The following letter was received from Cpl. Basil Robison, in appreciation of the many letters he has received from friends in Unionville: "Dear Friends: I am taking this opportunity to thank my many friends in Unionville for the many fine letters that I have been receiving from you. It is impossible for me to write to each of you for that would take a lot of time which I could not spare, so I hope this little note will express my appreciation to all of you for your letters. I have been receiving these letters since I came into the Army and I sure enjoy reading every one of them. For news from this home is a wonderful thing here in Louisiana and Texas and am now taking desert training here on the Yuma desert in Arizona. This is quite a place. There is nothing but level desert land as far as you can see, and nothing growing except a few cactus trees. I am a clerk in the Division Surgeon's office. I like this work very much and it is very interesting work. I was just promoted to a Corporal which I am very proud of. I have been in the service thirteen months and in this time I have seen a lot of the country. I will now send this little note to my many friends and I hope that this will serve its purpose of answering all of your letters. In closing I will say that it does all of our hearts good to receive these friendly letters from you and to know that our many friends are thinking of us and doing their part to make us boys in the service happy. It is a fine job you are doing and everyone of us appreciates it. 'Keep them rolling.' As ever, Cpl. Basil Robison."
