A few buckets of water extinguished the flames, which in a few minutes would have burned through the floor to the new pipe organ above. Democrats - Nominate Rudolph 'Rudy' Wettstein For SHERIFF

A man's past life is, perhaps, the best indication as to his probable course in the future. Rudy Wettstein as a young man lost both hands and most of both arms in a railroad accident. In subsequent years, through boundless determination not to become a public charge, he surmounted a seemingly hopeless handicap and has learned to live a normal, useful life.

Without hands or arms, "Rudy" can perform such feats as driving a truck, shoveling, writing, shaving, hunting, and most of the hundred-and-one other acts which most of us do without thinking. To a man in his position they are vast accomplishments.

A man with the ambition, courage, and determination "Rudy" has shown in making a success of life under conditions which would have caused most men to retire to a wheel chair surely deserves recognition. A man of his type should do well as a county official.

FOR TREASURER of CENTRE COUNTY SAM POORMAN

Next Tuesday, September 14, when Democrats go to the polls to select a candidate for County Treasurer, we should nominate Sam Poorman as our candidate.

He has never received one penny of taxpayers' money for any service to County, Borough, or Township. Yet, for 27 years he has served the people of Centre County as garageman, businessman, and sportsman. One of his employees has been with him for 21 years, another one 15 years.

Sam Poorman is a son of Sidney I. and Maria B. Poorman. Many of you have known him personally for years. Most of you he has been able to contact since his announcement the first week in April, but, due to wartime driving restrictions, some of you he has not been able to see personally.

Sam has this to say if elected to the office of County Treasurer: "I will personally see and look after the affairs of the taxpayers as they come before the County Treasurer, and my wide acquaintance with the people of the County and more than 27 years business experience would be an asset to that office."

His name is first on the ballot for Treasurer. Vote for him! He will appreciate it.

POORMAN FOR TREASURER COMMITTEE.

There Are No Issues in The Contest For Prothonotary!

Issues do not exist in the contest for the Office of Prothonotary. The duties of the Office are of a legal procedural nature and are statutory.

The Prothonotary is placed under a bond of \$17,500.00 for the faithful performance of the duties of that important office. It is his sworn duty to discharge faithfully all the duties imposed upon him by law. He must follow the letter of the law and the rules of the several Courts of Centre County and also the rules of the Supreme Court of Pennsylvania, which are just now undergoing drastic changes in order to effect uniform practice in all the Courts of the Commonwealth of Pennsylvania.

In the absence of issues an attempt is being made to create one. The Third Term: "There is no analogy whatsoever between the Office of the President of the United States and that of Prothonotary. The Third Term for a President was opposed (by a minority of the voters) because: "We believe that at a time when the traditional safeguards of democracy are falling everywhere it is particularly important to honor and preserve the American tradition against vesting the numerous powers of the Presidency in the hands of any man for three consecutive terms of office." That quotation is from the New York Times in the 1940 Presidential Campaign.

That more than two terms are favored for capable and efficient Prothonotaries is evidenced by the fact that in all but one of our five abutting counties they have elected their Prothonotaries for more than two terms. Clinton county elected its former Prothonotary for four successive terms and he had the Republican Party Nomination for a fifth term at the time of his decease. His successor is now a candidate for a third term.

Following is a list of counties in which the Prothonotary is now serving more than two terms: Blair, Cameron, Forest, Fulton, Greene, Huntingdon, Juniata, Mifflin, Montour, Northampton, Tioga, Union, Westmoreland and Wyoming.

The logic in retaining the services of an admittedly competent Prothonotary is sound. A change always disrupts the service unless, as is the case, in first class counties the First Deputy is required, by law, to be an Attorney.

Mr. White has always given his personal attention to the office of Prothonotary which he has held since the first Monday of January 1936. The action of the Prothonotaries of the sixty-seven counties of Pennsylvania in electing Mr. White, Vice-President and President of the Prothonotaries' and Clerks' of Court Association of Pennsylvania, attests to the fact that he is recognized throughout the entire state of Pennsylvania, by people who are thoroughly competent to appraise him on his merits as an outstanding Prothonotary.

With Centre County's elevation from 7th to 6th Class, the office of the Prothonotary ceases to be a fee office and becomes a salaried office. This change is very important from the viewpoint of the taxpayer, because the salary will be paid from public funds.

Mr. White is the only Prothonotary of Centre County who after paying the salaries of his office help, has ever paid any money into the County Treasury. The total already paid to the County exceeds \$6,000.00.

The following is from an article which appeared in the Philipsburg Daily Journal on July 30th, 1935: "While Mr. White has never held a County Office he has achieved state wide recognition as an efficient public official. For three and a quarter years he served as secretary of the Workmen's Compensation Board, an important labor post which won for him the good will of organized labor throughout the entire state of Pennsylvania."

There is no denying that organized labor plays an important part in the election today. The fact that Mr. White has the good will of organized labor will add strength to the Republican Ticket.

Mr. White is a mature and seasoned campaigner possessed with the vigor consistent with his age, 42 years, and will fight a hard clean fight at the November Election.

To keep the Prothonotary's office Republican, nominate the one who is qualified by experience to man it, Bond C. White.
