To The Voters of Centre County

We, as candidates for re-nomination as County Commissioners, feel that the voters of the county are entitled to an accounting of our stewardship to serve as a guide in the coming elections.

When we went into the Commissioners' office three and a half years ago the County and Institution District were saddled with a debt of \$382,992.72. Through economies in administration, that debt including the payments to be made this year for which funds have been provided, will be reduced to \$172,000.00 and the county is now on a strictly pay-as-you-go basis.

Involved in this record is the paying off of current bills of \$16,891.01 contracted by the former board of Commissioners and unpaid by them when they left office, as well as outstanding notes and other floating obligations of \$54,101.71 in the County Institution District.

We will have been able to reduce the Institution District's bonded debt from \$112,000 to \$52,000, and the county's bonded debt from \$200,000 to \$120,000, including the payment to be made this fall.

This year one mill was cut from the tax rate for county purposes and two mills were cut from the tax for the Institution District. This represents a total saving of approximately \$48,000 this year to the county's taxpayers.

We don't feel that it is unseemly or boastful to point out that to reduce taxes in the face of present conditions calls both for political courage and business ability.

The figures and facts we have given you above are matters of record. They are not the results of mathematical juggling or political word-twisting.

As a result of our experience learned from the sale of lands for taxes, we have concluded that, if re-nominated and re-elected, before any Commissioners' sale is held an effort will be made to ascertain who at the time of the proposed sale are the real owners of the properties returned for sale, and an effort will be made to send them personal notice of the delinquent tax and proposed sale.

This should be done, we feel, because the law as it appears in the statute does not protect anyone who becomes the owner of real estate after the assessment is made and the tax notice from the tax collector is issued.

The notice generally comes in the name of the former owner and there have been times when the new owner received no notice of the tax from the tax collector, and as a result it remained unpaid and later was returned as unpaid and became a property advertised for sale, both by the Treasurer's office and then later by the Commissioners.

We feel that there should be an amendment by the Legislature of the law on this subject but as stated above, an effort will be made to supplement the weakness of the law in this respect as it now appears upon the statute books.

This respectfully ask your consideration of our candidacy for re-nomination for County Commissioner on the Democratic ticket, on September 14.

Need Workers For Surgical Dressings

The surgical dressings unit of the Bellefonte Chapter American Red Cross needs more workers.

Our country is engaged in a terrible world war. Our boys are being sent to the front by the thousands every day. Many new hospitals are being built to care for the wounded. These hospitals need great quantities of surgical dressings. This accounts for our Chapter's monthly quota being so large. We are asked to complete 30,000 2x2 and 9,000 4x4 sponges by the last of August.

We all know that many hands make light work. Won't you make an effort to give a few hours of your time each week to a very worthwhile cause.

Our rooms on the second floor of the Masonic Temple are open every Monday and Wednesday evening from 6 to 10 o'clock, and every Tuesday and Thursday afternoon from 12 to 5 o'clock.

Come and bring your neighbors and you will have the consciousness of knowing that you are doing your part in the defense of your country. Mrs. Charles F. Mensch is chairman of the local unit.

KIWANIANS ENTERTAIN FOR LOCAL SELECTEES

Approximately 150 persons attended a dinner and entertainment given at the Bellefonte High School, Tuesday night, by the Bellefonte Kiwanis Club, in honor of the August quota of Selectees who will leave for New Cumberland, Saturday.

The dinner was served in the cafeteria by the Red Cross Canteen Corps. After the excellent baked ham dinner the group went to the auditorium for the remainder of the program.

Cecil A. Walker acted as master of ceremonies and led group singing, while the Legion Junior orchestra furnished music. Irvin Martin entertained with selections on the musical saw and Tony Menna, accordionist, was heard in several numbers. A brief address was given by Rev. Harry C. Stenger, Jr.

John Popson, Civilian Defense chairman, showed several reels of motion pictures after which Jay Robinson, Port Matilda ventriloquist, presented a program of entertainment. The evening's activities closed with the presentation of gifts from the Kiwanis Club to the Selectees, the presentation being made by Ralph Champagne.

Declares Curfew Laws Are Illegal

City Solicitor Edward M. Murphy of Erie, Monday opened a new controversy when he ruled the city could not enact a curfew ordinance affecting children, nor could it in any way govern the conduct of minors in an effort to halt a wave of juvenile delinquency.

"The county court," Murphy said, "is the only agency having the power of control over minors, according to an act of the Legislature in 1939." Many cities of Pennsylvania, including Bellefonte, already have curfew ordinances which make it mandatory for children to be off the streets at specific hours.

Maternity Aid Funds Accepted

Under the program, the federal government provides money for prenatal, maternity and post-natal care of a service man's wife. She may choose her own physician who is paid a fee ranging from \$35 to \$50, according to the plan which the state adopts. The hospital receives cost of hospitalization. Maybe, in time, some national organization will seek and honor the Americans who regards traffic regulations as rules to be obeyed.
