HONOR MARINER KILLED IN ACTION

George Grazier, 21, State College, Posthumously Awarded Navy Cross

Twenty-one-year-old George Grazier, first State College man to give his life in his country's service during this war, died a hero's death on Guadalcanal, August 19, 1942.

Details on Private Grazier's actions will be included in the citation which will accompany the award.

George's mother, Mrs. Madeline Carter of State College, has received this letter from the Marine Corps: "I am directed by the commandant of the U. S. Marine Corps to inform you that information has been received from the commander of the South Pacific area and South Pacific force, that your son, the late Pvt. George H. Grazier, U. S. Marine Corps, was posthumously awarded the Navy Cross for extraordinary heroism during action against the enemy on Guadalcanal August 19, 1942.

"As soon as the final action has been taken on the above-mentioned award, the Navy Cross and citation will be forwarded to you which no doubt will be within the next month."

The letter was signed by Col. John Dixon of the U. S. Marine Corps. Pvt. Grazier enlisted early in 1942. He was a graduate of State College High School in the class of 1940 and had worked at the College poultry farm before joining the Marines.

OPA Holds 'Hearings' On Gas Violations

Thirty-five persons suspected by OPA officials of violations of the ban on pleasure driving appeared at the Court House Tuesday night to have their cases reviewed.

The "hearings" were in charge of John Bernite, of the district OPA office at Williamsport, while members of the local Rationing Board served in advisory capacities.

Decisions in all the cases were solely in the hands of the OPA representative. Most of the 35 "defendants" submitted statements showing that their cars were not being used for non-essential purposes when OPA checkers took the license numbers. Several of them were penalized by having stamps removed from their gasoline rationing books, or by having the books recalled.

Rationing officials declared that the seriousness of the gasoline shortage seems to escape many motorists entirely. They pointed out that 90 per cent of the gasoline being used by the American forces in North Africa must be shipped from the eastern seaboard and that gasoline used unnecessarily at home may deprive our soldiers of that fuel, which is pushed through a rapid and complete victory.

Ration Board Office Hours Are Changed

To conform with the schedule of office hours established for all OPA offices in the Williamsport District, the Bellefonte War Price and Rationing Board announces the following change in hours:

The office will be open to the public from 9 a. m. to 4:30 p. m. Monday through Saturday, and from 7 p. m. to 9 p. m. on Wednesday.

A Stenographer Goes to Washington

By RUTH M. BICKLE, Pine Grove Mills.

(In the following article will be found the intimate experience of a Centre County girl who answered the call for office work at the Nation's Capital. With no attempts at fancy flights of rhetoric, the author gives us a word picture of her emotions in meeting the adventure of going to Washington as a stenographer, which, she declares, applies to many more girls than herself.)

On June 18, 1942, I took the Civil Service examination for Junior Stenographer along with several of my classmates. I had no idea of what was in store for me, but on July 10, I received notification to report for work in Washington, D. C., on July 20, 1942. After getting over the shock of realizing exactly what had happened, I realized that here was my opportunity to get away from the small town which I thought at that time was the most awful place in the whole wide world. When I took that examination I had no intention of going away from home to work. I didn't think my parents would allow me to go so far away when I was just a young girl. I had just graduated from high school in June, 1942, and was 18 years old. I was soon to realize that I was not so far from home as many young people.

There happened to be a friend of ours from the city of Washington who had just received that letter, so I went and had a long talk with her about Wash-

Buried Under Slide of Coal While Working at Power House

EFFORTS TO REVIVE VICTIM FRUITLESS

Use of Bar to Free Fuel in Bin Believed Cause of Fatality

Theodore Yingling, 48, temporarily employed as asman at the Pennsylvania Electric Company power plant in Philipsburg, was smothered to death Tuesday under 50 tons of coal.

After Yingling was missed by Engineer Bert Green, who his duties as asman were being neglected, a search was made and a bar was discovered sticking in the coal in Bunker No. 2. This led to the belief that he may have been covered by a slide in the bunker.

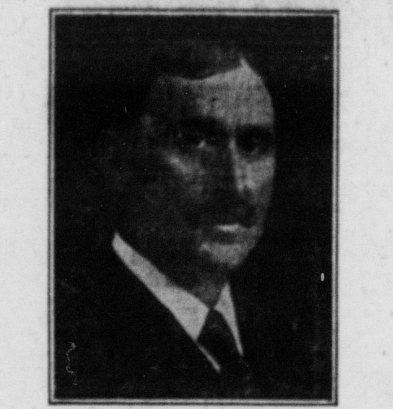

Rescue crews worked for two hours to move the 50 tons of coal from the bunker and it was an hour later before they were rewarded by sighting a hand in the coal. Another slide covered the hand again and it was another hour before the body was recovered.

Dr. George Taylor had been summoned and was on hand when the body was recovered. A trained first aid crew of company workmen aided in recovering the body. The company's inhalator and first aid equipment was on hand but all efforts were to no avail. It is believed the victim was in the coal for about three hours.

Yingling was last seen alive about 3 o'clock Tuesday morning and it (Continued on Page Four)

ILLNESS FATAL TO SHERIFF YARNELL

Chairman of County GOP Succumbs at Hospital; Funeral Saturday

George H. Yarnell, of Mingoville, Centre county Republican chairman, and former Sheriff and Commissioner of Centre county, died at the Centre County Hospital here at 5:10 o'clock yesterday afternoon, of complications.

Mr. Yarnell had been in failing health for the past six months, and was admitted to the hospital in serious condition Sunday morning. His condition rapidly grew worse until the end.

Mr. Yarnell as a youth was employed in the coal mines. (Continued on page three)

A. & P. Rumor Incorrect Rumors about Bellefonte to the effect that the A. & P. Super Market in Bellefonte would be closed were branded as untrue yesterday by officials of the company in Altoona. "We have been in business in Bellefonte for many years, and we expect to remain in business there," a spokesman said.

On June 18, 1942, I took the Civil Service examination for Junior Stenographer along with several of my classmates. Yarnell Transferred To Philadelphia

Dwight A. Yarnell, for the past two years station agent and yardmaster for the Pennsylvania Railroad in Bellefonte, has been transferred to the post of supervisor of the company's LCL service in the office of superintendent of stations and transfers, Eastern region, Philadelphia.

His post here is being taken for the time being by John Baker, who had been serving as agent at Mill Hill.

Mr. Yarnell, who came to Bellefonte from Altoona, was educated in the schools there and entered the employ of the PRR as a post-office attendant on June 14, 1926. He held that position until March 16, 1937, when he was made an extra station agent on the Middle division on the staff of supervising agent. He was transferred to Bellefonte on April 1, 1941, succeeding G. E. Hilligass here.

40 SCOUTS GET MERIT AWARDS

Ceremony Last Night Is Highlight of National Boy Scout Week

Approximately 40 boys received advances in rank and awards at the public Court of Honor held by the Muncy District Boy Scouts in the court house here last night.

The program, arranged by Scouters of the district headed by Earl W. Cartwright, included selections by the Titan Chorus.

A feature of the program was the awarding of bronze palms to Bellefonte Scouts, Donald Ammerman and Leonard Levine. The two young men were advanced to the rank of Eagle Scout at ceremonies held several months ago.

The program opened with the usual Scout ceremony, followed by an investiture for tenderfoot Scouts acknowledging membership, Scoutmaster presented the awards and advances in ranks and Carl Disque of the Juniata Valley Council officiated as the Junia Valley Council officer at Lewistown took part in the program. Mallory Studio to Close February 27

After 45 years of continuous business in Bellefonte, the Mallory studio is to close, Saturday, February 27, it was announced yesterday by Edgar R. Mallory, administrator of the estate of the founder, R. L. Mallory, deceased.

Strict limitation on photographic supplies, and virtual inability to obtain many supplies needed to operate the studio were among the chief reasons assigned for the closing of the studio located on the second floor of the Exchange building, North Allegheny street.

In an advertisement appearing elsewhere in this issue, the administrator, son of the founder of the business, announces that amateur photographic supplies now on hand will be closed out at reduced rates. Announcement also is made of provisions for filing portrait negatives and of arrangements for obtaining work now on order.

NAB FUGITIVE ON TIP FROM CENTRE HALL

Rockview Inmate Has Less Than Five Hours of Liberty

PRISON CLOTHING CAUSES SUSPICION

Philip McClenahan in Line For \$50 Reward For Capture

Things happened fast yesterday to Stanley Bronski, 22, Rockview inmate who "disappeared" from the prison farm about 10 o'clock yesterday morning.

By 11 o'clock prison officials were conducting an intensive search for him. Shortly before 1 o'clock the prison siren notified the countryside of the escape. At about 2:45 yesterday afternoon the fugitive was seen walking through Centre Hall. At 3:15 p. m. he was picked up by two prison officials along the Brush Valley road about a mile east of Centre Hall, by 3:45 he was locked safely in a steel cell at the county jail here—ready for supper.

The main feature of the fast-moving drama is Philip McClenahan, 30, of Centre Hall, whose prompt action upon spotting the suspicious looking man resulted in the early capture. McClenahan is in line for the usual reward of \$50 offered by the prison for information leading to the apprehension of escaped inmates.

McClenahan told a representative of this newspaper that he was walking along the sidewalk near the "Diamond" in Centre Hall between 2:30 and 2:45 o'clock yesterday after-

'FLASH FIRE' AT SYLVANIA PLANT

Two of Seven Employees Injured in Confusion Are Bellefonte Residents

What officials of the Sylvania Electric Products Corp. described as a "flash fire" occurred about 9:45 Monday night when a gas line in a building removed from the main plant at Mill Hill severed and ignited.

The fire was quickly extinguished by the automatic sprinkler system. Firemen were not called. In the confusion among employees on the first floor as they left the building when the fire alarm was set off, some of the employees received minor injuries and bruises. First aid was given promptly.

Seven of the employees were taken to the Lock Haven Hospital but five of them were discharged after treatment.

Company officials said the damage was of a minor nature and that operations were resumed immediately. The cause of the fire, they said, was "purely accidental."

Still in the hospital Tuesday morning were Mrs. Florence Fenstermaker of Lock Haven, with injuries of the right leg, and Miss Faye Rayvon (Continued on Page Three)

Complete Audit Of County Offices

The operation of the Recorder's, Register and Prothonotary's offices during 1942 will net the county \$1,179.07, according to an audit completed this week by S. H. Hoy, of Bellefonte, specially appointed by the Court to audit the records of the three offices in compliance with state laws.

Each of the three office holders is entitled to \$4,000 annually as his fee for operating the office, and may keep one-half of the amount in excess of \$4,000. The other half must be turned over to the county.

The Register's office accounts for the major part of the county's share of \$1,179.07, for the office will turn (Continued on Page Three)

No-Slicing Order Gives Customers Heavier and Better-Tasting Bread

Now that you've again mastered the art of slicing your own, how do you like the bread you're eating these days?

If you're like many persons you're eating more bread now than in the days not so long ago when your loaf came sliced neatly and precisely into 22 even, mechanically perfect slices.

For aside from the fact that slices are uneven, ragged, and otherwise bear evidence of maltreatment at the hands of the family knife wielder, today's bread apparently pleases most persons.

Here are a few of the comments heard during the past week or two: "Bread tastes better now than when the bakeries sliced it!" "Our family is eating nearly twice as much bread now as it did before the slicing ban went into effect."

"They must have changed the bread formula since they quit slicing bread. It's much better now!" (Continued on Page Four)

Ann Keichline, First Woman Architect in State, Dies Here

MISS ANNA W. KEICHLINE

Miss Anna Wagner Keichline, well known Bellefonte architect and the first woman architect admitted to registry in Pennsylvania, died at her home on East Bishop street at 3:30 o'clock Friday morning, February 5, 1943. She had been in failing health for more than a year and had been confined to her home for the past several months.

A native of Bellefonte, Miss Keichline received her early education in the Bellefonte public schools and attended Penn State College for one year. In 1911 she was graduated from Cornell University in the curriculum of architecture. During her lifetime she received a number of honors from national societies for her writings and research, particularly in air-conditioning done in collaboration with Professor Young of Cornell University.

During World War I she served as a special agent with the government military intelligence division, and during the administration of Presi-
