week or two would do those muscles you haven't used since last winter a world of good. You could earn enough to maintain your family during the vacation period, so financial excuses are out.  
If you're not a family man there's a special plan for you. A modern and attractive "labor camp" has been established at the Mt. Alto forestry school. There adult men may obtain room and board for \$12 a week.  
If any of you readers are interested in either plan, call the Emergency Farm Labor Offices, dial Bellefonte 2780, or better still, call at the offices on West High street where manager Ralph Dale will explain the proposition to you.  
To us it looks like a lot of fun.

**RELIEF RECIPIENTS CAN DO FARM LABOR**  
Relief recipients can do farm work for pay in the current food production crisis without necessarily reducing their assistance grants under a new plan of the State Public Assistance Department. Prior to the adoption of this policy income earned by the recipient was used to reduce the amount of assistance granted under the regular assistance allowance schedules.
