man, who used to make New Year resolutions, is still making them, which is to his credit.

Maybe the restriction on house heating will persuade some women to wear enough clothes to keep warm.

If it will cheer you up any, we remind you that in about six months you will be complaining about the hot weather.

As 1943 gets underway we extend cordial greetings to the officers and men of the United Nations; the world owes them more than it will ever repay
